

HAMILTON HAPPENINGS

COACHMAN SUICIDED
DRANK CARBOLIC ACID

Had Been Marooned Ever Since a Partial Stroke—G. T. R. Men Going Back

HAMILTON, Aug. 3.—(Special.)—After threatening several times to end his earthly troubles, Thomas Turner, a coachman for Wm. Vallance, this afternoon drank a bottle of carbolic acid in full view of his wife, and died in a few minutes afterwards. Turner had been more or less morose, ever since he received a partial stroke several months ago, and several times he told his wife that he was going to end it all. Upon arriving home at night he again repeated his threat to take his life, and told his wife that he was going down to the stable to get the stuff to do it with. He returned home about an hour later, and standing in the yard in the rear of his home, emptied the acid down his throat. His wife arrived on the scene just as he had finished it, and while he went in and laid down on a bed, she ran for Dr. McNicol. When the doctor arrived, the man was dead. Turner was 39 years of age, and for many years was coachman for the late William Hendrie. He was an Englishman, and in his younger days was a jockey, having ridden in both England and the United States. Mr. Hendrie brought him out from England, and up till two years ago he was retained by the Hendrie family. Since then he had been working for Mr. Vallance. He resided at 37 Dominion street, and is survived by a widow, two sons and one daughter. No inquest will be held. Although the local G.T.R. officials informed the striking trainmen to-day that they had received no instructions from headquarters to take them back, it was learned to-night that all of those who had been out to work that evening, the men registered for duty last night, but when they reported this morning for the purpose of taking the trains to-day they found them still in charge of strike breakers. During the day word was received from the officials of the railway at Montreal, that almost all of the strike breakers left the trains, and all the strikers who could be used were taken back to work. It is said the officials start on this morning. Some of the strike breakers were retained, as it is said the company made contracts with them for various terms of service, and some of the strikers got their runs back.

The annual games of the Hamilton Police Athletic Association were held this afternoon at Britannia Park, and Constable Perman Bramer of the local force again capped the honors. He took not only the championship of the local force, but also won the Canadian championship for the open event. Bramer was far beyond the reach of the next man, and his times of 1:10.2 for the 100 yards, 2:25.4 for the 200 yards, 4:58.4 for the 400 yards, 8:15.4 for the 800 yards, 15:15.4 for the 1,600 yards, 24:15.4 for the 3,200 yards, 38:15.4 for the 6,400 yards, 52:15.4 for the 12,800 yards, 1:05:15.4 for the 25,600 yards, 1:55:15.4 for the 51,200 yards, and 3:05:15.4 for the 102,400 yards. The local man had an aggregate of 34 points for both championships, while Holmes had only nine. Combs of Hamilton was third, with 8 points; Morin of Montreal was fourth with 6 points, and Capt. Landreault of Montreal was fifth with 4 points. The games were well attended, and the weather conditions were excellent.

To-night the annual banquet was held at the Waldorf Hotel. Chief Smith was toastmaster, and addresses were delivered by Mayor McLaughlin, Inspector Dickson of Toronto, Murdoch Macdonald of Toronto, D. M. Barton, Chief Slemin of Brantford, Sheriff McDonald of Brantford, Chief Gardner and Bailey, and a number of others. T. J. Stewart, M.P., was also present.

Mari Mitchell, the little girl who was believed yesterday to be suffering from hydrophobia, caused by a put cat scratching her, died at the city hospital this morning. The rabies theory was exploded by the doctors to-day. They said it started as a result of the mother, in her delirium, believing the noise made by the child in breathing resembled the bark of a dog. The cause of death was blood poisoning, resulting from an abscess in the throat.

The late George Vallance of the wholesale hardware firm of Wood, Vallance & Co., left an estate valued at \$185,448.75, all of which is left to his widow.

BUT FOR THE WOMEN

Ex-Premier of Spain Doubts Success of Religious Reform Movement.

MADRID, Aug. 3.—Field Marshal Lopez Dominguez, ex-premier, said to-day that he would support Premier Canalejas in his struggle for religious reforms, but he doubted the success of the movement, on account of the immense power of the clergy and their influence over the women, who, he declared, are compelled under the domination of their confessor.

The openness with which Premier Canalejas is conducting the campaign, said the field marshal, is one of the best features of the situation. He wants Spain and the world to know what he is doing. If he succeeds he will have rendered an immense service to Spain.

