

PRITCHETT TELLS STORY OF ELECTION TREACHERY

Implicates O'Gorman - Counsel for the Defence Attacks the Credibility of Witnesses.

Many witnesses from London took the box at the London conspiracy trial yesterday and testified that the money to help Hyman win at the 1906 election was plentiful. Their evidence is just a repetition of what came out in the police court enquiry.

The evidence of Sifton, one of the defendants, who turned King's evidence, is looked for to supply the link which will connect Reid with the conspiracy. It is expected he will take the box today.

At the afternoon session Alfred Gottlieb told of being promised \$10 for his vote for Hyman. He reported it to the Conservative party, and was advised to take the oath and vote for Gray.

Mr. Johnston asked many questions to discredit the various witnesses who swore falsely, but Gottlieb stuck to his story, that he did not think he was doing anything wrong when he took the oath.

John H. Andrews, a voter in the Hyman-Gray election, told of being approached for his vote for Hon. C. S. Hyman. He was promised \$10 if he voted right, and after the election received \$5.50 as his fee for voting Hyman.

Enoch Fowler and Edgar Clarke, both voters in the 1906 by-election, told of receiving money for their votes. Both were closely cross-examined by Mr. Johnston as to the date and election in which they received the money.

William Barrett, John Redmond, John Welmer, David Howe, and Charles White, all citizens of London, gave the same evidence as in the police court, as to the sale of their votes to Jerry Collins for \$10 consideration. Some were paid at Collins' hotel, some at Tom Lewis' hotel.

In nearly every instance Mr. Johnston tried to show that the character of men who would sell their votes was not to be depended upon. Some of the witnesses, examined by the counsel for the defence, admitted that they could not remember the particular election and were not sure whether the money they got was for a provincial or a Dominion contest.

At the morning session Mr. Johnston went at Pritchett, self-confessed ballot-switcher and manipulator of spoiled ballots, with hands on. Some of the instances Pritchett contradicted his story of Monday and told at the police court.

Mr. Staunton accused Mr. Johnston of trying to make political capital out of the case. The counsel for the defence denied this, and said that the case had been made out by the crown at the lower court. Mr. Staunton said he was not responsible for what took place in the police court.

Pritchett's evidence incriminated Lewis and O'Gorman. To Mr. Johnston Pritchett confessed that he had gone under an assumed name often, and that he did not know why there was a warrant out for his arrest. He admitted perjury and forgery in his work, which was not for money but for the party.

Cross-examined with regard to the meeting witness said he had had with O'Gorman and Smith in the West End House, Toronto. Pritchett said there was no agreement as to bribery or other corrupt methods. Slippage of the only discussed. He suggested that it would be cheaper to switch than that it would be. Pritchett said that in each constituency he had a new agreement to operate with O'Gorman.

Witness admitted signing a paper as Marshall E. Johnson in West Elgin, declaring that he had regularly performed the duties of a deputy, but he had not thought of it as forgery. In 1900 he had made an affidavit while in Detroit, at the request of "some parties from St. Thomas and Hamilton." "Was Mr. Barker there?" asked Mr. Johnston.

"Yes," replied witness, and then Mr. Johnston registered his objection to the defence trying to make political capital out of the evidence. Pritchett said he had made the affidavit because he wanted to return home under the promise that no proceedings would be taken. This he had been promised by Mr. Barker or a Mr. Fleming.

Mr. Johnston quoted from Pritchett's evidence in the police court to that effect, but witness insisted that he did not say so. Asked whether he took the oath of secrecy at West Elgin, witness said he did not think so. Johnston, "Your evidence is that you would have taken the necessary oaths in West Elgin, which you knew were false. You obtained your position of deputy for fraudulent purposes by using a false name. In law you admit that you committed the offence of forgery by willfully and fraudulently using another man's name to papers that were wrong. You admit that you endeavored to instruct those people to swear what was false and to avoid the penalty of swearing. You admit that you were criminally engaged as a conspirator with O'Gorman in deceiving the electorate. You admit that where you find necessity for using a name not altogether your own, you use it. What do you say to all that - guilty or not guilty?"

"Guilty," said Pritchett. "And you come here now and want us to believe you?" "Yes."

Money Talks. Mr. Johnston then questioned the witness about his buying a \$4500 house in London when he came back after the trip to Detroit.

"I thought you were broke then?" said Mr. Johnston. "I bought that out of my own hard earnings. You would pretty near swear to anything for money?" "Money talks with most of us. I guess you wouldn't object to a little," said Pritchett.

