WOMEN ARE NOT PLAYING FAIR

New York, Sept. 22—Women were accused of not "playing fair" by trying to hold on to privileges granted because of weakness and dependence, while at the same time asserting the doctrine of equality with men, in an address delivered today before the international conference of women physicians by Dr. Clelia Mosher of Leland Stanford University. Dr. Mosher declared the old idea that being a woman was a handicap must be given up.

"The new freedom," said Dr. Mosher, "has entailed sometimes no new idea of a wider, more perfect filling of woman's own great place in the world, but has led only to an imitation of the man; an attempt to make herself into what has been characterized as an 'amateur male.'

"We must go back to the old Greek ideal of physical perfection. If we can put aside the old idea that being a woman is a handicap and bring up all girl children of today mentally and physically free, clothe them so that they may be hampered neither in time nor work, there is no limitation on what we may expect from the coming generation."

The Fair Vale Outing Association has purchased the Garde property at Fair Vale, and the residence will be renovated into a clubhouse. The property is situated just below the residence of Major Frost, and is an ideal locality for the purpose.

Baseball Case Nearing Its End

Judge Granted Injunction Restraining Ban Johnson from Using League Funds to Defend Suit.

New York, N. Y., Sept 24.—Supreme Court Justice Wagner today granted an injunction restraining Ban Johnson, President of the American League, from using any portion of the League's sinking fund to defend the suit brought against him by the New York American League Club, in connection with suspension by Johnson of Carl W. Mays, Yankee pitcher.

Justice Wagner also granted another application of the New York Club for permission to file a supplementary complaint in its suit permanently to restrain Mr. Johnson and the St. Louis and Cleveland American League Clubs from interfering with Mays.

According to the club's attorneys, the amended complaint will call attention to resolutions adopted at a special meeting of the League's directors last August, in which Mays' suspension was alleged unlawful and Johnson forbidden to take similar action in the case of any other American League player, unless granted a hearing.