Ready for Trouble.

SAN SEBASTIAN, Aug. 3.—Twenty thousand soldiers are being quietly mobilized in this city to prevent any disturbances at the big Catholic demonstration planned for next Sunday. It is expected that at least 150,000 Catholics will take part in the protest against the government's action toward the Vatican.

Army Service Corps Band will play on Turbina on Friday night to Long Branch, leaving Bay-street 8:15 p.m. Tickets 25 cents. Do not miss this.

DR. CHASE'S OINTMENT

Established Clearing House.

LETHBRIDGE, Aug. 3.—(Special.)—City bank managers to-day established a clearing house association under the presidency of R. F. Reive of the Bank of Montreal.

BAKERS ASKED TO UNITE AGAINST "PERSECUTION"

Resolution Before Convention To-day Likely to Be Carried—Nickle Act Criticized.

That the bakers of Ontario are in a mood to put up a vigorous fight against the legislation establishing fixed weights for bread was abundantly manifest at the convention of the Canadian Bakers' Association, which opened in the Temple Building yesterday, with about 100 members from various parts of the province in attendance.

The issue was before the association only for a brief time yesterday, but to-day it will furnish the chief food for discussion. The matter will come up in the form of a report by a committee on a resolution by A. M. Carrick of Toronto, asking that the members pledge themselves to stand together and to back up any member "when persecuted by a local magistrate."

It is expected that this motion will carry unanimously.

The Nickle Act was the subject of strong comment by George Weston of Toronto, president of the association, as well as by Mr. Carrick. The points emphasized were that, in every other commodity there is no restriction as to the amount that may be sold and that the public at large would prefer to buy bread at a price which would allow the baker to purchase a much smaller loaf for five cents as they desired; that the McNaught Act, by providing that labels must be placed on the bread stamped with the maker's name, was sufficient protection to the public, and that the necessity for having three different prices for the same weight of bread complicated matters for the purchaser as well as the driver, by necessitating different tickets, and added to the bookkeeping difficulties.

Mr. Carrick declared that the legislation had its origin in local conditions in Kingston. The law said bakers could make small bread, and it was absurd that a magistrate should rule that the loaves must be separate. In Toronto a baker had been prosecuted for making 10-ounce bread, but in Galt a magistrate had upheld the legality of such a course.

The members enjoyed an outing at Scarborough Beach last night. They will conclude their convention this afternoon and to-night will have an excursion on the Turbina.

ARTISTYLE MUSIC.

A Method of Bringing Real Art into Every Canadian Home.

Those who have become familiar with the perforated music roll which accompanies a pneumatic piano-player have noticed running down the sheet a line of blue dots, which indicates, according to its position, the amount of tone required. If on the left of the roll, the music must be played softly; if on the right, very loud. The manufacturers of the Angelus have improved upon this method. The loud-soft indicator is now supplied for the Angelus in marked for every bar of the music, a simple code of six ticks in tone or tempo. This expert musicians who make this music exceptionally valuable.

Already scores of celebrated compositions, such as the Chopin Polonaise in G flat, the Brahms Capriccio in F sharp minor and the MacDowell Etude in F, are ready for the instrument.

The Angelus, which is the best of the pneumatic piano players, is controlled for Canada by Messrs. Gourlay, Winter & Leeming, who are installing it as an interior of their celebrated Canadian piano, the Gourlay. No musician should fail to see what artistic results can be achieved by the Gourlay-Angelus. At the crowded memorial service in May-street chapel, the lord mayor was present. The moderator of the Presbyterian Church of Ireland and several other eulogistic speeches were delivered. The procession was over a mile long, including 350 clergy of all denominations, and the cortege proceeded to the cemetery where the route to the cemetery was lined with sympathizers, despite the inclement rain.

A REMARKABLE TRIBUTE

Two Hundred and Fifty Clergy at a Funeral of Rev. Mr. McCaughan.

(Canadian Associated Press Cable.)

BELFAST, Aug. 3.—Rev. Wm. McCaughan's funeral was one of the most remarkable ever seen in Belfast. At the crowded memorial service in May-street chapel, the lord mayor was present. The moderator of the Presbyterian Church of Ireland and several other eulogistic speeches were delivered. The procession was over a mile long, including 350 clergy of all denominations, and the cortege proceeded to the cemetery where the route to the cemetery was lined with sympathizers, despite the inclement rain.

