SATURDAY NIGHT EARLY CLOSING

The Times has received a long letter on the subject of closing the grocery stores of the north end at nine o'clock on Saturday nights. Briefly stated, the reasons for such closing are:

1.—A fourteen-hour day is not fair to the clerks.

2.—Buyers should apply the golden rule and consider the clerks, making their purchases early.

3.—Late Saturday night means late Sunday morning, and smaller Sunday morning congregations in the churches.

Therefore the churches are directly interested.

4.—The families of the grocers and grocers' clerks should be considered.

5.—There would be no loss of trade for if people knew they could not shop after nine on Saturday night they would buy earlier.

The letter concludes as follows: "Let the buyers buy early and tell the grocers they approve of the movement. Let the ministers express their feelings, and let the grocers stand together for fair working hours."

CATERPILLARS STRIP TREES IN N. B. ORCHARDS

(Special to The Times)

Fredericton, N. B., June 11—Apple orchards in Sheffield and Maugeville have been completely denuded of foliage by tent caterpillars. Hundreds of trees have been stripped. The trees will recover later in the season but if the insects strip them again next year it will mean the absolute destruction of the orchards.

J. D. Todd of the Dominion Entomological branch, with headquarters in Fredericton, was called to both Sheffield and Maugeville on account of the ravages of the caterpillars and also visited Douglas Harbor. There was nothing he could do however. The time for checking the insects was last winter.

TEACHERS' EXAMS NEXT TUESDAY

Fewer Candidates in the Province Than Usual—Twenty in St. John.

(Special to The Times)

Fredericton, N. B., June 11—The license examinations conducted by the department of education for qualifying of teachers for schools of the province, will begin on next Tuesday morning. The examining stations will be in Fredericton, Chatham and St. John. The greatest number of candidates will write in Fredericton because of the normal school and U. N. B. being located here.

The total number is 288, which is smaller than usual, as the attendance at the normal school is less than for many years. Fewer than 200 completed the courses for class 1 and 2. In former years there have been upwards of 300.

The classification of the candidates at the three stations is as follows: Fredericton—Grammar school, two; Superior, two; class 1, eighty-one; class 2, 102; total 196.

Chatham—Grammar school, two; Superior, one; class 2, six, total thirteen.

St. John—Grammar school, five; Superior, three; class 1, six; class 2, six, total 20.

The large number of candidates writing for grammar school licenses at Fredericton is accounted for by the fact that a considerable number of graduates of undergraduates of the U. N. B. are writing the papers in this city.

TO INVESTIGATE LEMIEUX CHARGE

An Allegation in Parliament About \$60,000 Which He Links Up With Yamaska Election.

(Special to The Times)

Ottawa, Ont., June 11—Within a few days it is understood that a judge will be named as royal commissioner to investigate charges made by Hon. Rodolphe Lemieux on the last day of the parliamentary session that there had been fraud and collusion with regard to an item in the estimates for \$60,000 "to pay the Park St. Charles Company."

For land occupied by the Quebec harbor commission, as per verdict of arbitration, which verdict was later sustained by the superior court in favor of the plaintiff company.

Mr. Lemieux referred to it as a "land grab absolutely unjustifiable," "a scandalous item," and an item which was "to make good the promises that were made during an election which has just taken place."

Mr. Lemieux said that "the men who are interested in this land grab were most prominent in the election held in the country of Yamaska," and that they were members of the postmaster general. He said that Park St. Charles was to all intents outside Quebec City, beyond the St. Charles River and no part of Quebec harbor. He wanted to know why the government was paying this claim against the Quebec Harbor commission for land occupied by it.

After a long discussion, Premier Meighen said that he would give Mr. Lemieux an early opportunity to prove his charges. The appointment of a commissioner is in fulfillment of that promise.

THE JUNE BRIDES

Stephenson-Kinsman.

The marriage of Miss S. Beatrice Kinsman, second daughter of Fred. C. Kinsman and W. J. Stephenson, son of E. S. Stephenson, was celebrated this morning in Knox church at 7.45 o'clock. The ceremony was performed by Rev. W. H. Wilson. Miss Wilson was seated at the organ. Both bride and groom were unattended. The bride, who was given in marriage by her father, was charmingly gowned in a fawn tulle and wore a transparent hat of fawn and brown. She carried a bouquet of Ophelia roses. After the ceremony, Mr. and Mrs. Stephenson left on the Digby boat for Smith's Cove, N. S., where they will spend their honeymoon. On their return they will make their home at 137 Wright street, St. John. Very many friends unite to wish them all happiness. The large number of beautiful gifts which they received testified to the esteem in which they were held. Among the presents were a mahogany floor lamp, the gift of the staff of Jones & Schofield, and a silver service from the firm of Jones & Schofield, with which the bride was formerly employed. Other gifts included silver butter spreaders from the choir of Knox church, and a mahogany tray and silver mounted fringe glasses from E. S. Stephenson & Co.

N. B. NEWSPAPER MAN A DIRECTOR

Vancouver, B. C., June 11.—V. C. French, publisher of the Times, Wetaskin, Alta., was yesterday chosen president of the Canadian Weekly Newspaper Association. Other officers include: First vice-president, A. R. Brennan, Journal, Summerside, P. E. I.; Fred Stevens of The Observer, Hartland, N. B.; and H. H. Strengur of the Progress Enterprise, Lunenburg, N. S.

The association adopted a resolution urging that provincial governments take steps to aid journalism to the curriculum of the universities.

Other resolutions opposed any move at present for the reduction of hours of labor; urged the necessity for better publicity campaigns and urged members of the association to pay their license fees as job printers and collect the sales tax as manufacturers. This point was hotly debated but the resolution carried. Halifax was chosen as the next meeting place.
