Lord Strathcona the Power Behind Cut in Cable Rates

Believing Cohesion of the Empire Could Be Greatly Strengthened by Facilitating Transmission of News, He Successfully Negotiated for "Cut in Two" Rates.

LORD STRATHCONA Who shows true empire-building spirit by getting cable rates slashed.

PRIVATE CABLES LIKewise CUT

OTTAWA, Dec. 5.—(Special).—Important reductions in press cable rates are announced to-night in a long cable to Premier Borden from the Canadian High Commissioner in London.

This masterly government are in cordial sympathy regarding the easy communication of information of common interest as of prime importance in strengthening the cohesion of the empire.

Cut in Two. "I am glad to be able to announce that, in view of this fact, the three companies referred to have consented to accept press messages which are not of urgent character and which may be postponed for more urgent traffic, at one-half of the present rates."

New Zealand Tariff Low. "The tariff of the New Zealand Government is already very low and a further decrease is not asked."

Partially Filled. "I am in communication with the Commercial Cable Company also on this question, but I regret I have not yet been able to arrange for a similar reduction in cable rates to and from India and South Africa."

Week-End Letters. Lord Strathcona goes on to explain the new arrangement of the W. U. Telegraph Co. in regard to night and week-end letters.

DRASTIC TRAFFIC RULES PROPOSED

All Vehicles Must Stop Before Passing Standing Street Cars and All Must Carry Lights—Police Commission Busy.

With the hope of eliminating the number of accidents by vehicles, and especially motor cars, the police commissioners yesterday afternoon made several recommendations.

All vehicles must come to full stop before passing standing street cars. This rule has grown out of, not only the possibility of accidents, but also from the unceasing letters of angry citizens, telling of how they had to step into a puddle in preference to being struck by a passing vehicle and perhaps being splashed.

The second rule is that all passenger vehicles carry lamps at night. Until the present cabs and carriages have been privileged to travel thru the streets without light.

Some years ago it was customary for bicyclists to carry bells and an occasional one carried a lamp. Now it may become law to carry both bells and lamps.

Drivers and owners of motor cars and other vehicles must carry a license, which is subject to cancellation for violation of the regulations, and the age limit for male or female drivers will be 17 years, and the age must be proven on request.

All Drivers Must Be Licensed. Owners of motor cars have not been forced to carry a license as a driver, but chauffeurs have.

The police commissioners will ask for legislation to regulate the speed limit. The proposed traffic regulation matters will come before the city council at its next meeting.

The resignation of Inspector Wm. Davis of Court-st. station, was accepted. Mr. Davis has been in the police department for nearly thirty-five years, and was one of the highest standing men on the force.

Dr. Hastings, medical health officer, will be requested to inspect butcher shops before licenses are issued.

DENY ITALIANS ARE BARBAROUS

Four Newspaper Correspondents at Tripoli Defend Measures to Suppress Arabs.

NEW YORK, Dec. 5.—(Can. Press).—Il Giornale Italiano of this city has received a cablegram from Tripoli, that has a bearing on the allegations of Italian atrocities at that place.

The correspondents whose signatures follow witnessed the events in Tripoli from October 23 to October 30, and they affirm that the Italian soldiers have not been guilty of the atrocities they have been accused of by some newspapers; also that the executions ordered have been but the necessary repression of a pre-arranged revolt among the Arabs, who had previously submitted to the Italians.

FEAR FOR KING'S SAFETY.

LONDON, Dec. 5.—(Canadian Press).—Much anxiety is reflected in official circles in London to-night over the coming Durbar ceremonies. Before the King left England there were many people in whose opinion the King's visit to India did not seem advisable, owing to the many outrages which have occurred recently in that country.

DELHI, India, Dec. 5.—During a rehearsal of the King's state entry to-day, still another fire occurred. A large store on the banks of the River Jamma, filled with fireworks, was completely destroyed.

GOMPERS REJENTS ATTACK ON POLICY OF LEADERSHIP

"Unwarranted Impertinence," He Characterizes Strictures by District Attorney Miller—Industria: Peace Will Come When Employers Treat Labor as Labor Treats Capital.