100 Years' Peace Association.

NIAGARA FALLS, Ont., Aug. 3.—(Special.)—Announcement was made to-day by temporary Chairman Geo. Emerson of the Hundred Years' Peace Association, that at the next meeting, in Toronto, application from historical societies in Niagara, New York, Boston and Detroit for membership would be taken up. The date of the Toronto meeting has not yet been settled.

Established Clearing House.

LETHBRIDGE, Aug. 3.—(Special.)—City bank managers to-day established a clearing house association under the presidency of R. F. Reive of the Bank of Montreal.

ROOSEVELT'S BUSY DAY

IN PENNA. COAL REGION

Some Think It's a Joke When He Tells Them Who He Is—Had Planned Trip For Long Time.

SCRANTON, Pa., Aug. 3.—To study living conditions among miners and mill operatives more particularly the phases of their social life, ex-President Theodore Roosevelt made a whirlwind automobile trip thru the anthracite regions and the mill districts hereabouts. He was a dinner guest at the home of Bishop Hoban, where he met a group of Catholic clergymen, John Mitchell, the labor leader; officials and prominent business and professional men of this city. He ended a strenuous day at the home of Father Curran at Wilkes-Barre.

The ex-president has long had it in mind to get a first-hand knowledge of the conditions among the workers in the coal fields and the mills. He has succeeded in getting a first-hand knowledge of the mixture of work and play in human life. The play element in his mind found largely wanting, owing chiefly to lack of opportunity for development and facility for amusement. He held receptions, formal and informal. He had to labor sometimes to convince skeptical miners that he really was the former president. One convinced that it was no joke, the miners took him to themselves joyously.

Mr. Roosevelt started out with the idea of having the trip as secret as possible. Yet his automobile hardly got a stop before the doors of the Hotel Jermyn here this morning when there was a throng of hundreds around it, with other hundreds on the run for blocks to get a sight of him. They cheered him, fought to touch his hand, his coat, and even the hands of his traveling companions. It was "Hey, you, Teddy!" "Hello, Mr. Roosevelt!" "Teddy!" So it went all the day, wherever he showed himself. The suspicion in the minds of miners, farmers and mill hands that he had been playing on them once dispelled, he was received with a familiarity and air of equality that pleased him immensely. "Teddy" was well and favorably known throughout Eastern Ontario.

RAMMED WOODEN STEAMER

Collision in Seattle Harbor—Nobody Injured.

SEATTLE, Wash., Aug. 3.—The steel steamer Chippewa, rammed the old wooden steamer Albion of Westport, north of the entrance to Seattle Harbor early to-day.

The Chippewa was returning to Seattle from Everett after carrying an excursion party to Vancouver, B.C., and back, and had no passengers. Ten passengers bound for Everett were aboard the Albion, but the maggot in the hull of the wooden vessel was pierced by the bow of the heavier steamer and the two were wedged tightly together.

The passengers on the Albion, which will likely be a total loss, were transferred to the Chippewa.

Reports indicate that the damage to the Chippewa is not serious. The Chippewa is a steel steamer of 995 tons. She was built at Toledo, Ohio, in 1900, and is owned by the Puget Sound Navigation Co.

Will Go to a Jury.

Reginald Cooper and Frank Logan, who figured in the drowning of Mabel Melrick and Emma Carlaw on June 17, appeared in police court yesterday, charged with criminal negligence. W. H. Anderson, who acted as the witness with Magistrate Denison that the case should go to a jury. Investigation will be heard on the 8th. Crown Attorney Coyne said that the summons against the ferry captain, Joyce, was a mistake. He will be a witness.

Two New Industries.

ST. CATHARINES, Aug. 3.—The large stone building at Merrittion recently purchased from the Canadian Colored Cotton Co. by the Canadian Haircloth Company has been sold to a syndicate which will establish a rubber factory to employ 300 men. The factory will be outside of the present rubber merger. The haircloth factory will remain in the city, but will buy an adjoining factory and double its present capacity. The Merrittion mill cost the rubber company \$70,000.

Tablet to Former Pastor.

BELLEVEILLE, Aug. 3.—Mrs. Col. Lazier of this city has placed a beautiful brass tablet in St. Andrew's Church out of respect to the memory of her late Mr. MacLean, pastor of that church for 31 years.

