### LETTERS TO THE EDITOR

To The World Newspaper Company of Toronto Limited: NOTICE OF ACTION.

Made investment of \$200,000 in firm, but not all paid in.

The fact is that Mrs. H. Sowler be-

cate she subscribed \$5000, which was duly paid up as we are informed.

Subsequently this syndicate was incorporated into a joint stock company, known as "The Kingsbury Development Company, Limited," having its head office at Moose Jaw, which company took over the lands which were purchased by the syndicate from Mc-Cutcheon Brothers, and each of the members of the "syndicate received shares in the company equivalent to the amount originally subscribed by them in the syndicate of purchasing from McCu.cheon Bros., Limited, some Alberta lands, and she subscribed and paid in \$6000 to the syndicate.

Subsequently McCutcheon Brothers, Limited, conveyed certain lands situate in Calgary, in close proximity to the railway station, to C. G. Kidd, pending the formation of an incorporated company to take over the lands. This company has since been incorporated and Mrs. Sowler and the other members of the syndicate now hold these lands or the equivalent thereof in stock in the company.

McCutcheon Brothers have no knowledge of any other monetary transactions whatever with Mrs. Sowler and the above statement, made in your paper, that she had made an investment with them of \$200,000, is absolutely untrue and an apology is demanded therefor and damages clalmed, as it practically charges McCutcheon Brothers with a violation of the criminal code.

Editor World: I have been instructed to write you with reference to the following article, which appeared on page 5 of your paper on Monday, March 1, 1915:

Detectives Mitchell and Croome arrested three more chatelaine thieves Sunday, Frank Dissette, Frank Kelley and Jonn Smith, who: according to Mrs. O'Leary, 62 Bond street, snatched her purse from her in St. Michael's Cathedral. They got six dollars from Mrs. O'Leary's purse.

The facts of the case are that this offence took place in January, when

The facts of the case are that thic offence took place in January, when a full report appeared in the papers. The accused, namely Frank Kelley, Frank Barrett and John Smith. appeared before His Honor Judge Coatsworth on Friday, Feb. 26, when Kelley was sentenced, while Smith and Barrett were remanded to custody until March 3 to allow restitution to be made. On the latter date Smith and

Then I quit taking medicine altogether and tried dieting, but it made no difference, I was still an agonizing sufferer. Finally my husband urged me to try Dr. Williams' Pink Pills and got me a supply. After taking the Pills for some weeks I felt a little better and I gladly continued their use. My nerves began to feel stronger, the terrible headache came with less frequency, and after taking the Pills for some months disappeared altogether. From that day to this I have had no return of the trouble, and all who knew of my illness regarded my curses marvellous. I cannot say too much

Barrett were allowed off on suspended sentence as restitution had been made, and as they were led astray by the real instigator.

Now your article above referred to gives the impression that the boya committed another offence last Sunday, when as a matter of fact all throwere in custody on Sunday. Detective Croome had nothing to do with the case, notwithstanding your information. Detectives Mitchell and Cronyn handled the matter in January; both deny the veracity of your report. In fairness to young Smith and Barrett, for whom I acted at the trial, I request you to print this letter in as prominent a place as your report of March I. James F. Coughlin. "Mrs. H. Sowier, London England, who made an investment of \$200,000 with McCutcheons' has written to a firm of Toronto solicitors asking that they give her information relative to the position of the McCutcheons. The full \$200,000 has not been paid in."

McCutcheon Brothers claim that the statement in the above article that Mrs. H. Sowier, of London, England, made an investment of \$200,000 with them, is not in accordance with the fact.

Along with an equal number of the Somersets the "Little Deviis" went into the trenches under Captain Durand. Welsh was in the trenches about 18 hours before he was hit, and would likely have escaped injury had he not volunteered to try to finish a German sniper who was giving the soldiers a lot of trouble.

INTERESTING SPEECHES

Veteran Recalls His School Days in the Old Log

The 105th anniversary of the Richmond Hill public school was celebrated yesterday afternoon by the opening of the third school, which has been built in the viliage since the early part of the nineteenth century.

An interesting program was given, consisting of addresses by the members of the Richmond Hill board of education and the clergy of the district. Several choruses, including "Tipperary," were rendered by the scholars.

The building is a six-roomed brick structure, with the most modern systems of heating and ventilation.

