Lambton Expert Beat Fownes 3 and FAST SCORING BY WHITAKER 2, and Succumbed to Travis by 29 Runs in One Over and 114 Alto Same Score - Martin One Up in Morning and 4 Down in After-

CLEVELAND, July 11 .- To-day's match 29 runs, which consisted of 4 sixes in resulted in the elimination of all except eight contestants, four from eastern clubs and four from the west. There were many unexpected results, the chief of which, perhaps, was the defeat in the first round this morning of ex-National Champion H. Chandler Egan of Exmoor champion H. Chandler Egan of Exmoor by Ned Sawyer of the Wheaten, Ills. Club. present title holder of the western championship. Walter E. Egan of Exmoor, formerly western champion, was put out in the first round by H. W. Fraser of Toledo, who—barely qualified yesterday. George Ormiston was defeated by J. H. Childs of Allegheny. The afternoon play as a rule, resulted according to expectations. In this round, both of the Canadian golfers, Geo. S. Lyon of Toronto and Martin of Hamilton, went down to defeat, Walter J. Travis taking the measure of Lyon, and Ned Sawyer putting Martin out of the run-ning. Jerome D. Travers defeated S. J. Stickney of St. Louis in the morning and in the afternoon beat his metropolitan team mate, Fred Herreshoff of Garden City.

morning games were played in a high wind, the afternoon games most of the time in a deluge of rain, making ac-curate golf difficult. Some of the scores made to-day were remarkable. Ned Sawyer's performance in the morning against Chandler Egan and in the afternoon against Martin were of the highest order. To-night he is a decided possibility for the championship, but he meets Eben Byers, present titled bolder to marrow morning. but he meets Eben Byers, present fitted holder, to-morrow morning.

In the morning against Egan, Sawyer made the round in 78. This afternoon, playing thru the storm, he made a 74, the best medal score of to-day's play.

Travers also played splendid golf to-day. In his game with Herreshoff and this afternoon his score for the first nine holes was 27 and for the seven holes played on the inward journey was 28.

But the work of Travis attracted the most attention. He rather easily beat T. M. Sherman of Utica in the morning. In the afternoon 300 enthusiastic golfers braved the downrour and followed Travis prayed the downpour and followed Travis and Lyon around the course. They were well rewarded. Travis made a 38 going but and took 31 for the seven holes play-

Object?-Notes and Comments. That professional baseball is mos popular in Toronto no one can doubt That many citizens are unable to see the games at Diamond Park is another equally undisputable fact. The only ly wonder about the present agitation for Sunday baseball in Toronto is that it didn't come sooner. There is a petition now in circulation urging the government to amend the law in order that games may be played here on Sunday among those whose working

It would be interesting to see the conquerors of George S. Lyon and Fritz Martin at Cleveland perform over the Lambton golf course. Mr Lyon has paid numerous visits across the line to compete in the national tournament, and it would not only be fair, but in the interests of the sport if some of the Chicago golfers would come to the Lambton tournament in August. Mr. Tillinghast of Philadel who was at the tourney last year, is bringing over several golfers with him this season, and it is to be hoped more of our cousins will follow him example this year.

John D. Rockefeller was on the Cleveland links again Wednesday morning, following Travers and Chandler Egan for nine holes. When Egan ran down a 20 foot put at the sixth Rockefeller swung up his straw hat in enthusiasm, and in the tail end of the swing he caught a by-stander in the back. "Sorry, sir, but that was a noble put," said Rockefeller. "I love to see good putting and no matter what the newspaper men say, 125 yards are not the terested me, but I think Sawyer, the western champion, the best type of a golfer. Young, tall and lithe, and weighing about 140 pounds, he gets plenty of force into the shots and his dark hair and brown eyes reveal determination and dash." Rockefeller's tip, especially as Sawyer fell down in the round with an 82, did not carry much weight with the golfers who were trying to spot the ultimate winner.

Younger Men Combine to Supplement Efforts of the Veterans! Association.

"The Imperial Army and Navy title of Toronto's latest fraternal society, which was launched on its course last night at the S. O. F. Hall. The founders are former members of the imperial service and the mission of the society, which has yet to adopt a constitution, is to afford assistance in any necessary manner to retired or discharged nary and army men and reservists of both branches of the service, who alone are eligible for

membership. Capt. T. H. Drayton, who acted as chairman of the meeting, was elected as the first president of the new organization, and A. R. Bates, 111 River-
