Cottage for Sale.

THE Subscriber offers for sale at a bargain, his pleasantly situated residence on Prince of Wales street, opposite Victoria Terrace. The house is one and a half stories high, finished from cellar to attic, with an L. for kitchen. The cellar is first floor and has in it a never failing well of good water. The house is nearly new, and is excellent repair; and the lot on which it stands is under cultivation. For particulars apply at this office, or to

JAMES MCLEAN,
Proprietor.

THE BEST IN THE WORLD!

The Scientific American.

\$1,500 Cash. For 1870. \$1,500 Cash.

A Valuable Premium for all.

THIS splendidly illustrated weekly journal of POPULAR SCIENCE, Mechanics, Inventions, Engineering, Chemistry, Agriculture, and the kindred arts, is published weekly. It is the first of January next, having a circulation far exceeding that of any similar journal now published.

THE EDITORIAL DEPARTMENT of the Scientific American is very ably conducted, and some of the most popular writers in this country and Europe are contributors. Every number has 16 imperial pages, embellished with fine Engravings of Machinery, New Inventions, Tools for the workshop, Farm and Household, Engineering Works, Dwelling Houses, Public Buildings.

A journal of so much intrinsic value, at the low price of \$3 a year, ought to have, in this country, a Million Readers.

Whoever reads the Scientific American is entertained and instructed, without being bothered with hard words or dry details.

To Inventors and Mechanic

This journal is of special value, as it contains a weekly report of all Patents issued at Washington, with copious notices of our leading American and European Inventors. The Publishers of the Scientific American are the most extensive Patent Solicitors in the world, and have unequalled facilities for gathering a complete knowledge of the progress of Invention and Discovery throughout the world; and with a view to mark the quarter of a century, during which this journal has held the first place in "Scientific and Mechanical Literature," the Publishers will issue on January 1st, the large and splendid "Steel Engraving" by John Sartain of Philadelphia, entitled:

"Men of Progress—American Inventors," the plate costing nearly \$1,000 to engrave, and containing nineteen lives of illustrious American Inventors. It is a superb work of art.

Single pictures, printed on heavy copper, will be sold at \$2.00, but any one subscribing for the Scientific American the paper will be sent for one year, together with a copy of the engraving, on receipt of \$10. The picture is also offered as a premium for clubs of subscribers.

\$1,500 Cash. Prizes \$1,500.

In addition to the above premium, the Publishers will give \$1,000 in Cash Prizes for lists of subscribers sent in by February 1st, 1870. Persons who want to compete for these prizes, should send at once for prospectus and blanks for names.

Lists of subscribers, one year \$3.00, six months \$1.50; four months \$1.00. Lists of 10 and upwards, terms \$2.50 per annum. Specimen copies sent free, address the Publishers,
