BASEBALL NOTES. Hugh Jennings band of Tiger slugers certainly boosted their stock averages last week. When Detroit starts hitting nothing will stop the champions. Leebard, the big twirler of the Tigers' lead staff, had the Detroit batters baffled for a few minutes in a game at Cleveland last week. After Sam Crawford had fouled off nine balls the Tigers protested to Umpire Evans that the Nap pitcher was using sand on every new ball. Evans inspected and forced Liebhard to take the glove. He discovered the sand and also a little resin.

The following, which appeared in an exchange, indicates that the former Red Sox player is showing the form that made him the sensation of the American League during his early stay with the Athletics. "Knight, the Baltimore shortstop, is one of the best infielders in the league. He is over six feet tall and extremely fast. He covers a wide range of territory and snags the ball over to first as easily from deep short as from the base line."

Cobb, Crawford and Roseman have regained their new batting eyes and seem to be able to hit pretty near anything that right-handers can hand up to them. The pitchers are going good, now, for the first time this year, and Jennings has his regular club intact for the first time in several weeks.

The St. Louis papers are sending out queries seeking the opinion of Eastern writers as to the chances of the Browns winning the American League pennant. Reading between the lines the message is something like this: "If you think they will win, send 200, if not, fifty words will suffice."

BOXING GOSSIP. Walter Jennings of New Haven and Joe Gardner of Boston, whoever he is, will meet at a private club at Ridgfield July 13.

Bert Keros, the New York lightweight has cancelled his trip to the Pacific coast, and instead will stay in New York and take on matches.

There is still talk about a Hugo Kelly Stanley Ketchell match at Milwaukee, and figure on staging a bout between the two some time in September.

Arthur Cote is boxing in his old form again. Cote has several matches in view that will keep him busy for some time.

HARRY LEWIS UNK RUSSELL MATCHED. Harry Lewis, the world's welterweight champion, was matched Monday night by his manager, Johnny Mooney, with Unk Russell to box six rounds at the Auditorium in Bangor, Me., July 12.

At the second knock-down of the match after several days' dickering with Lewis' manager and Billy McCarney, who looks after the interests of Russell.

CROSS BATTLES GRIPPIN. New York, July 6.—Leach Cross out-punched, out-fought and outgeneraled Charlin Griffin, the featherweight champion of Australia, at the Roman A. C. tonight in a six-round bout. Twice in the fifth and the East side drop the game little featherweight from the other side to the floor. Both were vicious right swings. On the second knock-down he fell as the going ended the round. He was carried to his corner by his seconds.

OLD INTERNATIONAL CYCLIST ON WORLD TOUR. Boston, July 8.—Major Edward A. Weed the oldest international cycle tourist in the country, has been in Boston for the match after several days' dickering with Lewis' manager and Billy McCarney, who looks after the interests of Russell.

It is very probable that Nelson will try to get a rest for a few months before fighting again. There is little chance for the Dane wants some of the bookings at \$1000 per week that usually come to a champion. Willis Britt is a wise fellow in getting the coin, many theatrical engagements and lots of advertising. Nelson gives Britt a good deal of credit. His victory and says Willis induced him to change his method of training. Incidentally he took a fling at his former manager, Billy Nolan.

Nelson for beating Joe Gans received 60 per cent of 70 per cent of the gross receipts. Nelson's share was close to \$14,000 while the dethroned champion was handed about \$9000. Nelson made a handsome amount on himself while Gans lost correspondingly.

PRIZE FIGHTERS ARRESTED. Denver, July 9.—The principals, seconds, managers and club officials who participated in a prize fight between Jim Barry, of Chicago, and Jim Flynn, of Pueblo at Wagon Athletic Club, Petersburg, last night were arrested immediately after the conclusion of the bout on the charge of aiding and abetting a prize fight. They were also released on \$500 bonds. Petersburg, where the fight was held, is in Arapahoe county, adjoining Denver, and the arrests were made by the sheriff of that county.

GANS AND NELSON TO FIGHT AGAIN. San Francisco, July 9.—Batting Nelson and Joe Gans last night signed articles for a finish fight to take place at Ely, Nev., on September 7; weights, 133 pounds at the ringside. The men agree to split the \$30,000 purse—Nelson \$20,000, Gans \$10,000.

