**SKATING.**  
Y. M. C. I. Ice Sports.  
The Y. M. C. I. ice sports, which were held in the Victoria rink last evening, attracted a great crowd of spectators and with excellent ice and keenly contested events, the sports proved an old time success.

Owing to the absence of one of their members and injury to another, the Victoria rink team did not appear for the relay race with St. Peter's.

All the races were exceptionally good and there were some extremely fine finishes, the most exciting of all being the final of the 225, in which W. Gibbons and J. Dever skated to what the judges declared to be a dead heat.

The matter was settled, unknown to the judges, by the two contestants losing a cent, and the coin decreed W. Gibbons the victor. The final of the 440 was also closely contested by these two skaters and was also won by Gibbons.

No records were broken during any of the races. During the 880 yard race, Logan, one of the skaters, was injured by falling on the ice and crashing into the fence near the judges' stand. He was assisted to his feet by his friends and

W. H. Dennis and another prominent business man of Halifax passed through St. John last evening on their way to New York to argue upon Ted Richard's claims of their city as the scene of the Willard-Dempsey bout. They carry with them guarantees from Halifax citizens of a purse of \$125,000.

An enjoyable birthday party was held yesterday afternoon in honor of little Miss Vera Campbell, it being her twelfth anniversary, at the home of her parents, Mr. and Mrs. O. E. Campbell, 129 Main street, from 4 to 8 o'clock. Many friends of the young lady were present and each one presented her a beautiful gift. A dainty tea was served at 6 o'clock, after which games and music were participated in by the young folks.

**THE RING.**  
Bout in Montreal.  
Montreal, March 14.—Showing to better advantage than he has done in some of his recent fights, Joe Burns, a local featherweight, fought a ten-round draw with Battling Lahn of Brooklyn here last night. This was their second meeting.  
As in the previous meeting Burns was the better at open fighting while Lahn outpointed him at infighting and making it up style. The only decisive rounds were the fifth and the tenth. In the fifth Lahn had the better while Burns made a strong rally in the tenth, outpointing his opponent for the three minutes.  
The men alternated as the aggressor and both showed excellent defensive work throughout the ten rounds. Burns was in better condition than in his bout with Fitzsimmons and finished as fresh as his opponent.