NEW YORK, Dec. 5.—(Can. Press).—"I am glad a death sentence was not imposed. I am opposed to capital punishment under any circumstances. I think the sentences received by both men were appropriate to the crimes."

This was the comment of Samuel Gompers to-night when asked if he was satisfied with the punishment meted out to the McNamara brothers in Los Angeles to-day.

"All I can say to that is," replied Mr. Gompers, "that when employers treat labor as fairly as organized labor treats the employers, then there will be industrial peace."

Frank Morrison to-night added to his earlier statement in regard to the funds raised by the American Federation of Labor for the McNamara defense, by saying that in due time an itemized account would be published, showing where every dollar of the money went.

Failure of Bribery Plot Made McNamaras Throw Up Sponge

Judge Bordwell Denounces Attempt to Make Dynamite Heroes—Says Law Took Its Own Course and That Defence Lost Heart When Desperate Methods Failed.

LOS ANGELES, Dec. 5.—Judge Walter Bordwell issued a formal statement late to-day, giving his views as to the McNamara trial and especially what brought about its termination. The statement follows:

"In spite of indifference to everything in the McNamara cases, save the facts, and the law applicable thereto, I deem it due to the court and to this community that I should make a brief statement as to the circumstances terminating in the abrupt closes of these cases, together with sufficient comment to indicate my views as to such circumstances. This is done in the hope of correcting, if possible, some misconceptions due to erroneous publications, and particularly to an article which appeared in a local newspaper on the 2nd inst."

C. P. R. MEN HELD FOR FORGERY AND THEFT

J. J. Adamson, Local Advertising Manager, Arrested at Home Early This Morning—Burton A. Bennett and John A. McPherson Also in Cells.

Burton A. Bennett, formerly stenographer for the district passenger agent of the Canadian Pacific Railway Company at Toronto and John A. McPherson, formerly a clerk in the same office, and J. J. Adamson, advertising agent for the C.P.R., were arrested last night, the former charged with theft of \$1300 from the railway company and Bennett and McPherson and Bennett and Adamson are charged jointly with conspiracy and separately with forgery of vouchers.

The amount involved is said to be in the neighborhood of \$2000 and was stolen between April, 1910, and August, 1911. It was obtained by the falsification of customers' receipts for rebates upon the unused portions of tickets.

Another scheme said to have been employed was to have a customer sign his receipt in blank and then to pay him the small amount coming to him. When a request for a rebate for a large amount came in from another customer who had gone far west and decided to stay there, they put in his request in the name of him who had signed the blank receipt and received the money. They then proceeded to stand off the man at the distance, counting on his optimistic dreams of fortunes to be made in the great west.

Arrested at Home. Bennett was arrested at his home by Detectives Cronin and Mitchell, and McPherson in a downtown poolroom by Detectives Murray and Guthrie.

Both were interviewed by assistant Crown Attorney Bell, and Inspector of Detectives Duncan, at police headquarters, where they were kept till 2 o'clock this morning.

Mr. Bell refused to consider bail until the men appear in court this morning.

McPherson was discharged from the Company's employ in April last, when he admitted peculation, and Bennett was discovered and furnished a list of the thefts in August last.

Adamson, whose part in the affair was not known until the other two were arrested, is still in the company's employ. He was taken at his home by Detectives Murray and Guthrie at 1 o'clock this morning.

HOUSE ADJOURNS TO-MORROW.

OTTAWA, Dec. 5.—Premier Borden gave notice to-night of a resolution to adjourn for a Christmas adjournment from Dec. 7 to Jan. 16, and for extending the time for private bills to Feb. 15 without charge.

TO THE ALDERMEN

It should be pretty clear to the aldermen that the people are watching their antics in these closing days of the year. Their attitude to-day on the sham proposal to expropriate the street railway by arbitration will help to make some minds up. Every time the street railway makes a pass at the city the aldermen dodge. Can they not stand up for once and show that they feel they have the people behind them? This referendum on expropriation is a street railway game and the aldermen do not need to dodge. They should lay the scheme out flat.
