LITTLE TOT ON 3,000 MILES TRIP

From Buffalo to Vancouver
B. C. in Hands of
Railwaymen

Buffalo, N. Y., July 31.—Little Gertrude Watson is only four years old, but tonight she starts all alone on a trip of nearly 3,000 miles across the continent for Vancouver. The little girl's home has been in Buffalo with her mother, Mrs. C. S. Watson of No. 71 East Oakwood place. Some time ago her father died leaving a widow and several children. That led to the decision to send Gertrude to live with relatives in Vancouver until she is older.

The youngster will be unattended by anyone except the train conductors from the time she is put aboard the Canadian Pacific train tonight at 6 o'clock until she is taken off at Vancouver nearly a week later. She will make but one change of cars, and that at Toronto, where she will be put on a tourist sleeper on the Transcontinental Limited.

The sum of \$12.50 will be sent with the little girl to pay for her meals while she is travelling. \$12 is to pay for the meals and the \$12 is for a tip for the Pullman porter. All her transportation and money has been furnished upon telegraphic orders from her relatives in Vancouver. E. V. Skinner, assistant traffic manager for the Canadian Pacific at New York, yesterday instructed E. A. Burdette, the city freight agent to forward the tickets and money to Gertrude.

Some grown folks acetate at such a long journey alone, but it doesn't worry the little girl. She really is assured of more attention than a grown person would be. The railroad men are a fine lot, and from the time the little tot leaves Buffalo tonight, she will be out of range of the careful eye of some conductor or trainman until she reaches the Pacific coast.

Railroad men take an unusual interest in little travellers. It is a proverb among the men of the rails that a child travelling alone is always assured of as much attention and as safe conduct as the president of the railroad.

NEW SUMMER THIRST QUENCHER.

Lime juice, like salt, develops flavor. Making cooling drinks with fruit syrups, you need the addition of a small quantity of Sovereign Lime Juice to bring out all the flavor of the fruit, and to give the desired zip to the thirst-quencher. About two tablespoons of Sovereign Fruit Syrup (any flavor), a teaspoonful of Sovereign Lime Juice, a glass of water, ice and you are suited.

THEIR RECTOR GONE

Anglican Pastor at Barriefield
Eclipses With Fair Parishioner.

HE IS SIXTY YEARS OLD

Disappearance of Rev. Dr. J. H. Nimmo, Formerly of Brockville,
With Miss Agnes Stewart Causes
Profound Sensation Among His
Flock—Secured Divorce Some
Time Ago—Daughter Dead.

Kingston, Aug. 1.—Quite a sensation was caused here yesterday afternoon by the announcement that Rev. Dr. J. H. Nimmo, rector of St. Mark's Anglican Church, Barriefield, had gone away with one of the parishioners, Miss Agnes Stewart.

The couple went away on Tuesday, leaving letters announcing their intention of getting married as soon as they reached the United States.

Dr. Nimmo, who is about 60 years of age, was already a married man, though separated from his wife for many years. He had family troubles in Brockville and he and his wife separated. He resigned a freed parish—Trinity Church, Brockville—and afterwards went to Dakota, where he secured a divorce. His wife is here at present.

No one in his parish had any idea there was anything between himself and Miss Stewart.

The rector had just returned from the west, having been on leave for the benefit of his health.

His only daughter died very suddenly a year ago, and he was utterly unprepared by the sad event.

Dr. Nimmo has been popular and has built up the Barriefield parish wonderfully since he took charge of it. He has been a great worker, and is a man of scholarly attainments. He has been in the parish or vicinity for fifteen years or more.

REV. G. B. BROWN'S DEATH.

WELL KNOWN BAPTIST MINISTER WOULD NOT TAKE A DARE

A Beausville despatch furnishes the following particulars in connection with the drowning of the Rev. G. B. Brown, formerly of Salford. The victim of the Jordan drowning accident, Rev. G. B. Brown, the Baptist minister here, was thought practically a recent arrival, one of the best known ministers of this district. He was particularly noted for his strong denunciation of the gambling evil, and one night last winter, holding that the officers of the law had not been as active as they should be, he personally raised a turkey raffle being held at a farmhouse near Beausville.

He went through with the case to the end, and his evidence convicted the guilty ones. There haven't been any raffles around Beausville since, it is said.

