

FROM DAWSON TO KLONDIKE CREEKS

NEW RAILWAY TO BE CONSTRUCTED SHORTLY

Cottage City From Alaskan and Tees From Northern B. C. Ports— Search For the Conductor.

Steamer Cottage City arrived from Alaskan ports early this morning. She brought 96 passengers, a few being from Dawson, and a number from Atlin. The latter report that a very mild winter has been experienced in that country up to the time of their departure, and the trails were in fairly good condition. The steamer brought a small number of passengers for Victoria, and a couple for Vancouver who, because of the vessel's early arrival, were able to transfer to the Princess Louise at the outer wharf.

Late arrivals from Dawson state that preparations are being made for the new railroad to be built out to the creeks. The intention is to begin work on the line up from Dawson to Grand Forks, about twelve miles, as soon as possible. This should be completed by July. The road will then be continued either by Bonanza or Eldorado, and across the divide, which is by no means a high one, to one of the tributaries of the Indian river, a distance of approximately thirty miles. About eight miles above Grand Forks the highest point of land is reached, and from that there is a downward grade to the tributary of the Indian river. The Indian river proper is expected to prove among the most valuable in the whole region. It contains a gold bearing conglomerate deposit, over eight miles long, and where-ever this has been worked or even prospected, it has been found of high value.

A large section of this property has been bonded, as previously stated, by John Hepburn, a Victoria capitalist. The road will eventually, it is said, be run into the Stewart river district. Of the \$200,000 required for this, \$200,000 has already been subscribed in Chicago, and about \$40,000 in Omaha, while the balance will be subscribed in Dawson.

SHIPPING CO. VS. BANK

A most unique suit has been commenced in Seattle against the Canadian Bank of Commerce. The plaintiff is Capt. E. C. Caine, and he is acting as trustee of the Pacific Clipper, which in 1890 had under charter the steamer Cleveland for a voyage to Nome and return.

The papers in the suit set forth that the Cleveland sailed back in 1890 for Seattle and that on her return she had a valuable shipment of gold dust consigned to the Canadian Bank of Commerce. The gold was valued at \$381,288. On the voyage down from St. Michael the steamer was damaged considerably by gales, and as a consequence she ran short of fuel. To bring his vessel into port the master of the Cleveland engaged none of the woodwork of his steamer and accordingly, while the vessel was repairing had to be done when Seattle was reached.

According to the plaintiff it is customary in marine usage to levy on the cargo for loss incurred in burning by the woodwork of a steamer when it is necessary to bring such a vessel to port after her fuel has run out. A demand was made on the bank for payment of its pro rata share of the damage, but the cash was not forthcoming, hence the suit. The amount claimed from the bank is \$1,375.52.

GRANT STARTS ON CRUISE.

On Saturday afternoon the U. S. cutter Grant, Capt. Tozier, called in the harbor to secure the services of Capt. Davis in order to pilot her on a cruise along the island coast in search of the missing British man-of-war Condon. The U. S. marine department having been apprised of the Condon's disappearance, by the British admiralty, at once placed the Grant at their disposal for the trip. Capt. Tozier is familiar with the work and will make a thorough examination of the west coast in the hope of obtaining information that will show some ray of light on the mysterious case. He will be gone about ten days on the voyage and will visit the extreme northern end of the island, meeting the Queen City on her return trip from Cape Scott, and ascertaining from her if the Indians have made any fresh report of wrecked call, or which of the regular ports of the coast, at the request of the British admiralty, the customs authorities at San Francisco will keep on the alert for news concerning the missing vessel, and will at once communicate anything they should hear to the navy at Esquimaux. H. M. S. Eszera is now ready to proceed to sea at an hour's notice, and only awaits instructions.

The Hugh McCulloch, which started from San Francisco in quest of the Condon, has instructions to proceed along the coast and in the direction of the Hawaiian islands.

NORTHERN STEAMER RETURNS.

Steamer Tees, which was reported from Vancouver on Saturday night, reached Victoria last night after an uneventful passage from points in northern British Columbia. Having spent upwards of a day at the Terminal city, the major number of her passengers there departed. The complete list was as follows: Robert Cunningham, P. Herman, R. Calhoun, P. Nelson, Frank Ing, James Findley, D. H. Scott, W. Woodcock, Andrew Johnson, James Wesley, Jacob Wesley, John Cunningham, R. L. McIntosh, Robert Chambers, Mrs. Nelson, A. Sobel, J. H. Scott, W. Woodcock, Peter Wells, Albert Johnson, Fred Tait Mark, Robert Munden, J. Lee, Rev. S. O. Osterhout, Mel. Chambers, A. C. Good, W. J. Lester, J. McNeil, A. A. Huston, Miss Charlotte Kelly, J. Stevens, George Munde, one Indian prisoner, and two Japs.

