magistrate advised them should the weather permit, to go ahead with the work on Sunday. If they did not, they should be able to afford to lose any of it.

New wheat is being marketed at Glencoe quite freely at one dollar per bushel standard. The sample is said to be good and the yield from 35 to 40 bushels to the acre.

Despite the unfavorable weather conditions that have prevailed during the last few weeks, Ontario will still have a good average crop, and perhaps a little better, according to reports which have come in to the department of agriculture.

Road maintenance is just as necessary as road building. A little attention occasionally with scraper or leveler would keep almost any road in good condition at little expense. The knowing how and when to get to work and then getting at it is what counts.

The annual picnic of Burns' church, Mosca, will be held on Labor Day (Sept. 6) in Archie L. Munroe's grove, Kilmartin. An exceptionally good program is being prepared, which will include the London Pipe Band and favorite entertainers in song, story and speech.

In compliance with the proclamation of the provincial executive asking that Wednesday last be observed as a day of special prayers for the success of the cause for which the Red Cross is working, and the date being the anniversary of the declaration of war, a union service was held in St. John's church in the evening. Rev. Mr. Owen conducted the service, and the hymns suitable to the occasion were sung and the meeting closed with the National Anthem and the benediction.

The home of Mrs. Chas. Small, 844 Stedwell street, London, presented a very pretty appearance on Tuesday evening, August 18th, being the birthday of her granddaughter, Estella Smith, of Glencoe. A number of the young lady friends of Estella came in and surprised her. The tea room was decorated with sweet peas, and a dainty luncheon awaited them. Much merriment was created in the finding of treasure hidden in the birthday cake. Prizes were given for these articles. After luncheon the evening was spent in games and music.

At last we are getting some good harvest weather, and the farmers are working like trojans and rejoicing at the same time. Around Glencoe crops have suffered but little from the wet weather. The yield was never so abundant, and while there are a few complaints of wheat beginning to sprout in the shock, it is believed that with favorable weather for the next few days the grain crops generally will be housed in good condition. There is still some hay out in the stock and field and since it has not yet been cut, all practically uninjured.