Mr. Brown's death, a St. Catharines man who was there, declares, was due to his refusal to take a dare. He had swum across the harbor several times and the boys who were swimming with him dared him to cross again. The doctor who was called to see him said his heart probably gave out. His wife witnessed the drowning.

Mr. Bert McEntee was swimming just ahead of Mr. Brown, when the latter called for assistance, saying he was tired. Mr. McEntee turned and went back. Mr. Brown put his hand on his shoulder, and was being assisted to shore, when he suddenly sank, drawing Mr. McEntee with him, who, freeing himself, arose to the surface, but was unable to render further assistance. The body was not found until about an hour later. The outlookers tried every possible thing to bring him to, but without success.

German Look Westward.

New York, Aug. 1.—The Times has an article yesterday morning stating that if the Pacific Mail Steamship Co. withdraws its fleet from the trans-Pacific trade between San Francisco, Japan and China, the Japanese companies will not be allowed to have the monopoly of the far eastern trade for long, as the North German Lloyd line will start an opposition service before next spring.

Sailor Killed in Fight at Montreal.

Montreal, Aug. 1.—The death of an English sailor named John Harman is being investigated by the police. He is said to have been involved in a fight with another sailor whose name is given as Charles Bardley, and the pair fell down a couple of flights of steps during the struggle. Harman was badly injured and he died in the hospital Thursday night.

Rescues Drowning Boy.

Little Britain, Aug. 1.—While in swimming at the dam near the old mill east of this place Louis Irwin narrowly escaped being drowned. He had ventured too near the whirlpool and although a good swimmer he thus unable to get back. John Davidson jumped in with his clothes on, and reached Irwin as he was going down the third time.

Gives Himself Up.

Buffalo, Aug. 1.—John W. Fisher, a prominent attorney and politician, again who three indictments were returned on July 23, charging him with misappropriating funds of West Seneca, of which town he was attorney, and who disappeared on that date, gave himself up yesterday.

Drowned in Assinaboine.

Winnipeg, Aug. 1.—Hyman Rosenthal, aged 15 years, was drowned in the Assinaboine river at St. James' Ferry. Was driving with his sisters and brothers, but his horse took fright going down a steep hill and plunged into the river.

CAUGHT IN CRUSHER.

ST. CATHARINES BOY RECEIVES FATAL INJURIES.

St. Catharines, July 31.—Robert, the six-year-old son of Robert Watson, proprietor of the Gayety Theatre, met with a peculiar accident, which resulted in his death shortly after 8:30 o'clock this morning.

With some companions the lad was playing about the mineral springs near Holley Shaw's flour mills. The basement door of the macaroni factory was open, and the lad ran in to get a piece of dough. His arm was caught in the crusher, and before the boy's predicament was noticed the arm had been frightfully crushed and bruised. The little fellow was quickly taken to Dr. Mulock's office where instant attention was given to his injuries, but while the doctor was tenderly dressing the wounds the lad expired.

The coroner decided that an inquest was unnecessary.

SOLDIERS HERE ON LABOR DAY

Big Military Demonstration
With Sham Battle as
Main Feature

If present plans are carried to maturity Ingersoll will witness a great military demonstration on Labor Day, September 5th. It is the intention of the California Society, which has been behind many large and successful undertakings during recent years, to bring the famous 25th St. Thomas City Regiment here for the holiday, "prayer," satisfactory arrangements can be made. This popular Regiment, 250 strong, would doubtless prove a great drawing card and would be enthusiastically welcomed by citizens.

Cheftain McDonald and Secretary Maceray of the California Society will visit St. Thomas on Monday for the purpose of interviewing the Colonel of the Regiment. In the event of satisfactory arrangements being made the Regiment will arrive here on the Saturday preceding the holiday, and will be accompanied by the Bugle and Brass Bands. The Regiment will go into camp at Victoria Park and on Sunday morning will parade to church.

On Sunday afternoon the Regimental band will give a sacred concert while a sham battle will be one of the main attractions on the holiday. In addition to the St. Thomas Regiment, other attractions will be furnished, and judging from the enthusiasm with which the details of the proposed celebration are receiving attention, a big day is promised.

FINE—SLIGHTLY COOLER.

Another marked heat wave covers the western states and provinces. The tropical disturbance is centred off the Bahamas coast this evening and gives evidence of some development.

Lower Lakes and Georgian Bay—Northernly to westerly winds; fine and not quite so warm.
