

BOSTON LETTER.

A More General Observance of Lent Than Has Been.

Bicycle Manufacturing in a Very Bad Shape According to Trade Reports.

Cost of Living Rapidly Increasing—McLaren, in Jail at Manchester, insists that He Came From Fredericton, N. B.—Deaths of Former Provincialists—Lumber and Fish Markets.

(From our own correspondent.) BOSTON, Feb. 15.—Boston is a very dull city just now, the early opening of the Lenten season having placed a quietus on balls, parties and many other events of a festive nature.

The big international sportsmen's show will be opened in Mechanics' building here one week from today (Washington's Birthday).

Rev. Tillet, president of the London Dockmen and British delegates to the last convention of the American Federation of Labor, was in Boston this week.

Rev. Frank L. Vernon, B. D., of North Grafton, has been appointed dean of St. Luke's Episcopal cathedral at Portland in succession to the late Rev. Mr. Vernon.

Mrs. Dorcas H. Lyman of Boston, who was elected president of the Massachusetts department of the Woman's Relief Corps (auxiliary to the Grand Army of the Republic) was born in Liverpool, N. S.

The bicycle manufacturing is in worse shape than ever, according to trade reports.

The Grand Trunk railway is bringing large quantities of birch logs to Portland from Canada for shipment to England.

The cost of living in Boston and other large cities is said to be 40 per cent greater at the present time than it was five or six years ago.

The chamber of commerce states that the shipments of apples to Europe since last autumn include 134,804 barrels from Boston.

John McLaren, the commercial traveler who was arrested at Manchester, N. H., in connection with the disappearance of two little girls, was arraigned in court in that city on Tuesday together with two other men.

The following deaths of former provincialists are announced: In Malden, Feb. 10, Hiram English, aged 76 years, formerly of St. John; in Hyde Park, Feb. 11, Hugh Fraser, aged 42 years, native of Antigonish; in South Boston, Feb. 7, Albert A. Fielding, aged 80 years, formerly of Halifax; in Roxbury, Feb. 8, Mrs. Anna Welch, formerly of Halifax; in Cambridgeport, Feb. 10, Mrs. Sarah Walton, widow of Bethel Walton of Cape Breton; in this city, Feb. 12, Angus Macdonald, of Belfast, P. E. I.

Among provincialists in town of late were the following named: G. S. Cushing, St. John; J. Smith, Sackville; G. W. Gagnon and Mrs. Gagnon, St. Stephen; A. F. Armstrong, J. G. Black, A. Downey, J. F. Shattford, H. Graham, Mrs. Graham, Miss Graham, Halifax; E. G. J. Vooght and Mrs. Vooght, North Sydney, C. E.

The Providence Journal says: "There is not yet a transatlantic route in this country, in spite of all the rumors of plans for such a line at the time of the Northern Pacific fight for control."

Paris, Feb. 18.—The Temps, in an authorized note, says that only Messrs. Wessels and Wolmarans, of the Boer delegates in Europe have sailed for the United States, and that Mr. Fischer remains in Brussels.

London, Feb. 17.—In a despatch from Amsterdam the correspondent of the Daily Graphic reports that the tour in the United States of Messrs. Wessels and Wolmarans, and that they intend to exploit the diplomatic disclosures in the matter of the Spanish-American war dispute.

London, Feb. 18.—Messrs. Wessels and Wolmarans expect to land at New York simultaneously with Prince Henry. The Boer delegates will visit New York, Philadelphia, Boston, Chicago, New Orleans, St. Louis and San Francisco.

London, Feb. 18.—Mr. De Wet in an interview held at Marlborough House, said that two of her sons were still fighting with their father. She regretted that the government had not permitted her to communicate with her husband, and said she would never surrender. Mrs. De Wet declared she would rather see her husband die than submit.

SALT LAKE, Utah, Feb. 18.—Three thousand western horses, known as "Cayuses," gathered from the ranges of the Inter-Mountain states, are to be shipped to South Africa for use in the British army. The animals were purchased by agents of the British army, who had been scouring the country for weeks.

Paris, Feb. 17.—Dr. Leyds, the European agent of the Boers, who is now in the city, was questioned by the Associated Press correspondent today regarding the object of the mission to the United States of the Boer delegates, Messrs. Wessels and Wolmarans, who sailed for New York from Boulogne, Feb. 10, on the Steamer Rotterdam. He replied that they were merely going to America in response to invitations from American pro-Boers, with the view of reaching an arrangement for the distribution of funds and other assistance contributed by the people of the United States towards the Boer cause.

In other quarters, however, the impression obtained that the journey is prompted by the developments of the Anglo-German controversy as to the attitude of the powers previous to the Spanish-American war, which the members of the Boer delegation believe has produced a change of sentiment in the United States towards Great Britain, on account of the pro-Spanish action attributed to Lord Pauncefote, the British ambassador at Washington, in April 1898. The Boers hope to utilize this supposed revulsion of feeling in an endeavor to get the United States gov-

ernment to modify its attitude towards mediation.

