But, Like Him, He May Find Himself Greatly Mistaken Before Long.

Hanvana, Jan. 22.—Gen. Luis Pondo, who arrived here yesterday, said in an interview to-day that he had come to Havana in obedience to the orders of his superiors to act as coadjutor to Gen. Marin, in the temporary command of Cuba, pending the arrival here of Gen, Weyler, when Gen. Andello will be succeeded by Gen. Suarez Valdez. Gen. Pando announced himself in fa-

Pando claims that in spite of this, if the insurgents can be driven to fight a pitched battle, the Spaniards will defeat them in short order, even though the

enemy may be large in numbers. Concerning the advance of the insur gent army under Jose Maceo and Rabi Pando says that this force was trying to convey westward a considerable quantity of arms and ammunition and other supplies, intended for the insurggents in the province of Pinar del Rio. But, the General added, Maceo and Rabi have been engaged seven times with the Spaniards since they entered the province of Santa Clara, and a con siderable portion of the war material has been either captured or lost en route. The Spanish troops are being massed across the line of march which the second army of insurgents is expected to follow, and Gen. Rock of Remedial Legislation Looming Up-Governor Dewdney Didn't Interfere.

Chamberlain was Released for Valuable Service Rendered, Says Hor. Mr. Faster.

This Service Was No Doubt Getting in Sixteen Votes Against Hon. Jos. Martin.

Ottawa, Jan. 25.-The rumor was current to-day that another batch of resignations had been sent in, but the Times correspondent has seen Premier Bowell, who says that there is no truth in the report that any of the ministers have resigned.

It is stated that Father Lacomb, who has got 160,000 acres of land from the Dominion government for half-breeds in the Northwest, has got sure promises from the government in regard to the remedial bill. At any rate, some connection is being made between this and the telegram which Bishop Lebrecque has sent to the priests in his diocese, asking them to instruct all their parishoners not to vote for anyone who is not pledged to vote for the remedial bill. This refers to the Charlevoix election. The telegram which Bishop Lebrecque sends is as follows:

'We don't want to interfere with one party more than another, but the Catholics are bound in conscience to support the remedial law, which has been previously approved of by their ecclesiastical authorities." Washington, Jan. 25.—Secretary Ol-ney was called on to-day by Sir Julian Pauncefote, British ambassador, who submitted the final acceptance of the British government of the plan of the Behring Sea commission to play the claims of the Canadian sealers seized prior to the Paris award. It remains now only for the President to submit the plan to Congress, and, as the legislative branch have refused to pay a lump sum for the seizure, it is cousidered certain that a commission of acrangement will be approved. It is quite likely that the President, in submitting the plan to congress, may suggest on e more the desirability of a lump sum payment as the most expeditious means of settlement, for the commission of arbitration, if agreed to, will bind he United States to any payment awarded which may far exceed the lump sun
