A Long Distance Telephone Call Gets an Answer at Once

Many a letter of importance to its sender is carelessly tossed aside by its recipient to be answered "later on", which, sometimes, may be translated as "never."

You may have sent a letter which met with such a fate, and can recall the irritation, inconvenience and, perhaps, loss the lack of an answer caused you.

All such worry and vexation can be avoided if, instead of sending your customer a letter, you adopt the plan of saying what you have to say to him by word of mouth over the Long Distance Telephone Lines.

In a talk with him, your minds get definitely together and his answer is forthcoming right away.

Here and There

Lumber industries of British Columbia are sending spruce to Boston and New York, fir to Florida and Cuba, new markets created within the last few months. Demands from regular fir markets in Great Britain, Asia, Australia and South Africa are reported better than normal.

The demand for Canadian flour is increasing rapidly in the Orient. This year 347,760 barrels of flour were exported from Medicine Hat mostly for the East. Great Britain is Canada's best customer for wheat flour, having taken 130,000 barrels of the total of 684,698 barrels exported during the month of August.

The Canadian Pacific Rockies are not "shot up" yet. Following a 30-day hunting trip, Mr. and Mrs. Kollock, of Los Angeles, told of deer that prowled all around in numbers; rams and mountain sheep in abundance; lakes full of trout caught with every throw of the line.

Despite alleged trade depression and "blue rule" talk, during the week ending October 31, 1925, 67 new companies were formed with authorized capital of \$151,658,000, as compared with 90 companies with \$112,614,875 capital the previous week and with 37 companies with \$7,568,000 capital, the corresponding week of last year.

During the 96 hours from Monday, November 9, to Thursday, November 12, the Canadian Pacific Railway loaded a car of grain every 56 seconds, the total being 6,150 cars. On Wednesday 1,806 cars were loaded and on Thursday 1,818, while the record for the year and for many years past was reached on Friday, November 13, when 1,894 cars were loaded.

Involving the use of 3½ million tons of crushed rock, or about 70,000 carloads, approximately 1,000 miles along the Canadian Pacific Railway, Eastern Lines, have been ballasted with rock to date. Rock ballast is dustless and there is a very great increase in comfort for the passenger. Rock ballasting also increases the strength of the track and otherwise improves its physical condition as to drainage and other matters.

The Canadian Pacific Railway has announced the offer of three free scholarships to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees. The scholarships cover four years tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University and are subject to competitive examination.

Taking steps in the United States toward a greater recognition of clean sportsmanship and the need of conservation of fish, game and forest resources, Oskar Ripley, of Tennessee, editor of Field and Stream, Outdoor Life, Outing, announced at Montreal recently that catching game fish with worms had been banned in practically all states of the republic. Worm fishing is considered destructive as small fish returned to the water are too badly wounded to live.

Sugar beet production in Canada is increasing on a phenomenal scale while the value of refined beet sugar has increased about 100 per cent. In 1924, 31,111 acres were planted to sugar beets yielding 295,177 tons of beets, from which 85,770,709 pounds of sugar was refined with a value of \$6,192,445. In 1925 there was a yield of 169,200 tons of beets from 17,941 acres. The value of the 39,423,160 pounds of sugar refined was \$3,745,200.

Our Classified Adv. Section bring great results. Try them and be convinced.

MAINTENANCE AND EXTENSION

A message from Principal MacKinnon.

The United Church of Canada, Halifax, N. S., Nov. 3, 1925.

Dear Mr. Walker:

No one can easily forget the deep emotions of June 10th last, when the hopes and longings of many years were realized and the United Church of Canada was born.

Scarcely a moment is the campaign of the coming week, which is going to determine whether the United Church can carry the burdens which she then assumed. Thousands of eyes are upon her from the eager waiting toiler on the far off firing line in the Mission Field to the unbelieving critic at our doors who watches her with scornful wonder.

What new hopes will be born in all hearts? What new incentive will be given to every department of her work when it is announced that no single Home Mission Field will be abandoned, not a Foreign Missionary recalled, not a native helper dismissed?

The prospects are very bright. Never have our business men shown a keener interest. Never have special contributions been so willingly pledged. It remains for our churches to gather in the pennies that even the least may have a share in this great work.

I am enclosing "Report Bulletin" from headquarters, which contains some suggestions that I hope you may be able to follow.

Please send all reports by card or otherwise to Rev. J. W. McDonald, Amherst, as well as to Presbytery's Committee.

Praying that rich spiritual blessings may follow the gifts and sacrifices of your congregation, I remain, Yours very truly,

Clarence MacKinnon,

President of Conference & Chairman of Maintenance Committee.

Reason on love, and you will lose your reason.

The art of pleasing is the art of deceiving.