Freight was also brought down for the following concerns: B. C. Iron Works, Miss L. Roberts, W. H. Malkin,

EMPEROR OF JAPAN.

The R. M. S. Empress of Japan will sail for the Orient this evening. The Empress has a large number of passengers and a full cargo of general merchandise. The following passengers have been booked to date: Rev. D. C. Reigh, J. A. Kagikawa, W. D. Hart, A. F. Hatcher, Esther Goshie, Major Morris and wife, J. A. Wattie and wife, Mrs. Lapierre, Mrs. Menzies and child, Miss Fryke, Miss Dow, Miss Lottie A. Brooks, Miss Dr. Maury Kilham, Miss Mary A. Foster, Miss Minnie Throelchick, A. Sumpnerhas, Mrs. J. G. Pope, George E. Purkis, John Blair, Mr. Locksmith, Mr. Mitchell, P. C. Leslie and Mrs. Stilson. On the Empress this time there are a large number of missionaries, who are returning to their work among the Chinese.

WALLA WALLA WRECK.

United States Commissioner George E. Morse has filed his appraisement of the value of the steamship Walla Walla and the freight and passage money pending after her collision with the French barque Max on the morning of January 2nd. His report was in connection with a petition for limitation of liability filed recently in that court by the Pacific Coast Company as owner, and the Pacific Coast Steamship Company as agent of the wrecked vessel. As is customary in such cases, Judge de Haven referred the matter to a commissioner, that testimony might be taken to bring out the facts against which suit might be brought. The report states that the value of the Walla Walla immediately after the collision, represented by the boats saved, was \$290, while the amount of freight and passage money pending was \$1,355.59, making a total of \$1,645.59. It was expected that suits would be brought by the owners of the Max as well as the heirs of those who lost their lives as a result of the collision. The Max is now on the ways at San Francisco, being surveyed to ascertain the extent of the damage.

TWO NEGROES LYNCHED.

They Had Murdered a White Man and Were Caught By Police. New Orleans, La., Jan. 27.—Two negroes have been lynched in a distant portion of West Louisiana, for the murder of C. N. Grant, police jury from Floyd. Grant, while out hunting with a friend named McKay, came upon some negroes who had killed and were dragging the body. He found that the animals were his own hogs, and attempted to arrest the men, who fired at him, the bullet entering his brain.

McKay aroused the whites in the neighborhood with the news of the murder, a posse was hastily organized, the negroes were captured and two of them were lynched at once.

DROWNED WHILE SKATING.

Three Lives Lost Yesterday Near Aik, Washington. Sprague, Wash., Jan. 27.—Richard and Georgia Smith, aged 11 and 14 years, and Jos. Calhoun, employed as a farm hand by C. L. Smith, father of the children, were drowned yesterday while skating near Aik. A searching party found the caps of the children frozen in the ice, which had formed over the hole where the skaters went through, and the bodies were recovered with poles.

TWO MEN KILLED.

Mobile, Ala., Jan. 25.—Fire early this morning in the wholesale business district destroyed property to the value of at least \$300,000 and caused the death of Richard H. Vidner, a leading society man of Mobile, and Pat Thomas, a negro laborer from New Orleans. Three firemen were injured, two slightly and one fatally. Vidner and Thomas were assisting the firemen and were caught by falling walls. Mr. Vidner was a prominent Ho-Ho, and was once vice grand marshal for Alabama.

THE PALL OF RHEUMATISM PAINS.

When a sufferer finds permanent relief in such a simple and safe medicine as South American Balmic Cure, how glad he is to get it. It couldn't walk or feed himself for months—four years ago three bottles of this cure cured him—now a man since—can't get encouragement for rheumatism pains. Sold by Jackson & Co. and Hall & Co.—22.

Provincial News

CHILLIWACK.

There were last year registered in Chilliwack 9 deaths, 33 births and 12 marriages. There are two cases of smallpox, fortunately slight, amongst the Indians of Sardis.

NELSON.

At the adjourned semi-annual meeting of the Trades and Labor Council the following officers were elected for the ensuing year: J. A. Knauf, president; John Burns, vice-president; H. Bush, corresponding and recording secretary; Max McCreary, financial secretary and treasurer; A. McKenzie, sergeant-at-arms; E. Kilby, statistician; James Wilks, W. Hancock, E. Kilby, J. Burns and J. A. Knauf, executive committee; James Wilks, A. McKenzie and J. A. Knauf, legislative committee. The appointive committees were left over until the next meeting of the council.

