### CAPTURED BY ENEMY

When About to Be Executed, French Artillery Fire Saved Her.

Special Cable to The Toronto World.  
Paris, Feb. 19.—A instance to celebrate the heroism of French womanhood, and the particularly heroic action of a young girl of 21 years of age, has been heard at the Sorbonne. This girl, Marcelle Semmer, was decorated with the Croix de Guerre and the Legion of Honor.

During the retreat in August, 1914, after the French had crossed the Somme and its canal, pursued by the enemy, Marcelle Semmer had the presence of mind to open the sluice gates in order to prevent the Germans from crossing the canal. This act of heroism was carried out under the fire of the Germans, who fired on her and on French troops. As a result, the enemy troops were held up until the following morning.

Saved from Execution.  
Remaining in the village, the girl was able to pick up and to hide underground the exhausted French soldiers, whom she helped to escape in civilian clothes. Having been caught by the enemy in the act of feeding a French soldier hidden in a bunker, she was condemned to death. When questioned she replied: "I am an orphan, and have but one mother, France. Do with me what you will."

She was on the point of being executed when a rifle from the French artillery disconcerted the Germans. She then hid in an underground vault, and was saved the next day when the village was retaken by the French. While serving as a guide to a patrol she was again taken prisoner, but after being shut up in a church she escaped in the night thru a shell hole and rejoined the French lines.

### EAST DURHAM LODGE APPLAUDS SIR SAM

County Orangemen Pass Resolution as Record of Unqualified Approval of His Acts.

Special to The Toronto World.  
Millbrook, Feb. 19.—At the annual meeting of the county Orange lodge of East Durham it was moved by Mr. Geo. McCartney, seconded by Mr. Jas. Paul and resolved "that the members of this county lodge desire to place on record our unqualified approval of the acts of our friend and brother, the Hon. Sir Sam Hughes. Born in our county, he has added lustre to this old Dominion by the exercise of his great abilities. He was the only man who could enlist, arm and equip an army of 32,000 men and land them on the shores of England in two months. The same untiring energy and devotion to duty have made our beloved land the envy and admiration of the world. We regret that owing to the lack of loyal support due him he was forced to resign as minister of militia, but it is with a great amount of satisfaction that we find his great talents, assistance and advice are still at the disposal of the militia department. We hope he may be long spared to his country, and pledge him our unqualified support."

### BRITISH SHARPLY RAP BAVARIAN COMMAND

Allied Lines Now Overlook Miramont at Several Points.

New York, Feb. 19.—A News Agency despatch published here today follows:  
With the British armies ahead, Feb. 19.—The German army of Crown Prince Rupprecht has received several sharp raps on the flanks during the last 36 hours. Following Saturday's engagement at dawn in the Miramont region, the British have advanced further—and this despite fog, a thawing of the frozen ground and resultant seas of mud.  
Officers are quite satisfied with the result, they asserted today.  
The British lines now overlook Miramont at several points. A violent counter-attack by the Germans north of the Ancre yesterday at noon was bloodily repulsed.  
North of Amiens the British raiders penetrated 200 yards into the German second line trenches, killing 60 men. Many dugouts were cleaned out by bombs.

## Weak From Birth

Harriston (Ont.) Child Saved by Dr. Cassell's Tablets.

MR. CORBY, HARRISTON P.O., ONT., writes: "Just a few lines in praise of Dr. Cassell's Tablets. Our little girl was weak from birth, and though we tried doctor's medicine and other things she got no better. She just lay in her cot and cried, and neighbours all said we could not save her. Then I read about Dr. Cassell's Tablets. I said to my wife, 'while there's life there's hope'; we will try these Tablets. We did, and from the first box we could see a change in the child. She seemed to rest more comfortably, and went well at night. We kept on giving Dr. Cassell's Tablets till she was 15 months old."