"Are you swearing the truth now?" "Yes." "With the same kind of conscience as you had in West Elgin?" "I probably tried to overcome it there. Many questions were asked about the

witness' work in West Huron and South Ontario, which he reiterated as in the police court. At one time Pritchett swore that he had nothing to do with the defendant Reid in the case.

W. Trudell, who voted in the by-election in June, 1905, told of receiving \$10 from Mulloy. George McCoy told the same story.

Pritchett said in North Hastings he instructed two deputies, and a man named Harriet was to pay them. Now the witness contradicted his evidence given in the police court, that James Vance, Liberal organizer, brought them to him. He had promised them jobs.

"If there was any arrangement at all it was to deal with each individual election." "Yes." "There was nothing planned for the whole province?" "No."

ARCHBISHOP'S POLICY NOT AFFECT KINGSTON

Engaged Couples of Different Religious Faiths Have Been Reassured - Limestone City News.

KINGSTON, Nov. 19. (Special.) - At the council meeting last night it was ordered that there be a registration in the engineer's office of all applying for work with a view to getting work for them.

In regard to the policy Archbishop Bruchet prohibiting a Catholic marrying a Protestant under pain of excommunication it was learned at the Roman Catholic Palace here to-day that it would not affect this diocese for the present at least.

This position will greatly ease the local situation as the daughter of Hon. Wm. Hart is to be married to a Protestant to-morrow and there are at least three prominent Methodists who are to marry Catholics in the near future.

At the annual meeting of the Poor Relief Association yesterday a protest was voted against the importation of immigration families just before and during the winter season. The majority of which they are quite unprepared, and also against the lack of discrimination which has been shown in encouraging the immigration of the physically and morally unfit.

LAND IMMIGRANTS AT ST. JOHN C. P. R. and Allan Lines Have Made an Arrangement.

ST. JOHN, N.B., Nov. 19. (Special.) - The plan arranged by the C.P.R. and Allan Lines of landing all second-class and steerage passengers here, will materially swell immigration figures at this port. Both companies intend to bring passengers right to St. John, instead of landing them at Halifax, as formerly.

Medical and baggage officials will meet the approaching season of immigration by checking and examining on the way around. As a result the L.C.R. will lose \$2 on each passenger who comes here direct instead of getting off at Halifax.

BOYS BUILT A FIRE On the Barn Floor, and Barn Burned Down.

ST. THOMAS, Nov. 19. (Special.) - The barns of George Goodhue, Port Stanley, were burned to-day. The boys built a bonfire of hay and the barn floor.

Stanley fishermen are having the biggest harvest in years, and will take in 400 tons, valued at \$40,000.

CANADIAN PACIFIC PEOPLE CLAIM GROSS ABUSES

Weakness in Grain Act is That Farmers Do Not Recognize Rights of the Railroad Co.

WINNIPEG, Nov. 19. - The practical working under the present conditions of the clauses of the Dominion Grain Act regulating the distribution of cars was frankly discussed yesterday by William Whyte, second vice-president of the C.P.R. Mr. Whyte claimed that abuses of the act were seriously hampering the railway in its efforts to protect the crop expeditiously, and were, in reality, defeating the main purposes of the law.

The great weakness of the Dominion Grain Act, said Mr. Whyte, "is that its framers had evidently been so strongly seized with the idea of protecting grain growers against the railway companies and elevator operators, that they evidently overlooked the rights of the latter to be protected against the abuse of privileges by grain growers."

Among complaints which the company makes are the following: Only 50 per cent. of the cars available for grain are loaded per day. Some cars are held by farmers for six days before being loaded. Owing to delays 160 cars are needed where 100 would do two years ago.

Many bogus applications for cars are put in, a jury of innocent citizens could not be secured to try the guilty. Farmers order cars before they are ready to load them and then throw in one bag in order to say they have "started loading."

Some farmers have cars supplied to them ten or twelve days before they are ready to load, and the railway has no redress. That even school children are put on the list in ordering cars.

SALOONS MUST SETTLE COLUMBUS, Nov. 19. - The state supreme court to-day held valid the Alken law, imposing a tax of \$1000 on saloons in the state.

All the acts of the last session of the legislature, whose validity were questioned by the illness of Gov. Patton, are incidentally upheld by the decision.

Radium a Sure Death Test. PARIS, Nov. 19. - A new death test, which absolutely precludes the possibility of burial alive, has been discovered at the Carbolite Hospital in this city. Experiments have shown that radiographs of bodies taken even a few minutes after death reveal clearly the outline of all the organs, whereas if the radiographs are taken during life the organs are not revealed.