REVELSTOCKE.

At a meeting of the Liberal Association Messrs. W. M. Lawrence, R. Howson and A. McKee were appointed delegates to the convention to be held at the coast with Messrs. J. A. Smith, William Neild and J. L. Johnson as alternates. There is a feeling here in favor of establishing a school for the people so desired by the community. Professor Prince expressed a great desire to abolish the ward system of representation. A petition to the Lands and Works Department is being prepared here, asking for the construction of a traffic bridge across the Columbia river at this point.

KAMLOOPS.

The annual general meeting of the K. M. & A. A. was held on Friday night. The treasurer's report, statement of assets and liabilities and auditor's report were presented and received. The election of officers for the current year resulted in the selection of the following: President, Robt. McKay; vice-president, Dr. M. S. Wade; secretary, W. Tarrant; treasurer, J. M. MacCormick; executive committee, J. A. Scott, W. Hunt, S. D. Macdonald, G. T. Malley, G. D. Brown, W. H. Edmonds, A. F. Lauder and R. H. Lee; trustees, R. H. Lee, S. D. Macdonald and W. H. Edmonds; auditor, T. H. Leeming.

KAMLOOPS.

Dr. Proctor, medical officer, in his report for 1901, says that the city death rate for 1901 of bona fide citizens estimated on the census returns is 0.83 per cent, or 83 per thousand. A number of these deaths were due to tuberculosis. It is a matter of regret, the doctor adds, that so far nothing has been done towards the erection of a sanitarium for these people somewhere in the dry belt where incipient cases might go, and a home established at some point where the incurable cases might be received and cared for, and the citizens spared the shock and grief which come from time to time where these destitute and incurable cases arrive here to die.

GREENWOOD.

H. Myrton becomes the manager of the Canadian Bank of Commerce here, having been transferred from Rossland, at which point the bank has closed its branch. Mrs. Hamilton, wife of James Hamilton, of the Baby mine, died on Monday night of heart failure, resulting from the administration of chloroform. She underwent a simple operation early in the afternoon and rallied by evening, when her pulse was almost normal and she told the doctor the effects of the chloroform had nearly passed. The doctor left her sleeping quietly at ten o'clock. At midnight she suddenly awoke, gasped a few times and died before her nurse could telephone for the doctor. She leaves four children.

VERNON.

There was a meeting of the board of directors of Okanagan Farmers' Institute on Friday last, when it was decided to hold the annual meeting on the 31st of this month for the election of officers for the current year. A. Verne has been appointed secretary of the institute, vice Percy Hodges resigned. Capt. Gore, superintendent of steamboat lines for the C. P. R. in the Kootenays and the Okanagan, came in on Friday's train, and proceeded to Okanagan Landing to direct the launching of the steel steamer York, which took place on Okanagan lake last Saturday afternoon. The boat was successfully launched, the christening being performed by Mrs. Bulger, wife of the master boat builder.

VANCOUVER.

Members of the city police force held a meeting on Friday to discuss preliminary looking to the organization of a benefit association. Chief North, Sergeants Butler and Harris, and Patrolman J. Preston were constituted a committee to draft a constitution and by-laws, to be submitted at another meeting to be held on Friday next. Mr. Preston was appointed secretary. The sum of \$300, received from the police souvenir fund, will be used as the financial nucleus of the association, and it is probable that the city council will vote some assistance to the scheme. Detective Clarke and Campbell, the young men sentenced to six months' imprisonment for stealing the Dusenbury sloop, received an additional six months' sentence on Friday for stealing a quantity of provisions from the Dusenbury residence. Clarke was adjudged guilty also of the theft of money from the Colonial hotel and stealing an overcoat from the same institution and was sentenced to six months on each of these charges. Clarke's term will thus be two years and Campbell's one year. When Clarke was faced with Thompson and Small, Clarke and Campbell held the Dusenbury at the Colonial hotel, he denied having made the accusation, and stated that Thompson and Small had nothing to do with the affair. The men were discharged.

WILL LEAVE QUIETLY.

Berlin, Jan. 25.—When Emperor William bids Prince Henry of Prussia farewell prior to the latter's departure for the United States, their parting will be a simple private affair. No speeches for publication will be made. It is understood that His Majesty will be accompanied by a written memorandum of what he wishes his royal brother to communicate to President Roosevelt. The various members of the Prince's party will assemble at Bremen on February 14th. The sailing of Prince's Henry party will not be marked by any special ceremonies, nor, so far as known, will any member of the royal house see the Prince off.

