## PASSING OF TARIFF BILL BY LAFOLLETTE AND POINDEXTER DEMOCRATS ARE HIGHLY ELATED

Senate Gives Majority of Thirteen for Revision Measure, Two Louisiana Democrats Bolting on Free Sugar—Conferees From Both Houses Will Adjust Details Speedily.

WASHINGTON, Sept. 9.—(Can. Press.)—The Democratic tariff revision bill passed the senate at 4:43 o'clock this afternoon, amid a burst of applause that swept down from the crowded galleries and found its echo in the crowded floor of the senate. Its passage, by a vote of 44 to 37, was attended with surprises in the final moments of the voting, when Senator Lafollette, Republican, cast his vote with the Democrats, and was joined a few moments later by Senator Poindexter, Progressive.

The Democrats had counted through the long tariff fight on losing the votes of Senators Ransdell and Thornton of Louisiana. Democrats who voted against the bill today because it would put sugar on the free list. Until the names of Senators Lafollette and Poindexter were actually called, however, no one knew definitely the stand they would take, and their votes were greeted with enthusiastic applause.

Will Stimulate Business. President Wilson tonight expressed great gratification over the end of the long struggle in the senate. Senator Simmons, chairman of the finance committee who had piloted the bill thru the finance committee, the Democratic caucus and the senate, predicted that its passage would bring immediate stimulus to the business of the country.

As it passed the senate, the tariff bill represents an average reduction of more than four per cent. from the rates of the original bill that passed the house, and nearly 23 per cent. from the rates of existing law. In many important particulars the senate has changed the bill that passed the house, and a conference committee of the two houses will begin work Wednesday or Thursday to adjust these differences. ## ANTI-JAPANESE FEELING STRONG

Government of China Conciliatory, But Unable to Repress People—Consul's Messenger Assaulted.

PEKIN, Sept. 9.—(Can. Press.)—The Japanese consul at Nanking, today reported to the Japanese legation here another anti-Japanese incident at Nanking. As the consul's messenger carrying a small flag, designating his nationality, was traveling thru the city yesterday, he was assaulted by Chinese soldiers. They took from him the Japanese flag, and after tearing it up, trampled the pieces underfoot.

The situation in Nanking apparently does not alarm the Pekin Government. The Chinese officials, realizing the country's feebleness, expressed a willingness to accede, to any demands that Japan may make. The authorities, however, seem unable to prevent the prevailing anti-Japanese feeling from breaking out occasionally.

The hope of the Chinese, it is felt in foreign circles here, reposes largely in the preamble of the Anglo-Japanese alliance, government officials believing that Great Britain does not desire Japanese aggression. The Japanese legation here still is without instructions with regard to formulating demands to be made on the Chinese Government in reparation for the killing of several Japanese subjects in Nanking, recently, but it is expected they will be severe.

An Interesting Millinery Opening. The opening of Dineen's millinery parlors for the autumn season is announced for today. The Dineen selection of ladies' hats is always exclusive, and the styles for this season are exceptionally tasteful. The designs are adapted with the fashionable color yellow and black, employing such lustrous materials, as velvet, plush and fur. The small hat is still in vogue in soft and flexible shapes, with the brim sharply turned. An early visit to the Dineen Millinery Parlors will prove interesting to lady shoppers. The W. & D. Dineen Company, 140 Yonge street, have made their usual careful preparations for this event.

## Fire Wipes Out Village

NORTH BAY, Sept. 9.—(Can. Press.)—Dun Riviere, a small village on the C.P.R., sixty-seven miles east of North Bay, was practically wiped out this afternoon by a fire which started in the supply headquarters of the Hawkesbury Lumber Company, destroying warehouses and offices of that firm and spreading to residences. The adjoining hotel, owned by M. Cottenham, was destroyed. Also the postoffice, the residence of Postmaster Jardine, the C.P.R. station buildings and the residence of Agent J. R. Bowles. In all about a dozen buildings were burned, partly insured.

## PEOPLE'S CAUSE HAS TRIUMPHED

President Wilson So Declares, Following Success of Tariff Bill in Senate.