CABINET TALKED OVER SENATE VACANCIES

No Decision Was Arrived at and Appointments of Senators and Judges Wait.

OTTAWA, Nov. 19. (Special.) - At the cabinet meeting this afternoon it was expected that the senate vacancies would be filled, and that the Alberta judges would be appointed. The senate matters were discussed, no decision was arrived at. The only two candidates for the senate, as stated in a former dispatch, are Hon. N. A. Belcourt, M.P., and Archbishop Campbell, M.P. The other Ontario vacancy lies between John Charlton and W. S. Calvert, M.P.

The rumor was circulation to-day that R. G. MacPherson, M.P. for Vancouver, would be appointed warden of the penitentiary at New Westminster, B.C., but the position which Mr. MacPherson is anxious for is the postmaster-ship of Vancouver.

CAMPBELL-BANNERMAN WILL GO ABROAD Distinguished Physician Says He Must Take Needed Rest.

LONDON, Nov. 19. - Sir Thomas Barlow, physician to King Edward's household, made a lengthy examination of the premier, Sir Henry Campbell-Bannerman, at Downing-street to-day, and an official announcement was subsequently issued to the effect that the patient's

PETERBORO, Nov. 19. - A former Peterboro resident, now living in China, has sent The Examiner the following story, in which the inhuman acts of a monster are depicted.

By the abdication recently of the mad King of Annam, Indo-China is rid of a monster whose crimes outside in horror the worst excesses of the Emperor Nero. King Thanh-Tai is a slim young man of twenty-eight, with physique and features to please China. He would be considered good looking but for the vacant expression of his eyes and hanging lower lip. As a monarch he had nothing to do with the affairs of the State of Annam, which is a French protectorate. He merely acted as the puppet of the French.

Undoubtedly he is a criminal lunatic. During the monarchy he was seized with periodical fits of frenzy when he ordered, apparently without reason, his friends and ministers to be tortured and killed. Appalling stories are told of his cruelties. He killed one of his wives, had the body cooked, and served it to the king. He ordered that his mandarins to arrange a fight between a tigress and her cubs and a man. The tigress refused, and the king shot him, afterwards despatching the tigress. He then had the two cubs brought into the grounds and a combing of the hair of a woman thrown to them and devoured alive.

In August of last year this inhuman monster, compelled by several of his wives for some trifling offence that they had committed, ordered them to be put to death. Wishing to get at the cause of the trouble, he ordered that they be tortured in a manner too awful to mention. This was done in his presence, and he watched the agonies of the last agonies with the greatest delight. A day or two later in a fit of passion he ordered the execution of a man, who was the president of the council of the royal family. A few years ago he was afflicted with a malignant disease, and he was ordered to be put to death. He was ordered to be put to death, and he was ordered to be put to death.

COL. MATHESON RETURNS. Attended an Important Conference at Columbus.

Col. Matheson returned yesterday afternoon from a brief and pleasant visit to Columbus, Ohio, and to the beautiful City of Washington, D.C. At Columbus he attended on the 12th to the 15th a very important meeting of the National Tax Association.

About 200 prominent Americans were present, including Governor Gilday, who recently defeated M. C. Whitney, of 105,000; Governor Dawson of West Virginia, Gov. Harris of Ohio, Gov. Crawford of South Dakota; Judge Stratton and the chief tax commissioners of New York City, and a large number of professors of economics from the different universities of the United States.

Forty different papers on the inheritance tax, municipal and state taxation, etc., all of which will be published, were read, and a variety of resolutions in regard to these and corresponding topics were adopted. The majority of the convention decided against a federal inheritance tax, holding that it should be entirely reserved for state purposes, and that the same estate should not be taxed in this tax in two states.

While Col. Matheson was in Washington on Sunday last the splendid new union station, which cost \$4,000,000, with terminals, which cost an additional \$10,000,000, were without display or formality of any kind opened to traffic.

G.T.R. APPEALS TO OTTAWA RE TELEGRAPHERS' WAGES

Want Arbitration Board - Yardmen Get Increase - T. & N. O. Telegraphers.

The G. T. R. have asked the labor department at Ottawa to appoint a board of arbitration to enquire into the merits of the request of the company's telegraphers for an increase in pay. The negotiations between the company and the men were broken off on Saturday.

The men are holding out for extra pay for Sunday work, a thing that is granted by every large system in Canada except the Grand Trunk, and for a general increase of about 20 per cent. in the wage schedule.