An electric fire-alarm system and fire-proof boiler room are installed, and all the furnishings are up to date. George Cowie, chairman of the board of education, in his opening address, referred to the excellence of the work done by J. Innes, the architect, and William Graham, the contractor. Congratulory and reminiscent speeches were made by Rev. R. Herbison, Rev J. R. Alkenhead, Rev. Father Kelly, and the Rev. S. A. Lawrence.

Inspector C. W. Mulloy, in congratulating the members of the board, referred to the fact that many of the towns have two separate educational boards, one for the high school and one for the public school, whereas Richmond Hill has one for both high and public schools.

First Schoolmaster.

"The first schoolmaster was Benjamin Barnard, whose salary was \$50 a year, and for board Mr. Barnard was looked after three weeks at a time by the families in the section."

Originally Richmond Hill went by the name of Miles' Hill after one of the first settlers, Abner Miles. It was then changed to Mount Pleasant on account of its picturesque situation, and then on the suggestion of Schoolmaster Barnard, who ceme from Richmond, Surrey, England, it was again altered to Richmond Hill. Mr. Harrison s ated until 1821, when the first church was built in the neighborhood, the old log school was used for anything and everything public getherings, and religious services of all denominations.

Excellent Program.

Members of Mimico Lodge, A.F. and A.M., Paid Last Tribute of Respect.

The funeral of the late Andrew Anderson, aged \$2, of Burnhamthorpe road, Islington, held yesterday afternom, was very largely attended. The members of Mimico Lodge, A.F. and A. M., attended in a body, and the large number of residents who came from miles around testified to the esteem in which the late Mr Anderson was held by his neighbors. The pallbearers were Messrs. James Sabiston. D. L. Straight, J. D. Evans, F. Shaver and F. Reeves, and Rev. Mr. Applegath of Islington Methodist Church, conducted the funeral service.

"That the Hillcrest Ratepayers' Association is absolutely opposed to the raising of fares on the civic car lines."

This resolution, moved by W. J. Heavey and endorsed by representatives present from the Earlscourt and District Ratepayers' and St. Clair and Dufferin Associations, was carried at a meeting in Hillcrest school last night.

The suggestion of Commissioner Harrist that the civic car fares should be advanced, but someone else. The council should voik solidly against the proposed increase. "I will wager," said Mr. Munro. "that the majority of the aldermen know nothing of local conditions in the north western district of the city, and we should continue to protest against the movement until it is actually kilked."

Nothing to Justify it. Hugh J. Macdonald "could not find anything to support the intended increase. The line on St. Clair avenue is paying its running charges, but not the overhead expense. It was built not as an investment, but for the large number of people who were coming into the district during the boom time, thousands of people being without transportation. The city is wealthy enough," said Mr. Macdonald, "to walt until the lines are on a paying basis." The president of the Earlscourt and District Ratepayers' Association, John Walshe, was in full accord with the last speaker, and said "that if the fares were raised, over fifty per cent. of the Earlscourt and district residents would walk to the Toronto Street Railway as they did before the line was built."

W. J. Heavey said: "It is nothing short of a crime to bring the increase of fares on the civic lines forward. There is a nigger in the wood pile somewhere."

Danger Ahead.

"I am positive they want to kill."

a meeting of the Balmy Beach Con-servative Association in the Masonic Hall. Balsam avenue, by A. C. Pratt, M.L.A. for South Norfolk, and George S. Henry, M.L.A. for East York. Among those on the platform were Controller Foster, J. A. Macdonald, K.C.; A. H. Dunnett, president of the Norway Association, and D. D. Mc-Eadhren, president of the Borden As-

sociation.

Reviewing the events which led up to the war Mr. Pratt spoke of the connections of Germany with Turkey. He was of the opinion that one of Germany's ambitions was to hold sway in Turkey and so gain an entrance to India, judging by Germany's efforts to prevent any of the Balkan States getting part of Turkey following the recent war.

In conclusion Mr. Pratt spoke of the

In conclusion Mr. Pratt spoke of the dark days which must of necessity follow a war and urged each of the members to do his share towards providing for the dependents of those killed in the war.

Bilingual Question.

J. A. Macdonald, K.C., referred to the bilingual question as still being a serious menace to the Province of Ontario.

In connection with the boot investigation, which is proceeding at Ottawa, he stated that whatever the Liberal faction might say regarding military fairs they would find it impossible to unearth anything that would injure General Hughes in any way. He aid that the geriral was working night and day for the good of the army and the Deminion.

Controller Fester in a short talk on provincial topics, prophesied great things regarding the hydro radial policy of Sir Adam Beck and stated hat this would be followed by a publicly owned telephone system thruout the province.
