Preliminary Moves Today to Determine Value of Railway Systems.

Montreal, Sept. 19.—(By Canadian Press.)—Early tomorrow morning the preliminary moves for the inspection of the physical properties of the Grand Trunk and Grand Trunk Pacific Railways by the board of arbitration will take place. The inspection will begin with an examination of the Bonaventure street station here. This will be done between nine and ten, and at 10.30 the arbitrators with experts and counsel will leave by a special train for an extended tour of the whole system. This will take from a month to six weeks. The train will go to Toronto and thence to Chicago, then on to Winnipeg, where the party will transfer to the Grand Trunk Pacific and go direct to Prince Rupert with such stops as may be necessary to carry on the work of arbitration. From Prince Rupert the whole party will return east.

Cassels at Head.
The party will be headed by Sir Walter Cassels, chairman of the board of arbitration, with W. H. Taft, ex-president of the United States, and Sir Thomas White, ex-minister of finance. They will be accompanied by Howard G. Kelley, president of the Grand Trunk system; Hon. F. H. Phippen, a number of other railway officials and experts, both legal and technical.

It is expected that arbitration proceedings will open at Ottawa early in November, as soon as the details obtained during the inspection can be collated.

MORE SUCCESSES GAINED BY POLES

Enemy Is Driven Across the Stripa and Resistance Broken.

Warsaw, Sept. 19.—The official communication issued by the Polish war office Saturday says: "Our detachments have driven the enemy across the Stripa and have broken his resistance. They are approaching Szerszyn, after the capture of Zloczow, Biala, Kamien and Olesko, and the occupation of the Stry and Stockhold rivers. Our pursuit of the enemy's forces is being continued. It has been observed that the Lithuanians are reinforcing their troops, which proves that their declarations of peaceful designs are lacking in sincerity."

TWO JUVENILES ARRESTED ON SHOPBREAKING CHARGE

The confectionery store of Miké Pusasse, 2291 West St. Clair avenue, was entered some time between 10 a.m. and 5 p.m. on Sunday by thieves, who stole \$25 in cash and 150 packets of cigarettes. At 7.30 last night, two juveniles were arrested on Annette street by P.C. Parker, charged with shopbreaking. Parker, who was patrolling his beat on Annette street, noticed two young lads, about 12 years of age, smoking cigarettes. He approached the two and commenced to question them. Upon answering to give satisfactory answers to his questions, he placed them under arrest and took them to the station. When searched, 20 packets of cigarettes and a number of coppers were found in their possession.

IS MACSWINEY RECEIVING FOOD?

Paragraph in Sunday Times Causes Much Comment in London.

London, Sept. 19.—Considerable talk was occasioned today by a paragraph appearing in The Sunday Times, under the heading, "Who Is Feeding Mr. MacSwiney?" It says: "Everybody is asking who is feeding him. There is no doubt at all that the government is not giving him food, or any of the prison officials. It is suggested that his visitors, priests and relatives are giving him sufficient food to keep him alive." Pointing out that Mr. MacSwiney and the Cork hunger strikers have virtually equalled Dr. Tanner's forty days' fast, the paper asks how the first 12 men to be found—Mayor MacSwiney and the eleven in Cork—when they tried to go without food could equal Dr. Tanner's record, which excited the wonder of the world.

In reply to this, Art O'Brien of the Irish Seafarers' Determination League said: "No nourishment or food of any kind is being given to the lord mayor." Mr. MacSwiney on Monday will send a message on behalf of himself and the hunger strikers in Cork jail to the prisoners throughout the world, thanking them for their sympathy and prayers, according to The Daily Mail.

The fast of Dr. Henry S. Tanner which lasted forty days, was carried out under the supervision of a New York medical college in the summer of 1880. Dr. Tanner had previously abstained from food for periods of many days, one of his efforts, unofficially reported, covering a period of 42 days. It was the doubt expressed regarding this achievement that impelled him to undergo his world-famous 40-days fast. He was then 49 years old, and he lived to be 87.

Citizen of U. S.
Cork, Sept. 19.—The Rev. T. Carroll of Greenagh called at the Cork jail this evening, and notified the governor of the jail that Joseph Kenny, one of the hunger strikers, is a citizen of the United States. He said that Kenny, who was arrested on suspicion of being an Irish republican soldier, had lived for many years in Montana, and that he was the father of seven children.

Harold Barry, former high sheriff of Cork, today telegraphed the archbishop of Canterbury asking the archbishop to intervene with the premier on behalf of the hunger strikers, on the ground that they now had fasted the forty days and forty nights."

CLUB CANADIEN HONORS MEIGHEN

Montreal, Sept. 19.—The Right Hon. Arthur Meighen, prime minister of Canada, has been elected honorary president of the Club Canadien, an exclusive French-Canadian social club, of this city. Premier Meighen has written a letter in French praising his appreciation of the honor conferred upon him.

Hon. L. Taschereau, premier of Quebec, has been elected an honorary member of the Club Canadien.

STEALS AUTO RUGS

Frank Ward, who gives his address as 360 College street, was arrested about midnight last night by Detective Bill Ward on a charge of theft of auto rugs from the latter's car. Detective Ward left his auto outside of the General Hospital and when he returned to it he was just in time to see a man making off with his rugs in his arms. He gave chase but upon catching up to the man the latter had disappeared. A fistie contest followed. Detective Ward, however, soon proved the better man of the two in this respect, and safely took his man to the station.