The G. T. R. yardmen have been successful in securing a 12 per cent. increase in pay, taking effect from Nov. 1. The average yardman now receives \$55 per month, and the yard conductor in the neighborhood of \$75 per month. They will now receive, under the change, general brakemen \$70, and the yard conductor \$85. This change will affect between 500 and 600 men on the entire system. This will affect between 30 and 100 men in Toronto terminals.

It is expected the demands of the engineers, firemen and telegraphers of the T. & N. O. R. will be satisfied. The board of arbitration, composed of Prof. Adam Shortt, Wallace Nesbitt, K.C., and Mr. Campbell, have almost concluded their work and an award may be expected shortly.

FIREMAN CHOSE PALL BEARERS TEN YEARS AGO Pathetic Feature in Connection With Funeral Services of James Downey of Detroit.

DETROIT, Nov. 19. - Following services this morning at 9 o'clock in St. Vincent's Church, the remains of Fireman James Downey were escorted by his comrades to Mount Elliott Cemetery and tenderly lowered into his grave.

A pathetic feature in connection with the funeral is the fact that Downey selected his own pallbearers ten years ago.

At that time he was badly injured in a trial jump into a life net, and, for a time, indeed, Downey was so certain that he was near death that he dictated the names of the fellow-firemen whom he wished to carry his body when the end came.

But he recovered and, until his wife was accidentally crushed on Saturday by a fire department truck, the little slip of paper had been hidden away in a drawer. Then Mrs. Downey searched for and found it, and it is these same men who bore the remains to-day.

COAL HIGH AT GRAND RAPIDS. GRAND RAPIDS, Mich., Nov. 19. - The price of coal has gone up in this city to \$2.25 per ton, and consumers are complaining. Complaints began to be made to the aldermen. It is expected that at the next meeting of the council the prosecutor will be asked to investigate, and probably will ask for a grand jury to break up the combine. The price of wood is now \$4 a cord.

Several coal dealers were recently arrested, charged with selling short weight coal.

S. O. S. CONCERT. Massey Hall Craved and the Program Enjoyed to the Full.

The annual concert given under the auspices of the ten city camps of the Sons of Scotland have all been very successful in every respect, but last evening's concert in Massey Hall is considered by far the most successful of the thirteen. Some 3500 people were present. The profits are divided pro rata among the ten camps, and are applied to the camp sick and benefit fund.

It is quite unnecessary to state that Camp Piper Wright in his selection of Scotch airs had an enthusiastic reception. The dances by the Jeffrey sisters and Gilroy brothers were remarkably well executed, and the soprano, Mary McLeod and Jane Duff who fairly divided the honors of the evening, were the recipients of handsome bouquets of roses. J. M. Hamilton, tenor, was equally successful. The Heather Mae Quartet made a decided hit. "Scots Wha' Hiel" given in a highland costume, was a most rousing number, sung with Scotch enthusiasm and spirit. "The Acid House," their second number, displayed their almost perfect blend of tone and ensemble.

On the platform, amongst others, were S. Mearns, grand chieftain, and chairman, Alex. Harvey, vice chairman; J. M. Laing, secretary, and Wm. Henderson, treasurer.

PROMOTERS OF SMELTER TO CONFER IN FEW DAYS D. D. Mann Will Go to New York to Discuss Moose Mountain Project With J. W. Gates.

The plans for financing the project of establishing an iron smelter in Ashbridge's marsh will, it is expected, be advanced within a few days.

John W. Gates, a former president of the Illinois Steel Co., and a prominent financier, who is one of the syndicate formed to develop Moose Mountain, has returned from Europe, and it is expected that D. D. Mann will confer with him in New York during the week.

It is understood that the present stringency in money is serving as a temporary check to the promotion of the scheme, which will, it has been said, involve \$20,000,000 to \$30,000,000.

COSTLY FIRE AT MEAFORD. Seaman Kent Company's Factory Totally Destroyed.

MEAFORD, Ont., Nov. 19. - The factory of the Seaman Kent Co., manufacturers of hardwood flooring, was totally destroyed by fire here this morning.

The night watchman discovered the fire at about 6.30 a.m., and before he could reach the fire alarm the engine had arrived. It contained a large quantity of dry lumber in process of manufacture, was a mass of flames.

The loss cannot be fully estimated, as both dry kilns were full of valuable lumber, which is likely to be a total loss. The shipping room and contents and lumber in the yards were saved. Loss fully covered by insurance.