NEW YORK, Feb. 17.—It has been announced that Dr. Mueller, the former consul of the Orange, Free State to the Hague, was one of the passengers on the Memphis, S. East, which arrived here yesterday. It was said that Dr. Mueller was sailing under the name of F. Castberg, so that his departure from Europe might be kept a secret.

Henry Muller the Boer emissary has been in this country for a month. He has been travelling through the western part of the state. I think he is so named that he will come to this city very soon. Just when, I do not know.

OTTAWA, Feb. 18.—The Governor General received a cable today announcing the dangerous illness of Trooper Wm. Downing, of the S. A. C., at Vet River, from enteric fever. His sister is Miss M. Downing, 50 Stanley street, which she is visiting.

OTTAWA, Feb. 18.—The period for seal-hog net fishing has been extended until 15th February owing to poor weather.

The western train today brought in Thomas Barrie, M. P., and Mr. Maxwell, M. P., from British Columbia. Through the unsetting of Col. Prior, M. P., Mr. Barrie is now the only conservative member from that province and can look on with indifference while the British Columbia gift delegation fight it out among themselves.

The drawing room held by their excellencies in the senate chamber last evening was the largest function of the kind since 1888. Over 700 persons were present, these coming from every part of Canada.

Following is the reply received by Lester from the Marchioness of Dufferin in Canada's message of sympathy to "Chandos," Feb. 15.—"My heartiest thanks to the government of Canada for their expression of sympathy with me in my great sorrow. My husband loved Canada and was ever grateful for kindness and affection shown him by her people."

MADE A MILLION.—A woman's strike in the Klondike.—Mrs. Charles Purdy Came Home With a Fortune.

London, Feb. 17.—Mrs. Charles Purdy, well known in this city, has put the crowning touch to a rather romantic career by her return to her old home after a four-year sojourn in the Klondike region, bringing with her something over \$1,000,000, and retaining still an interest in some Klondike mining properties.

Mrs. Purdy has a host of Toledo friends. She was for years a milliner of La Grange street, and a noted city belle, credited with as long a string of admirers as any other young woman in a city of pretty women.

She was, while very young, left an orphan and adopted by Capt. Purdy, a prominent mining man. Later she married his son, Charles Purdy. Purdy was at that time manager of the Toledo transfer company and brother-in-law of M. J. Enright, president of the company.

Quitting this position, Purdy worked for a time on the Lake Shore road, but lost that position and with his wife went to Vancouver. This was six years ago. At Vancouver the couple separated.

She wrote went on to the Klondike, the husband returned to Tacoma, where he secured a position as motor-man on a street car, a position he still held the last time Mrs. Purdy heard of him.

On reaching the Klondike Mrs. Purdy started a hotel and boarding house near White Pass, at the point where the great mass of miners crossed the Yukon river. She was an excellent cook and manager and her hotel became popular.

She made money rapidly, but her idea was not to make a fortune by hotel-keeping, but more rapidly by mining investments, and as a result she saved the bulk of her fortune.

Her first lucky strike was in buying third interest in a claim, which later she sold eight months later for \$200,000. This winter she concluded that her stake was sufficient and pulled out, selling what she could dispose of for something over a million and holding the remainder.

Six weeks ago she returned quietly to this city and registered at the hotel Madison, where she had entertained old friends for some time before her good fortune was made known, though the lavishness of her attire and her jewelry made it apparent that she had done well during her absence.

She has gone now for an extended tour in Europe, after which she will return to Toledo, to make her permanent home here. Mrs. Purdy is 35 years old, but does not look to be more than 25.

AT THE CHANGE OF LIFE.—This trying period in woman's life usually comes between the ages of forty and fifty years and is marked by irritability, headache, dizziness, irregular menses, faint appetite, forebodings of evil, palpitation of the heart and constipation. Dr. Chase's Nerve Food is above all a woman's medicine because it helps her safely through this trying period. It enriches the blood, strengthens the nerves, regulates the functions of the feminine organs and tones and invigorates the whole body.

medium, \$5.25 to 5.50; large pickled, \$4.75 to 5; medium, \$4.43 to 4.75. For pickled herring the market is well held, as the supply is only moderate.

Nova Scotia large split herring are quoted at \$5.25 to 5.75, and medium at \$5.25 to 5.50. Canned lobsters are firmer at \$2.65 to 2.75 for 1-lb. tins. Live lobsters are firm at 18 cents, and balled at 20. Smelts are worth 7 to 9 cents for frozen at first hands, and 12 to 14 cents for extra.

SOUTH AFRICA.

Shipping Mules from Utah for the British Army—Delegates to U. S.

OTTAWA, Feb. 18.—The Governor General received a cable today announcing the dangerous illness of Trooper Wm. Downing, of the S. A. C., at Vet River, from enteric fever.

OTTAWA, Feb. 18.—The period for seal-hog net fishing has been extended until 15th February owing to poor weather.

The western train today brought in Thomas Barrie, M. P., and Mr. Maxwell, M. P., from British Columbia.

