TREATING SYSTEM BANNED IN LONDON

Nearly Ten Million Persons Affected by New Regulations.

DRINKING IS CURTAILED

Consumption Will Be Lessened by About Fifty Per Cent.

LONDON, Oct. 11.—2.34 a.m.—The new anti-treating regulations in connection with the use and sale of alcoholic drinks go into effect in London and the surrounding district today.

It is the most radical and far-reaching effort for the curtailment of drinking yet tried, for it affects nearly 10,000,000 persons and violations of the regulation are punishable by a fine of \$500 and six months in prison.

The authorities have given notice that these penalties will be inflicted without mercy on offenders.

MAY CURTAIL HOURS.
The law will curtail the consumption of alcoholic liquors by 50 per cent, and unless it is effective it will be followed by an order curtailing the hours of sale. The report of a few days ago that an order already had been drafted for a curtailment of hours was "premature," according to officials, and there will be no such curtailment until the board of control has time to observe the effects of anti-treating.

All cafes, hotels, clubs and liquor dealers are compelled to exhibit prominently in their places a copy of the anti-treating ordinance, which says plainly that "each person must give his order and pay for his own drink."

The only exception to the rule is that drinks ordered with a full meal may be paid for by a host.

MURPHY UNCHANGED.
The condition of "Old" Murphy, who was seriously injured in the Argo-Tiger Rugby game on Saturday afternoon, is still unchanged. He is suffering from a severe concussion of the spine and slight lacerations of the head.

An enemy mine was exploded in front of our line on the morning of Oct. 8 while generals were inspecting the trenches. No damage was done.