LABOR PARTY

When further information regarding the sending of his postcard warnings of the street disaster reached Toronto on the thirteenth, his answer to the great deal of sympathy with him was desired, and they had to force hands. Those who had been sympathetic felt that they had reached the limit. A general strike there would be serious. The secretary of the people's party was convinced. Labor, however, had some extent, and the party was in length. It was a very tolerant one, and men had been allowed to make speeches in Hyde Park, which would be allowed here. And many of these speeches were made by men who should be responsible.

SAYS THE BRITISH CINCINNATI GETS CANADIAN WHEAT

High Prices Prevail — Much Surprise as to Further Shipments.

Cincinnati, Ohio, Sept. 19.—(Special.)—The leading feature of the central states grain market during the past week was the arrival for the first time in this section of Canadian wheat yesterday, according to an official report made public here today. One car of the Canadian wheat, which was a 60 lbs. white sold at \$2.65 and another car of 60 lbs. white and 40 lbs. red and 48 per cent white, or 13 per cent moisture, sold at the same price.

The good milling demand for top grades and active demand for damaged wheat by elevators together with the arrival of the Canadian wheat, gave the cash grain market a decidedly bullish position during the latter part of the week.

The arrival of the Canadian wheat caused much speculation through the country and a number of inquiries were made to ascertain the likelihood of further shipments from the same Canadian sources. As the central states grain market has lately been much disturbed by the reports of a falling-off in shipments of this section, receipts recently had been moderate, and prices realized had been moderate, and as a result higher premiums were asked and realized for Nos. 1 and 2 lower cash prices for corn followed the generally lower prices for wheat.

EDWIN P. FISCHER LEAVES HAMILTON

Canadian Authorities Waive Jurisdiction — Subpoena in New York.

Hamilton, Sept. 19.—Edwin P. Fischer, of New York city, who was apprehended here on Friday as a result of his predictions and postcard warnings relative to the New York disaster of the city, left for New York last evening in company with Detective O'Hara and Mr. Coy, of the New York detective department, following negotiations between T. R. Sloan, who was retained to look after Mr. Fischer's interests, representatives of the Canadian authorities, and the New York State department of justice.

As a result of yesterday's negotiations, and Mr. Sloan's efforts on his behalf, Fischer left Canada and was expected to arrive in New York city this morning. He was accompanied on his journey by the detectives. But just what action may be taken on his arrival there could not be ascertained. Following his release from the city jail, no charges can be laid against him until his arrival in New York, and up to the present time only a subpoena for his appearance at the trial had been issued in New York.

TRIED TO GIVE WARNING

Fearing for the lives of his neighbors, the elder Veitch, to seriously sound off, made his way to the nearest telephone and gave the alarm. Meanwhile the murderer went on his way, and forced his way into a bedroom and shot Ritchie and his wife in the head. Leaving the two dying, he ran to Snyder home. Snyder answered his summons and a fight ensued. He was treated into the door. Snyder stumbled back to his bedroom, followed by the murderer, who shot him in the chest, the victim dying almost immediately in the arms of his neighbors. Snyder pleaded with the murderer for mercy for his wife, but she was dead. Making his way back to his home, he found his wife dead. He went to the barn, putting a bullet through his head.

Riga, Latvia, Sept. 19.—(By the Associated Press.)—After a two-hour conference yesterday afternoon between M. Dombski, head of the Polish peace mission, and Adolph Joffe, chief of the Russian soviet delegation, the opinion was expressed to the Associated Press by Mr. Lados, secretary of the Polish mission, that there was little chance of a cessation of the Russo-Polish fighting until preliminary peace terms are agreed upon. An agreement at the conference, which will endeavor to reach an agreement on armistice terms, and formulate a treaty of peace between Poland and soviet Russia, will be controlled largely by the military situation, according to views expressed here.

SCHOOL TEACHER'S LIFE IS SAVED

"School teacher — parents dead — brought here on stretcher — good progress; hope for full recovery."

Such was the meagre record of a patient at the Muskoka Free Hospital, but how full of deep significance. "I was so frightened," confessed the girl, her blue eyes reflecting the light overhead, as she lay beneath the pines up there in the hospital. "I didn't know what to do. I had no money and, oh! I was so horribly alone."

He died, but by his death he is speaking to all," read Rev. Mr. Cameron from Hebrews, 11th chapter and 4th verse. "These notable words become more refined as memory gathers inspiration from the past to the service of the present."

Even the poor, who had no heritage from the past, went to defend it. It was a high road that men chose," said Mr. Cameron. "I mingled with them in this country, in England and in France to know, men became big with the doing of big things. They all by their faith truth are speaking to us still."

"Do the dead speak?" the speaker asked. "Yes, they do. I do not know any special spiritual telephone to get into touch with their spirits, but I do not doubt they are speaking to us. Every library in the world is a whispering gallery where he who has ears to hear can hear the voices of the dead."

The service was marked by the reading of the names of the fallen. The list of the names of the fallen was read, with the names of the fallen. The service was marked by the reading of the names of the fallen.

ATTACK ON HYDRO OVER LABOR POLICY

(Continued From Page 5). The report of the committee had been given to the public in the daily press within twenty-four hours of its completion.

Mr. Macbride explained that he was not bringing in a minority report by stating that it was only true that he had been able to win three of the other four members of the committee to bring in a report favoring the principle of an eight-hour day.

A bitter attack on Sir Adam Beck was made by John Bruce of Toronto, who declared that there was something subtle behind his action in the matter, although he had always been an organized laborer. He was of the opinion that the Hydro-Electric Commission has misjudged how far the workers are getting from under the responsibility, and intimated that sooner Sir Adam got out the better for many things about the Hydro project that needed investigating.