Another Cut.

This time the prices on Men's and Boys' Suits and Pants have suffered, and as a result Great Bargains are being offered in these lines.

Men's \$5.00 Suits, Reduced to \$3.00. Men's \$6.00 Suits, Reduced to \$4.75. Men's \$10.00 Suits, Reduced to \$8.00. Men's \$1.25 Pants, Reduced to 75 cents.

Boys Suits at greatly reduced prices, 75c and up. Our space here will only allow us to mention a few of the many bargains we are offering.

Overcoats and Reefers advertised last week are going fast. MAIL ORDERS RECEIVE CAREFUL ATTENTION.

J. N. HARVEY, 199 UNION STREET, Opera House Block, St. John, N. B.

TWO THOUSAND KILLED, And 4,000 Houses Destroyed by the Earthquake at Shamaka.

BAKU, Transcaucasia, Feb. 17.—Deaths which are slowly reaching Baku from Shamaka, about seventy miles from here, show that two thousand persons, mostly women and children, perished as a result of the earthquake last week and about 4,000 houses were destroyed.

To add to the terrors of the neighborhood, a volcano near the village of Marazy to the eastward of Shamaka, has broken out into active eruption.

Immense flames and streams of lava are being thrown out. The course of the river Geonchik has been altered in consequence, having its bed dammed with earth which has been dislodged by the earthquake.

Battalions of guards and detachments of sappers, with tents, have been despatched to Shamaka to aid in the work of rescue. The Red Cross society is active in alleviating distress.

MISS STONE Still Linger in the Brigands' Camp. LONDON, Feb. 18.—A despatch to the Daily Graphic from Bursa, European Turkey, dated Feb. 17, says that M. Gargulo, dragoman of the American legation at Constantinople, and W. W. Peet, treasurer of the American mission at Constantinople, met the brigands on the road to the Podrome monastery and paid them the ransom money Feb. 6.

M. Gargulo is waiting her, continues the correspondent, and is ignorant as to where Miss Stone, the captive American missionary, and her companion, Mrs. Telika, are concealed.

MAY COME TO ST. JOHN. United Irish League Delegates Invited to Visit Quebec. QUEBEC, Feb. 17.—A branch of the United Irish league has been established in this city to further the interest of the movement.

It has been decided to tender an invitation to W. Redmond, brother of John E. Redmond, of Belfast, both of whom are now in the United States, to include Quebec among the cities of Canada which they intend visiting during their forthcoming tour.

ABANDONED IN HALIFAX HARBOR. HALIFAX, N. S., Feb. 15.—The Allan line steamer Grecian, which went ashore a week ago on Sandwich Point in Halifax harbor, has been abandoned. She will be sold at auction as she now lies on Wednesday.

The owners of the Allan line steamer Grecian have abandoned her. A week was spent in the unsuccessful attempt to get her off the rocks. She is advertised to be sold on Wednesday, hull, cargo and everything for spot cash.

The crew will go to England by the Ionian, sailing on Monday night. Captain Harrison and the officers will remain for an investigation, which will take place before the marine court.

N. S. BARK ASHORE. HALIFAX, Feb. 18.—A cable from St. Martins, Dutch West Indies, reports the Nova Scotia brigantine Clio ashore on the bar in a dangerous position. But little hope are entertained of floating the vessel.

There is no insurance. The Clio left Lunenburg January 14th for Demerara, where she arrived and discharged her cargo. Thence she went to St. Martins for salt. On the trip she stranded. The vessel is 168 tons and is owned by Eisenhauer & Co.

RICHMOND, Feb. 17.—The funeral of the late Simon Graham of Boston took place yesterday afternoon. The services at the house and grave were conducted by the Rev. Wm. Atkes of Newcastle. The remains were taken to the Freshyde cemetery at Galloway for interment.

There were fifty sleighs in the funeral procession. The Cunard line have sold the steamer Servia.

A CHANCE TO MAKE MONEY. We are desirous of appointing a few very good reliable men to handle our goods in the Maritime Provinces. Large commission paid and exclusive territory given.

Our lines of Tea, Soap, Stationery, &c., are articles that meet with a ready sale and representatives working for us at the present time are meeting with good success. We do not offer \$2,000 a year to start with, but we will guarantee that any good live man can make a good salary representing us. Address today.

Imperial Supply Co., ST. JOHN, N. B.

BELTING! A man who uses Belting wants something he can depend upon. We would like any person who has not yet done so to try our RED STRIP BAND. Of rubber belting, and are confident the order will be repeated. This belting is the highest grade sold in the Lower Provinces and the prices no more than any other. W. H. THORNE & CO. LTD., ST. JOHN, N. B.

Castoria is a Purgative, Drops neither Opium, or is Pleasant. It is Pleasant. By Millions of all allays Feverish and Colic. Castoria Constipation and Food, regulates Children, giving the Children's Castoria. So well adapted to children and is superior to any other medicine. Castoria, M. D. Brooks, N. B.