WASHINGTON, Sept. 9.—(Can. Press.)—President Wilson tonight issued the following statement:

"A fight for the people and for free business, which has lasted a long generation thru, has at last been won, handsomely and completely. A leadership and a steadfastness in counsel has been shown in both houses of which the Democratic party has every reason to be proud. There will be no weakness or confusion or drawing back, but a determined and unflinching command of circumstances. I am happy to have been connected with the government of the nation at a time when such things could happen, and to have worked in association with men who could do them. There is every reason to believe that currency reform will be carried thru with equal energy, directness and loyalty to the general interest. When that is done this session of the sixty-third congress will have passed into history with an unrivaled distinction. I want to express my special admiration for the devotion, intelligence and untiring work of Mr. Underwood and Mr. Simmons and the committees associated with them."

Commends Bolters' Courage. When the president was asked to comment on the votes of Senator Lafollette and Senator Poindexter, he expressed very warm admiration for their "conscientious independence and courage."

The president, while always confident that the Democratic majority would be kept intact to insure the passage of the bill by a safe margin, had been hoping for the votes of progressive Republicans. He told some of his friends tonight that aid of this kind outside the party ranks was one of the concrete evidences that the Democratic party was progressive.

## GIRL KILLED IN LEAP TO STREET

Mystery Surrounds Tragedy of Montreal Boarding House and Police Are Investigating.

MONTREAL, Sept. 9.—(Can. Press.)—An unidentified girl, apparently about 15 years of age, either fell or jumped from the fourth floor of a Notre Dame street boarding house late tonight, and was dashed to death. The police are holding Pierre Valade, 21 years of age, in whose room the girl is thought to have been, and are instituting a thorough investigation.

The girl was only partially dressed when picked up on the sidewalk, and blood stains upon her clothing suggested that she had been assaulted and was attempting to escape when she met her death.

## RACE TRACK MAN IS MURDERED AT OTTAWA

Body of Abe Rubenstein of Brooklyn, Employed as Bookmaker at Recent Meet, Found in Cellar of Empty Building—Was Missing Some Days.

OTTAWA, Sept. 9.—(Can. Press.)—The body of Abe Rubenstein of Brooklyn, N.Y., an employe of Nathan Shapiro, a bookmaker of St. Louis, Mo., was found in the cellar of a vacant building on Somerset street, late this afternoon, under a pile of coke, while nearby was a bloodstained trunk, in which the remains had evidently been taken to the place.

Rubenstein was last seen the night of Thursday, August 28, last, and his employers notified the Ottawa police the following day of his disappearance from his rooms and work at Connaught Park race meet. The body was badly decomposed, but that Rubenstein was murdered, the police have no doubt.

Have a Clue. The police are working on a strong clue obtained from a real estate man, who has the renting of the place. On Saturday, August 30, a man who gave no name, called at the real estate agent's, and obtained the keys of the building, saying he wanted to open a clothing store and was looking for a location. He was given the keys and retained them until the following Tuesday.

In the meantime, the police think the body of Rubenstein had been packed in the trunk, thus committing the murder awaiting an opportunity to dispose of it. Between Saturday and Tuesday following, the body is thought to have been taken to the place, which is a house recently remodeled into an apartment, with several stores on the ground floor. The discovery today came as the result of neighbors complaining of the stench.

Rubenstein's address was Lee avenue, Brooklyn, where he resided with his widowed mother and sister. No arrests had been made in the case up to a late hour tonight. The police are searching for the hackman who took the trunk containing the body, to the Somerset street house.

Money Missing. Rubenstein had about \$200 on his person when last seen, and it is probable that robbery was the motive for the crime, or that he may have been killed in an altercation. To the clerk in the Russell House, where he was last seen, he stated on Thursday night, August 28, that he had an engagement with a woman friend, whose residence had been found to have been next door the place where the body was found. This woman, Miss Ouzine Legault, when questioned by the police, stated that on the Tuesday morning following Rubenstein's disappearance, she heard knocking, and noticed a trunk at the bottom of the stairs. It later disappeared, and she did not think anything further of the matter, until the stench from the decomposing remains commenced, and the police found them today. Rubenstein had not kept the engagement with her, she said.

An autopsy will be performed on the body by Dr. Campbell Laidlaw, tomorrow.

## KING'S NAME TAKEN FROM TOAST LIST

Australian Laborite Mayor Declares Himself Republican Parliament May Act.

