The Ounce of Prevention

It is the "ounce of prevention" which today inspires medical science in its fight for the race. Vaccines, sanitation, health departments, all carry forward the good work of *Sickness Prevention*. Science has now developed an agent that effectively meets the condition which is the originating point of over 90% of all sickness—constipation.

That effective agent is Nujol.

The dangers of constipation are so widespread because through self-poisoning it reduces the body's power of resistance. Nujol by relieving constipation prevents the absorption of poisons which otherwise would be taken into the blood and undermine the whole system.

Leading medical authorities agree that pills, salts, castor oil, etc., simply force and weaken the system.

But Nujol is different.

Nujol softens the food waste and encourages the intestinal muscles to act naturally. Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—free, write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.

Christmas Chimes

By O. F. PEIFFER

His village chimes rang out a mellow strain clear and vibrant as golden beads dropped into a crystal dish, but Adam Marsh drew his worn fur cap down clear about his ears and scowlingly took a shortcut towards his desolate home.

He had neither chick nor child, only money. He hardened his soul against untold suggestions and tried to glory in the humanizing influence of home, social friendship and "the folly called love!" Then he came to a sudden halt and sprang behind a tree.

There was a light in the room where he slept. Against the lamp light there was outlined the figure of a roughly dressed man standing at an open bureau. Marsh stole to the kitchen, took down an ancient horse pistol,

and, gliding to the door of the lighted room, burst in. "What are you doing here?" he shouted out. "Hands up!" It was rather a weak than an evil face that confronted him. Its owner looked crestfallen, rather than evil. "I—I was looking for something to eat," he stammered out.

"That's likely outside of the kitchen, isn't it, now?" snarled Marsh derisively.

"Well then, finding nothing in the kitchen I hoped I could pick up some little trifle that would bring me a meal. Say, I'm not a genuine had one. I never touched a cent that was not my own until this very day. And this has so shamed me, that all I ask is strength to carry back what I took."

"Tah!" jeered Marsh. "Sort of robbing Peter to pay Paul, hey? Now then, I'll run no risks of your turning on me. Empty your pockets," and the man disgorged a rusted jackknife and something that gleamed with the glint of gold.

"Back to your room," ordered Marsh raspingly. "What's this?" and his nimble fingers clutched a locket and chain the other had placed on the table.

"It isn't yours, nor mine!" burst out the intruder. "Say, I must take that back where it belongs. Listen to me. It was ten miles down the road, in a wretched little hotel. In the front room was a pale, worried woman attending to her sick husband. In a back room was a little angel of a girl

child, asleep on a torn thin blanket. I noticed the chain and locket around the child's throat. I sneaked up and took it. I've a wife and two little tots in the city; lost my job and was wrangling, looking for work. I was frantic as I thought of their wretched Christmas and I hurried away to sell the trinket and steal a ride home on the bumpers. Don't shoot!" for Marsh, opening the door, saw the girl's picture within reach from head to foot, and with glaring eyes viewed the locket as though it were some boding wrath.

Ah! how it recalled to him the bright, sunny-faced daughter he had shut out from heart and home the day she eloped with Rodney Blair. He had never sought to learn of her fate. And now the locket she had worn he had strangely found, cherished and protected by her little child with his picture still in it.

"My man," he said, "if you will take me to where you found the people you tell of, your dear ones shall have a Christmas, indeed."

"I'll do that, fellow," half sobbed the penitent fellow.

Little Cora Blair was sobbing in her mother's arms as Adam Marsh reached the doorstep of the home of the unfortunate. He heard her say: "Oh, mamma, can't we search for my pretty locket? Every night when I say my prayers and ask a blessing for the dear grandfather I have never seen, I shall miss seeing his picture."

"Merry Christmas and—forgiveness!" spoke Adam Marsh, pushing the door open. "Alice, I've come to make up for my cruelty and neglect." And when the penitent had faithfully returned from the village stores with a heaping basket full of Christmas cheer and gifts for the little one Marsh had ordered, he started for the city with a warm, snug roll of bank notes in his hand.

"Now for my own home and the Merry Christmas of my dear ones!" he jubilated. "Oh, I'll never stray away from the straight path and them again!" and in a wild ecstasy he sang in accord with the chinking bells: "Peace on earth and good will to all men!"

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says Glass of Hot Water With Phosphate Before Breakfast Washes Out Poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, slow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, set from your pharmacist a quarter glass of limestone phosphate, which is inexpensive and almost tasteless. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of WATER.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood in 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, an dhas been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and back-ache.