WORLD'S RECORD AT PEORIA. Peoria, Ill., July 8.—Fleming Boy, driven by Dean, negotiated the mile in the third heat of the Big White Stove race event for 229 trotters in 2:07 1/4, a world's record for green trotters, in the third heat Monday. This is the fastest trotting mile of the year.

BRITISH NAVY'S MYSTERY SHIP COMING TO CANADA

Sketch of the Celebrated New Battleship Indomitable in Which the Prince of Wales Will Come to Quebec.

During the past two months a strange, monstrous vessel with three funnels, oddly placed, and two gigantic tripod masts has been coming and going to Spithead. She is the famous "mystery" ship Indomitable, the gigantic armored cruiser.

All the important details of her have been kept absolutely secret, and she will have the honor of carrying the Prince of Wales to Canada for the approaching Quebec festivities.

She is one of three sister ships, the other two being the Invincible and Inflexible, which were voted in 1905, but not laid down till 1906, and which are to all cruisers of the past what the Dreadnought is to all earlier battleships.

She is at once the fastest, the largest and the most heavily armed cruiser afloat; indeed, in many respects she resembles a fast battleship rather than a cruiser. Begun some months later than the Dreadnought, and built much more slowly, she embodies many improvements upon that famous ship.

The first point to notice is the immense power of her artillery. She carries eight huge 12 in. guns, each 45 ft. long and each capable of firing an 830 lb. shell twice in the minute.

These guns are mounted in pairs in four turrets, and the turrets are so arranged that all the eight big guns can fire on either broadside, and six of them ahead or astern. As in the Dreadnought there is some risk of the turrets injuring one another.

To meet this danger special alarm trumpets are fitted in the turrets, which sound when there is any obstruction in the line of fire. The word "danger" appears, and the trumpet emits a note which no one can mistake, even in the tremendous din of battle.

The guns are directed from fire-control stations, which are duplicated, one on each mast; the details of the system being absolutely confidential. But the general arrangement is that electrical transmitting and receiving apparatus is sent down to indicators at the guns, the range in yards, the deflection right or left, the order to commence or suspend fire, and the final signal, a loud ring on a gong, to fire the gun.

Where the guns are all of the same caliber or size, as they are in the Indomitable, the work of fire-control is simplified. In battle with a big antagonist she would use only her 12 in. weapons, and they would have to do the work of knocking out the adversary.

Some idea of the blast and the force of these guns can be gained from the fact—that during her trials two of the amidships turret guns were trained right and left to obscure the character of the actual patch of the projectiles but in the track of the blast of gas which accompanies them.

After the shots had been fired the boat was left a mass of matchwood, lying on the deck. The projectiles from these mammoth guns will pierce 4 feet 3 in. of solid iron placed close to the muzzle. At 5000 yards they will penetrate with ease 14 in. of the best and strongest steel armor now made.

It is gratifying to British national pride to reflect that she represents the conception of British genius, and that the highest compliment to her qualities is being paid by those who are copying her many novel features.

HER BAD BREAK. Kitty—Poor Helen. No girl who is color-blind should go to a boat race. Tom—Why not? Kitty—She is wearing the colors of a rival club and doesn't know it.

ALL BLUFF. Count De Bluff—Yes, all our family castles were on high mountains. My ancestors all lived on big bluffs. The Hercules—Indeed, and I see that you take after them, Count!

AYLESWORTH'S SURRENDER

(Toronto News)

On Thursday Mr. Aylesworth practically eliminated those features of his election bill relating to Manitoba, British Columbia and Northern Quebec, against which the opposition has fought so long and strenuously. The surrender came from him with bad grace and he attempted to obscure its character by the infliction of another interminable harangue, in which he rebuked the specious arguments advanced in the earlier stages of the debate in defence of the measure as introduced. He also took occasion to repudiate the suggestion that the bill had been prepared at the dictation of some one outside the government. Denial of this kind are only made to mislead. The net outcome of the protracted struggle is a decisive victory for the opposition, fully vindicating the vigorous opposition offered to the bill.

It is also seen in a highly ridiculous light the futile attempt to stir up public sentiment against the bill by the minority in the house of commons and places the blame for the "waste of time" on the government, or, who are partisans and nothing more. Mr. Aylesworth virtually conceded that his bill was a failure, and that the principle of capitulation was due to the minority. The net outcome of the protracted struggle is a decisive victory for the opposition, fully vindicating the vigorous opposition offered to the bill.