MELBOURNE, Sept. 9.—(C.A.P.)—Much political capital is being made out of the action of Labor member Webber, who, on becoming mayor of Richmond, withdrew the name of King George from the toast list of the first official dinner. Webber declared himself a convinced republican and defended his conduct in retaining office while holding anti-monarchical views. It is stated tonight that parliament is contemplating action. Liberal political associates are denouncing Webber as disloyal.

## ONTARIO'S MINES CONTINUE TO PRODUCE INCREASING WEALTH FOR THE PROVINCE

Large Increases Shown in the Gold Production During the Past Six Months—Cobalt is Holding Its Position, But Other Camps Are Creeping Into Prominence.

The mines of Ontario continue to yield their wealth in ever increasing quantities. The first six months of the present year show positive advances in several particulars according to the returns made to the Ontario Bureau of Mines. The gold output exceeds that of last year by nearly two million dollars in value, and pig iron has climbed up over a million increase. Silver on the other hand has dropped a little.

Table with 2 columns: Quantity, Value. Rows include Gold, Silver, Copper, Nickel, Iron ore, Pig iron, Cobalt ore, and Cobalt and nickel oxides.

Most of the gold came from Porcupine, the chief producers being the Hollinger and Dome mines, both of which have been steadily at work. The narrow veins in the rough Oakes camp are proving to contain rich ore. The most productive silver mines for the half-year were the Nipissing, Coniagas, Le Rose, Kerr Lake, McKinley-Barragh-Savage, Buffalo and Crown Reserve, all of which have held a leading place for years. Cobalt, Townsite, Casey Cobalt, and Seneca Superior are coming into prominence.

## BRANTFORD POLICE HOLD INDIAN WHILE SEARCHING FOR A CLUE TO FOUL MURDER OF SCHOOLBOY

To Protect Immigrant Girls.

MONTREAL, Sept. 9.—(Can. Press.)—A determined effort to stamp out the traffic in immigrant girls and their exploitation by employment bureaus is to be made by the Montreal presbytery. Headed by Rev. John Chisholm, who brought to the attention of the presbytery meeting today the unwholesome influences by which such girls are generally surrounded on arrival here and the manner in which they are often floored by employment bureaus, a strong committee of the presbytery was formed to investigate the entire question.

Charlie Dawson, Police Say, Inquired for Taylor at the Livery Stable on Monday Night, When Boy Was Last Seen Alive—Body Hacked in Terrible Manner.

BRANTFORD, Sept. 9.—(Special.)—In the arrest tonight of James Taylor, a local Indian, on a nominal charge of vagrancy, local police are hopeful that they have taken an important step toward solving the mystery of the death of Charlie Dawson, the 12-year-old boy whose body, terribly mutilated, was found in a ditch near Cainsville, four miles from the city, early this morning. Taylor was employed at the livery stable of Leslie Anguish, and the police state that the boy acquired for him between 8 and 9 o'clock last night. Whether he and the boy went out together or not has not been definitely ascertained, but it is known that Taylor secured a rig from the stable and went out. Taylor had not been questioned even as to his whereabouts at a late hour tonight and he did not even know for what he was being held. In the meantime High Constable Kerr and Detective Chapman were scouring the district for further clues as to the boy's movements last night. The arrest of Taylor is regarded, however, as a most important development in the case. Has Police Record. The boy had frequently visited the livery stable in question and knew Taylor well. He liked horses and was fond of going out with the men. Taylor, the man being held by the police, is regarded as a half-witted fellow. He has been in the police court many times in recent years on various charges. What is regarded as one of the strongest clues in connection with Taylor's arrest on a vagrancy charge is the finding by the police of brownish spots on his clothing. An analysis will be at once made to determine the nature of the spots. A strip taken from the belt worn by the boy finally established his identity as Charlie Dawson, son of John Dawson, teamster, employed by the T. E. Ryerson Co. A schoolmate

WINDSOR, Sept. 9.—(Can. Press.)—Shortly before 8 o'clock tonight, the body of a well-dressed woman was found hidden in a corn field, near Old Castle, eight miles from Windsor, with all indications pointing to murder. The woman, who was of medium height, and about 35 years old, evidently had been terribly beaten over the head with some blunt instrument. Her body bore evidences of a fierce struggle. Her hair was disarranged, her face a mass of cuts and bruises, while her clothes were torn to shreds. Coroner Brien of Essex, was notified, and will conduct the investigation.