THE GLUCOSE TRUST.

Chicago, Jan. 25.—The Tribune to-morrow will say: "Plans for the consolidation of the Glucose Sugar Refining Company, the National Sugar Company and several outside plants have made such progress that large stockholders in the glucose concern have been asked to sign an agreement that they will participate in the deal. FOURTH ANNUAL REPORT of the British Columbia Permanent Loan and Savings Company of Vancouver.

TO THE SHAREHOLDERS: The directors, in submitting the fourth Annual Statement of the affairs of the company, beg to call your attention to the remarkable increase in the assets of the company during the past year. Our statement for 1900 showed total assets of \$230,297.12, the accompanying financial statement shows that by December 31, 1901, they had reached \$408,888.76, making an increase of more than one hundred per cent. for the year.

The subscribed capital has increased to over \$1,300,000.00. Your directors continue to exercise great care in selecting loans. THREE HUNDRED AND FOUR NEW LOANS have been put through, and the sum of \$288,168.38 has been paid out on account of loans, in addition to which we now have sixty-two loans granted and under way amounting to \$32,200.00, which shows that we have no difficulty in securing good investments for the money, as fast as it comes in. No loans are made exceeding 90 per cent. of the value of the property offered as security. The present cash value of the property loaned on is two dollars and fourteen cents for every dollar loaned. The total amount out on mortgage is just 47 per cent. of the value of the property on which it is loaned. We have now five hundred and fifteen loans, averaging \$381.50 each, and have not foreclosed a single mortgage during the year.

As a result of the steady, solid progress made by the company, the value of permanent stock has advanced from one hundred and twelve to one hundred and thirty dollars per share. This, we believe, is the greatest advance ever made by the permanent stock of any loan and savings company in Canada within a term of one year; in fact the present price of our permanent stock gives our company third place in a list of over one hundred loan and savings companies in the Dominion of Canada.

Your directors have declared a dividend at the rate of EIGHT PER CENT. per annum on permanent stock, and have credited profits at the rate of twelve per cent. per annum to the Loan Fund of Class "C" Accumulative Stock issued prior to October 31, 1898, and eleven per cent. per annum on Class "B" Stock issued since that date. The progress made is highly satisfactory to the directors, and will no doubt be appreciated by the numerous shareholders of the company. Our prospects for the present year are exceedingly bright, and we anticipate a big increase of business during the year.

Our total income for the year amounted to \$500,498.17, and the sum of \$23,065.06 has been paid to withdrawing members. The earnings of the company for the year were \$28,286.92, out of which the regular dividends were declared and a surplus of \$2,287.37 remains as unappropriated profits. Since the close of the year the balance of the issue of permanent stock has been sold, and our next report will show the sum of ONE HUNDRED THOUSAND DOLLARS (one hundred thousand dollars) paid up capital.

We are now offering for sale \$100,000.00 worth of Class "D" prepaid stock, which will earn dividends at the rate of SEVEN per cent. per annum. See Class "D" Literature for further information.

Comparative Growth.

Table showing Mortgage Loans and Assets for December 31, 1898, 1899, 1900, and 1901.

We have audited the accounts of THE BRITISH COLUMBIA PERMANENT LOAN AND SAVINGS COMPANY, from 31st December, 1900, and find the statements of that period accurately recorded in the books of the company; the receipts accounted for; the payments out of the loan fund fully authorized; and receipts for all payments produced. We have made a careful examination of the mortgages, and have verified the balances in the bank and the cash on hand at 31st December, 1901.

The statement of receipts and expenditures, and also the statement of assets and liabilities are properly drawn up, so as to exhibit a correct view of the affairs of the company.

Government Inspector's Report

THE BRITISH COLUMBIA PERMANENT LOAN AND SAVINGS COMPANY. Vancouver, Canada, Jan. 14, 1902.

I HEREBY CERTIFY that I have examined the balance sheet and dividends of the company as given herewith, and find the same in accordance with the by-laws of the company and the laws of the province. I have also examined the statements submitted to me, upon which are based the profits of the half-year and upon which dividend No. 7 is declared, and I approve of the principle upon which such dividend has been computed, and consequently, sanction the payment of same in accordance with Sec. 22, Chap. 22, Vic. 00.

Yours truly, G. GARDNER JOHNSTON, Inspector of Investment & Loan Societies.
