STATEMENT. BY PAISH Financial Authority Discusses Object of Mobilization Plans.

Half Billions.

U. S. CAN SPARE VAST

LONDON, Dec. 14.—Sir George Paish, one of the best-known English authorities on finance, said today in regard to the government's plan for mobilization of American securities:

"Practically speaking, Great Britain has to provide all the money needed to settle the American favorable trade balance. For 1915 the excess of exports will probably reach \$1,750,000,000, and after allowing for payment of interest, freights, etc., the balance in favor of the States will probably reach about \$400,000,000 will be set to Franco-British loan, and the balance of about \$500,000,000 by sales of securities.

of securities.

"In 1916 the balance in favor of the States, in view of the great quantities of goods already ordered, may not be far short of \$2,500,000,000, and after

ties of goods already ordered, may not be far short of \$2,500,000,000, and after allowing for in erest and other payments the net balance in favor of the States may be in the neighborhood of \$2,000,600,000. With such a prospect it was essential that Great Britain should mobilize her American securities and make necessary preparations for payment of so great a sum.

Chance for U. S. Investors.

"The plan of the British Chancellor is designed o provide all the money that will be needed, altho possibly the American people themselves in view of their desire to create a great international money market in the United States, will wish to invest money in British or French loans at the very atractive rates of interest which thoy will afford.

"The United States by reason of its vast exports, will enjoy a greater income than it ever had hitherto, and out of this great income will have great sums for investment, both in securities, which will be returned from Burope, and in verious new issues of securities—European, Canadian and South American—which may be offered to the American—which may be offered to the American—which may be offered to the American

McIntyre, Big Dome and Peterson Lake Led in Late Advance.

Altho there was considerable liquida-tion of mining shares on the Standard Stock Exchange all yesterday morning, helped by traders who wished to sell the market for a turn, there was almost a complete reversal of feeling in the after-noon. Under the lead of Mointyre, which was the bull leader, the whole list rallied,

see, are inclined to shade difficient to complete reversal of feeling in the aftired to shade for clearer definition of the market plans for disposing of surrities obtained by purchase. The whole softmer will come under the state of the st

 Supply. CHICAGO, Dec. 14.-Heavy profit-tak-

CHICAGO, Dec. 14.—Heavy profit-taking by longs, who asserted that the government crop report tomorrow was likely to prove bearish, wiped out the greater part of a lively advance scored today in the wheat market here. The close was heavy at a net gain of ½c to 1½c, with December at \$1.16½ and May at \$1.17½. Other final results were: Corn, unchanged to ½c off, oats unchanged to ¼c up and provisions unchanged to 40c higher, Realizing to prepare for the government report as to wheat included sales of 1,000,000 bushels for one bull trader alone. The setback was most apparent in the May option. December contracts remained comparatively firm, owing to fears that a strike in progress on the Chicago Belt Railroad might interfere with current deliveries, especially as the stock on hand in Chicago is small. At one time December showed an upturn of 3½c, as compared with yesterday's finish, but simultaneously other months were also substantially higher, owing to more or less of a decrease in the world's available supply total, and because of unconfirmed rumors of export sales of breadstuffs to Scandinavia, France and I aly.

It was contended that the bulk of the J. P. Bickell & Co., Standard Bank Building, Toronto, report the following fluctuations on the Chicago Board of Trade: I aly.

It was contended that the bulk of the wheat in Buffalo and afloat there—estimated at 25,000,000 bushels—had already been sold for export. There were advices, too, that hot winds were injuring the

MONTREAL GRAIN MARKET.

MONTREAL, Dec. 14.—Business in grain over the cable today was quieter, there being only a few orders in the market for Manitoba spring wheat, and in consequence the demand here from exporters was also somewhat limited. There was some demand from local buyers for Chi adian western oats, and extra No. 1 feed sold at 39c to 40c. Ontario and Quebec oats were quiet.
