### STEAMSHIPS NOW ON THE WAY TO MONTREAL

Montreal, Que., April 20.—That passenger activities at the port of Montreal will soon be in full swing once more is evidenced by the departure from British and continental ports of four Canadian Pacific passenger steamers during the present week. The first to leave for Montreal was the Metagama from Glasgow and the Scandinavian from Antwerp, both of which sailed on Wednesday for Montreal. They will be followed by the new Montclair from Liverpool on Friday. In addition, the steamer Montclair is reported as having sailed from Naples last Saturday, via Gibraltar, for Montreal, where she will embark a special party of passengers for the Eucharistic Congress at Rome. The Canadian Pacific's Quebec season will be opened by the Empress of Scotland, which shortly after completing a lengthy cruise to the Mediterranean, will sail from Southampton next Saturday for the St. Lawrence.

**BETTER THAN HARD COAL**  
Soft coal so free from soot that it does not make whisksers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.
