There were tall doings in Keith's assembly room last night when Luxor Temple, Mystic Shrine, held a sort of welcoming feast for their noble brethren from various sections of the Maritime Provinces, who were in town taking in the exhibition. Indeed, before the convivial proceedings had gone far Canada's great international exposition was reduced to the proportions of a sideshow in the minds of the visitors.

At the conference which Hon. Mr. Pughley recently held with the Common Council the Minister informed the aldermen that he had not yet received a copy of the provincial order in council authorizing the provincial contribution of one-third of the cost of the new abbey at Marsh bridge. Until he received this department was unable to proceed with the matter.

This document has now been placed in the hands of the Minister, and he has accordingly instructed his engineers to go over Engineer Murdoch's plans and estimate the amount the Dominion government will contribute towards the work.

MRS. ASTOR MAKES CHARGE AGAINST NEW YORK SOCIETY

The Says Entertainments Savor of Circus Performance.

NEW YORK, Sept. 17.—"I hope my influence will be felt in one thing, and that is in discountenancing the undignified methods employed by some New York women to attract a following. They have given entertainments that savor of a circus tent rather than in a gentleman's house."

Such is, perhaps, the most striking utterance in an interview with Mrs. Astor, who was for years the leader of New York society, the pattern of elegance and refinement in the social world in America. Mrs. Astor, born Schermerhorn, is the oldest member of the Astor family. She has relinquished her active role as queen of society, and perhaps free to break the silence she maintained toward the public.

"The best women in New York society, those of the greatest influence and those who give it its true tone, are almost unknown outside of their own circle. Society newspaper not only is interesting to them, as it is to me, as a study, a very amusing one, sometimes, as one gains a glimpse of the social scene, but it is also a means of keeping them up to date on the fact that they have discarded socks or once wore blue jeans, and do not know even by sight. Many of our Senators and Congressmen seem to base their title to public favor upon their uncouth manners and lack of refinement upon the fact that they have discarded socks or once wore blue jeans. "Although I have been in Europe a great deal, I have always returned to my country with renewed interest in it. I believe in a republic, and I believe in a republic in which money has a good deal to say in its course. "In New York society each woman is for herself and trying to outdo the others in lavish display and mad extravagance, with little thought of any ultimate good or any ideal."

LAW AGAINST TEETH AND HAIR

"There was a law once against false teeth," said the antiquary, standing his superb set in a wide smile. "Yes, and if your wife wore false teeth or hair you could divorce her."

He took down a curious old book to prove his statement and read the following from a British act of parliament of 1870:

"That all women, of whatever age, rank, profession or degree, whether single, married or widowed, that shall from after the passing of this act impose upon, seduce and betray into matrimony any of his Majesty's male subjects by means of false hair, false teeth, or any other artificial means, shall incur the penalty of the laws now in force against witchcraft, sorcery and such like malefactors, and the marriage, upon conviction, shall stand null and void."

TURF ENTHUSIASTS WITNESS FOURTEEN EXCELLENT HEATS

Ollie Online, a New Wonder, Captures the 2.25 Class at Chatham—Will-Be-Sure Takes the 2.17 Event—Springhill Stables Carry Off Two Firsts—Earl Grey the Winner of the Three-Minute Class—Fast Time

CHATHAM, N. B., Sept. 17.—Between 1,600 and 1,700 people saw fourteen excellent heats this afternoon in the second day's horse racing. Two were concluding heats in the 2.30 and 2.20 events of Wednesday, and in each of these Springhill stables horses took first money. In fact at one time it looked as though Springhill was going to make practically a clean sweep of the events, having won the 2.30 and 2.20 and having one first in the 2.25 and two firsts in the 2.17, but Ollie Online, Nat McNair's new wonder, came to the front in the 2.25 and took the next three heats, and Will Be Sure, another one of Nat McNair's string, took the third and fourth heats in the 2.17 and second place in the fifth heat, thus giving the North Shore stallion first money in that event.

At the beginning of the race starter Frank J. Power announced that Chatham, in addition to holding the matinee record of 2.10, also held the provincial record for trotters, 2.15, made on Wednesday by Estill Boy. The day was not as good for racing as the opening one, as a fairly strong wind blew down the home stretch. The time, however, was good in each class. The first heat called was the concluding one in the 2.30 class. This went to Blomdon of the Springhill stables in 2.25. Buchanan took second money on Wednesday by Estill Boy. "TONTA" MAN IS MOURNED BY SEVERAL

Clever Swindle Work—BANK TAKEN IN—Worked in Other Towns

"TONTA" Swindle Also

What appears to be a clever swindle costing as it did several citizens, including professional and business men, considerable sums of money, has just been discovered by the sudden disappearance of G. Phillipson, manager and promoter of "Tonta."

Several days ago Phillipson arrived in the city and registered at the Edward Hotel. He stated that he intended to open a branch of his tea business in St. John, and in a few days would be settled in his rooms which he intended to lease at once. Shortly after this he secured quarters in the Bank of Montreal building and a carpenter was employed to make the necessary adjustments and arrange the rooms for the extensive tea business he would carry on. He then inserted advertisements in one of the morning newspapers recommending the public to try "Tonta" tea and advising the people to write for free samples to 44 Prince Wm. street. He did not ask the people to call or mention in the advertisement the name of the company or his own name as manager.

ENGAGES YOUNG MEN.

After the advertisement was inserted he called upon Messrs. Denode and Recker and employed them to look after the branch in this city. One of them was appointed manager. Others were also called upon to enter his employ. Several lawyers were taken into his confidence, and from each of these he borrowed sums of money under false pretences. It is alleged, stating that the sums would be paid back. The 2.25 class, which was the concluding one in the 2.30 class, this went to Blomdon of the Springhill stables in 2.25. Buchanan took second money on Wednesday by Estill Boy.

Time—2.19, 2.18, 2.15, 2.14, 2.13. The officials for the day were: Starter, Frank J. Power, Halifax; Judges, Hugh O'Neil, Fredericton; Alex. Ford, Sackville; R. A. Snowball, Timora, A. H. McLean, Moncton; J. R. Lawlor, Newcastle; Robert Murray, Clerk of course, Fred E. Jordan, Veigher, A. S. Ullock, Distance Judge, L. W. Strang.
