

PROF. R. L. MULVENEY'S World Famous Tape Worm Exterminator

Saving People's Lives in All Parts of the World, While the Professor Sits in His Office, Where You Are Invited to Call, at 167 Dundas Street, and Be Convinced of This Fact. The Indisputable Evidence to Be Seen, the Result of What His Remedy Has Done for Suffering Humanity. Removes All Doubt. It Would Be Wise to Save This for Future Reference.

MANY CHILDREN'S LIVES SAVED BY PROF. R. L. MULVENEY'S WORLD FAMOUS REMEDY.

How People Feel When Letters From Satisfied Customers They Have Tape Worm

Tape worm is bred from a parasite, this parasite is a creature male and female, four and six suckers. It lays its eggs, which are connected together with a body, which is the worm, and it is an individual, having a sucker at each end. The worm grows to be much larger than the body, where it is located, and sometimes a whole colony of worms are found, enough to fill a quart of water, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy the parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm and remains there to breed another. It is an internal demon and its victim to suffer all the symptoms of disease imaginable. The cleverest of physicians are led to believe that the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, consumption of the bowels, consumption of the lungs, chronic dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of the bowels, appendicitis and other complaints, when one or more of these internal demons were eating their lives away.

Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite, as well as expelling the worm, with one dose of medicine, without any previous starvation. Visit his office, where he has in his possession the most wonderful collection of these deadly monsters in the world, which have been expelled from hundreds of people by his famous remedy. Some bottles containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that are aware of the fact. The letters and testimonials the Professor has in his possession are so convincing as to be alarming fact. Some of the most prominent symptoms are: "Ravenous appetite," "constant headache," "changes in the bowels," "a feeling of something moving in the bowels," "also feeling of something crawling up the throat." The only certainty of having one of these systems is when worms are found in the stool, which are flat and from three-quarters of an inch to one inch long, and have often been mistaken for pin worms by those who do not know the difference. Many other feelings of distress, which would take too long to enumerate, are caused by these internal demons. Constipations have very little distress.

MOTHER'S FRIEND FOR SICK CHILDREN

Expels Stomach and Pin-Worms, But Is Not for Tapeworms.

This valuable medicine expels Stomach and Pin-Worms. It is not only valuable as a worm medicine, but is an excellent remedy for all cases of indigestion, flatulence, Stomach, Liver and Kidneys, and has stopped some of the worst cases of colic in the East. Many children have been brought away from a shadow have been brought back to life, and many mothers have been made happy. Good for Coughs and Colds; also for all cases of sickness among children. This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little girl eleven years old, who had been treated for over four years, without any marked improvement. In fact, she got worse all the time. The mother, who was a nurse, and a physician in attendance, and they finally agreed that she was a puzzle. They were unable to find out what was the matter. Her father being opposed to an operation, she called and got a bottle of Mother's Friend. He told me his little girl was in almost a hopeless condition; that she was a puzzle to the physicians in attendance, and her body was wasted away to skin and bones; she was a beautiful, patient child, with a lovely disposition; to make a long story short, Mother's Friend took away the enlarged condition of the stomach, built her up, so she was able to go to school, which was, of course, a surprise to everyone in the neighborhood, and her mother and father made happy.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was a very sick child, and she was a pitiable looking thing. This case was beyond all reasonable hope of recovery. I thought, "Well, your faith is great if you ever expect this child to get well. She purchased a bottle of Mother's Friend, and took it home, used it, and the little one was relieved of some of the worst of her troubles. She was about three weeks later when this lady brought the little one to my office. She was after the manner of a healthy child for her own children and another for one of her neighbors who had recommended it to her. I did not recognize the lady or the child until she told me of the circumstances. She said: "Do you remember me bringing a baby in my arms, all skin and bones? This is her. Isn't she fine, healthy child now? One would have believed it. Worms were the trouble. She got rid of scores of worms. Now you can see for yourself what a fine, healthy child she is. Just look at the rosy cheeks."

About a couple of nights a lady called with a bottle of Mother's Friend. She said her little boy had been taking fits for 24 hours and the doctor had given him up with brain fever. She had asked a lady friend to call in and look at him, and she pronounced him to have worms. She remembered him to the Mother's Friend, and she said she had used it, and the first time he went to sleep, and next morning was relieved of a lot of stomach trouble. The little fellow has had no fits since, and is healthy and well.

Prof. Mulveney's World Famous Tape Worm Exterminator is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated essence of these herbs tones up the stomach, regulates the liver, acts on the kidneys, and it contains a harmless worm destroyer, or that is sure death to worms, and can be used with perfect safety.

B'Well is not a tapeworm exterminator, and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

It does not contain poison in any form, or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, helps digestion and keeps the bowels regular, expels all gases from the system, and takes away the bad feeling around the heart and fearful feeling from the head, depressed spirits and melancholy simply vanish, and a cheerful spirit takes their place. B'Well is a blessing to those that feel life is a burden, to them, that are downhearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health, and as the poison is carried out of the system, nature restores itself, and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epileptic Fits have been restored by its use. Don't ask me if it cures this, that and the other disease, it is different from most medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply advertising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common-sense must surely tell you that men and women who have been nervous wrecks, with hollow cheeks and sunken brows, have become plump, healthy and cheerful from its use, and I can only say what it has done for others. It will surely do for you. Young men and women who are covered with pimples and a sickening light to look at, are now free from them from its use. Men, women and children who had eating ulcers and running sores have been healed, and what it has done for them it is likely to do for you.

Box 21, Durham, Ont.
Dear Sir: I have tried one package of your "Mother's Friend" for my little girl, and I found it has helped her a lot. She doesn't seem to have the dizzy spells, or fits, whatever they were, nearly so much, and she sleeps better, so I want you to send me one package of "B'Well". I am going to try that, as I thought it might help her head, and will enclose \$1.25, for which you can send me one package. Yours truly,