One Carrier Aground.

AMHERSTBURG, Aug. 3.—The steamer D. G. Kerr, a 600-ton tug, which ran aground on the west bank of the limekiln crossing early this morning. She is looking badly, and will have to be lightered. The tug Goulden and the lighter Favorite have gone to her assistance.

Engaged in New York, Abandoned in Kingston.

KINGSTON, Aug. 3.—(Special.)—Joseph Clapper of New York had Paul Waggoner, representing the Independent Truck Co. of Toronto, arrested here this afternoon, as he was leaving for Utica, N.Y. Waggoner engaged Clapper in New York as his assistant, and was leaving him stranded in this city. The police have been informed that the two men gave worthless checks in New York and Kingston, and have been protested. Clapper is being held here there should be Toronto developments in connection with the case.

Explosion Result of Carelessness.

ST. PETERSBURG, Aug. 3.—The Russian admiralty to-day ordered a rigid investigation into the torpedo boat explosion at Kronstadt yesterday, in which six sailors were killed and nearly a score injured. It is hinted that the explosion resulted from carelessness on the part of the crew.

Appointed Science Master.

KINGSTON, Aug. 3.—(Special.)—H. Henry M.A., a graduate of Queen's University, has been appointed assistant science master in collegiate institute.

FIFTY SMALLPOX CASES

IN CITY OF BRANTFORD

Hospital Filled to Capacity and Many Cases Quarantined at Home.

BRANTFORD, Aug. 3.—(Special.)—Brantford health authorities are asking the city council to take stringent action here in connection with the smallpox outbreak. There are at present fifty known cases, and the doctors are expecting the number to be considerably increased. An entire family of six was removed from Green-street yesterday, and the outbreak seems to be feared in Eagle Place, the heart of the factory district. The smallpox hospital is filled to capacity and many cases are quarantined at home.

Thus far the city council has refused to order a general vaccination, and the health board are threatening to take matters into their own hands. The school boards have been notified to have every child vaccinated before school opens in September.

Persons just in from the west were of a mild type, and were even diagnosed as chicken pox, but recent cases have been of a pronounced type, and with cold weather it is feared the disease would become violent. The city is asking the county to join in seeking a large and well-appointed hospital.

NEW TRUST COMPANY OFFICER

W. S. Morden of Belleville Joins Trusts & Guarantee Company.

Owing to increasing business, the Trusts and Guarantee Company has appointed W. S. Morden, barrister, of Belleville, assistant general manager of the company. Mr. Morden will assume his position on Sept. 1. Mr. Morden brings to the performance of his duties a sound legal education, broadened by a general practice of many years in Belleville. Under the rearrangement of the company's staff, Mr. Stockdale becomes manager of the Ontario branch north of the city, and Mr. Morden's connection with the company will tend to further increase its volume of business. He is well and favorably known throughout Eastern Ontario.

Tuckett's

Out-of-the-Ordinary Cigarettes

The delicious flavor and pleasing aroma of Tuckett's "Club" Cigarettes have placed them in a class by themselves as regards satisfying qualities and true merits. Only the purest and finest tobacco, of most superior growth, is used in these cigarettes, and so blended as to give perfect satisfaction and delight to the most fastidious smoker.

Not an ordinary cigarette by any means!

15c. a Package of Ten.

HOW ONTARIO VEGETABLE CROPS ARE PROGRESSING

Tomatoes Generally Promise Well, But Potatoes Are Not Making a Very Good Showing.

The crop reports received by the Ontario Vegetable Growers' Association for the central district of Ontario, comprising branches in Oshawa, Toronto, Berlin and Brantford, report prospects for early tomato crops with no disease at present. Early potatoes are very poor, and the late crop medium. Potatoes just in time to save the bulbs being small and drying off. Celery reports show the crop to be rather late, but the crop is generally looking good and no blight as yet so far. The acreage in cabbage and cauliflower is slightly larger than last year, but the crop is rather backward on account of drought. The corn and bean crops are good and free from disease.

The southern division, with branches at Oshawa, Tecumseh, Dunnville and Hamilton, report the condition of the tomato crop fairly good. Tecumseh growing about 100 acres less than last year. Early potatoes are much damaged by dry weather. The onion acreage is about the same as last year, but is suffering from drought. Celery reports show the crop to be somewhat less than last year, but the crop is rather late, but the crop is generally looking good and no blight as yet so far. The acreage in cabbage and cauliflower is slightly larger than last year, but the crop is rather backward on account of drought. The corn and bean crops are good and free from disease.

