the people here are not any longer French or English or Irish, but first and foremost Canadians and members of the same nation and family."

The Ursuline Convent is not far from the third centenary of its foundation, and besides being a religious and patriotic memorial of deep interest, it is the Alma Mater of hosts of Canadian women, and of not a few from the United States.

### Household Hints

#### To Cut Stove Pipe

It is often found necessary to cut a joint of stove pipe, and is usually a difficult task unless one has tinner's snips. Try this method. Take the measure of the pipe and mark it where it is to be cut. Then take a can opener, drive it into the pipe and follow the mark. By proceeding slowly and carefully you will find that you can hold the knife to the exact line.

#### Heat Your Lemons

When using lemons heat them thoroughly in the oven. You will be surprised to see how much more juice there will be than when they are not heated. When making pies, grate the yellow outside off before heating. Lemons may be kept for some time if put in a glass jar filled with water and sealed. Keep in cold place.

#### For Quick Lemonade

Take the juice of twelve lemons and grated rind of one. Let it stand over night. Make a thick syrup of four pounds of sugar and when cool add the lemon juice; bottle, and keep in a cold place. This makes two quarts of syrup, and two tablespoonfuls added to a glassful of ice water makes a refreshing drink at short notice.

### Wit and Humor

A southern lady went to see her colored cook who was sick in bed. She gave the cook's small son, Ratus, a dollar to buy chicken for his mother. As the lady, in leaving, closed the door of the cabin, the cook was heard to say, "Gimme dat dollah, chile, an' go git dat chicken in de natchul way."

Neighbor: "So your son got his B. A. and his M. A.?"  
Father: "Yes, but P—A still supports him."

### You Are Invited

to come in and see us in our new Store and office premises in the old Vulcanizing shop half way between Post Office and Bruser's Store. It doesn't matter whether you intend to use or do use Electric Light and Power on your Farm; you will be interested to hear how much Money, time, labour and Trouble you can save by installing a Light Plant on your Farm or in your Residence. Furthermore, we like to think of our office as an information-bureau for all questions arising about the use of electric appliances and apparatus, cost of installation and repairs and maintenance of existing Light Systems. Come in and make use of it.

We sell the "Phelps" Light Plant, just the size for your Farm, twice the size of the best known other plants, and comparatively half the price. Ask us about it when next in Town.
