## Fredericton Recruits

Recruiting has started off well in Fredericton this week, four young men, enlisted on Monday. One will be sent to the 71st Company of the Composite Battalion at Halifax, and the others left for Sussex to join the 104th Battalion. Those sworn in were: Charles Miles of Bangor, Me.; Lorne Dunbar and Penley T. Day of St. Marys, for the 140th Battalion, and Albert Osborne of St. Marys for the 71st Company at Halifax. Frank E. Campbell and Ernest Kimball also went to Sussex. One recruit volunteered at the recruiting office on Tuesday morning.

Major Guthrie and Major Mersereau have gone to Ottawa where they will go before a medical board who will decide whether they have sufficiently recovered from their wounds to go back to the firing line. It is not believed that Major Guthrie will be able to go back on active service, but if he does recover sufficiently he may be called upon to form a new regiment in this province. Major Mersereau said before leaving for Ottawa that he felt as strong as he ever did, although he was still bothered some-

## BRONCHITIS COMES FROM A NEGLECTED COLD.

Bronchitis starts with a short, painful, dry cough, accompanied with rapid wheezing, and a feeling of oppression or tightness through the chest. At first the expectoration is a light color but as the trouble progresses the phlegm arising from the bronchial tubes becomes of a yellowish or greenish color, and is very often of a stringy nature.

Bronchitis is usually at its worst in the morning on account of the phlegm becoming lodged in the bronchial tubes during the night, and it very often takes some time coughing and gagging before you can get the throat clear of the phlegm.

When this happens you may be sure that if the bronchitis is not attended to immediately it will sooner or later develop into pneumonia, or some other more serious lung trouble.

The best remedy for to cure the cold is DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Roy Cammer, Greenwood, Ont., writes: "I must tell you what Dr. Wood's Norway Pine Syrup did for me. Whenever I got a cold I would be troubled with bronchitis, and sometimes I would almost choke to death. After taking two bottles of Dr. Wood's Norway Pine Syrup I was cured."

Dr. Wood's Norway Pine Syrup is 25c and 50c. per bottle. See that you get the genuine.

## Yes, Five Roses makes dainty, digestible doughnuts

Crisp and tender, light and free from grease—the kind the children look back upon and look forward to so longingly. Let FIVE ROSES accustom your folks to quality in fried cakes. No common flour has that exclusive knack of producing just the right kind of dough that tastes like nuts, that bobs deliciously in the deep sizzling fat.

## Five Roses\* FLOUR for Breads-Cakes-Puddings-Pastries

Your favourite recipe and FIVE ROSES will never in the world disturb the most delicate stomach.

Because FIVE ROSES is so sturdy and glutinous that it resists the absorption of fat. Plunged into the hot lard, the plump, well-cut cakes crisp at once and seal the dough against penetration with the crustiest brown coat imaginable.

Then the spicy, tender centre bakes to a light, soft texture without greasiness or sogginess.

That is why FIVE ROSES makes fried cakes not only delightful but delightfully wholesome.

Just use your favourite recipe and leave the rest to FIVE ROSES. It is so well liked that almost a million mothers will use no other flour for all their baking.