The western division, with branches at St. Catharines, St. Thomas, Stratford and London, reports prospects for tomato crop as good. Early potatoes poor and late ones fair. The onion crop is fair, but the crop is rather backward on account of drought. Celery reports show the crop to be somewhat less than last year, but the crop is rather late, but the crop is generally looking good and no blight as yet so far. The acreage in cabbage and cauliflower is slightly larger than last year, but the crop is rather backward on account of drought. The corn and bean crops are good and free from disease.

The eastern division, with branches at Ottawa, Kingston, Belleville and Picton, reports tomatoes to be about fair. The onion crop is fair, but the crop is rather backward on account of drought. Celery reports show the crop to be somewhat less than last year, but the crop is rather late, but the crop is generally looking good and no blight as yet so far. The acreage in cabbage and cauliflower is slightly larger than last year, but the crop is rather backward on account of drought. The corn and bean crops are good and free from disease.

OPPOSITION TO POWER COMPANY

ST. CATHARINES, Aug. 3.—The bylaw granting a franchise to the Ontario Power Company to pole the streets and distribute and sell electric energy thruout the city will not come into effect for a while. John S. Campbell, president of the Citizens' Association, has written to the council protesting on account of grave irregularities in the vote, and threatening to ask for an injunction and investigation into the whole vote if the measure is finally passed. It is believed that the Cataract Company is behind the opposition to the bylaw.

Betrayed by Marked Coins.

Dominick O. Heran, in the police court yesterday, wasn't sure where he got some marked nickels, found in his pocket by Detective Murray. Magistrate Ellis gave him twenty days in which to brush up his memory. The case was placed as evidence against the till of the Sanderson-Pearcy Co., but Heran thought he got them as change in a cigar store. No witness was forthcoming, so he had his think all to himself.

Aged Equestrian Killed.

LOCKHAVEN, Pa., Aug. 3.—S. R. Peale, former state senator, and one of the most prominent men in this section of the state, died last night as a result of injuries received when his horse fell upon him yesterday. Although 80 years old, Mr. Peale's custom to take a daily horseback ride.

Explosion Result of Carelessness.

ST. PETERSBURG, Aug. 3.—The Russian admiralty to-day ordered a rigid investigation into the torpedo boat explosion at Kronstadt yesterday, in which six sailors were killed and nearly a score injured. It is hinted that the explosion resulted from carelessness on the part of the crew.

Appointed Science Master.

KINGSTON, Aug. 3.—(Special.)—H. Henry M.A., a graduate of Queen's University, has been appointed assistant science master in collegiate institute.

DEATH NOT DUE TO BLOW

Coroner's Jury Render Verdict in the Bourke Case.

That George Matthews came to his death by natural causes was the verdict of Coroner G. G. Rowe's jury last evening.

Matthews died in the Toronto General Hospital on the 27th of July, a fortnight after he had been knocked unconscious by James Bourke of North Bay in the course of an altercation over a money matter.

At the inquest last evening Crown Attorney Baird appeared on behalf of the crown, M. J. O'Connor, K.C., for Bourke, and Dr. Rowe presided.

Dr. G. Silverthorn deposed that in the autopsy he and Dr. A. J. Harrington had found a very serious inflammation of the kidneys, and an abscess of some days' duration. The inflammation appeared to date for several months back, and the doctors had little doubt that death was directly due to this cause. Matthews was in the state of head or brain to indicate that he had died from the effect of a blow.

Edward James Bourke, merchant of North Bay, was then called. He had known Matthews only about two weeks before the quarrel. Matthews had been in his employ, but that in the work, and they had a dispute which had arisen over some outside work which the former had undertaken. Bourke had paid for a supply of some days' duration. Matthews used and Higgins, Ergott Lilliputians, The Chas. Ahearn Troupe, William Perry, The Kinestogran, Six Musical Outfits.

STRIKE ENDED

Orillia Old Boys' Annual Excursion to Orillia, Saturday, August 6th. Train leaves Union Station at 7:30 a.m. Returns 7:40 a.m. Tickets: adults, \$1.15; children, 50c. Tickets good returning on all trains up to last train Monday night.
