

APPRECIATIONS AND ENCOURAGEMENT

From a member at McMurrich, Ontario.

"I received my second copy of the Canadian Forestry Magazine. The contents just suit me to a knock-down."

From Dr. G. J. Hope, Edmonton, Alberta.

"I am very much delighted with your magazine and have been doing what I can to help it along."

From R. W. Manley, Barrister, Wetaskiwin, Alberta.

Be assured that my very best wishes go with you in your work and the magazine is one of the periodicals that I read most regularly.

From J. B. Sibbald, Jr., Jackson Point, Ontario.

"I would certainly appreciate the forwarding of the Canadian Forestry Magazine. I did not know it existed until a friend lent me a copy yesterday."

From J. H. Jenkins, North Vancouver, B.C.

"I would like to congratulate you on the great improvement in the magazine and assure you of my support in all work in connection with Forestry."

From I. C. Prescott, Albert, New Brunswick.

Herewith enclosed please find cheque for \$27.15. \$2.00 is for one year's arrears, and \$25.00 is for a life subscription."

From R. W. MacIntyre, Victoria, B.C.

Please find enclosed annual subscription. Keep the good work going with a solid "punch" back of it to wake up the dormant conscience of the nation before the substance (timber) is replaced by the shadow (smoke).

From Chas. O. Smith, Editor, The Calgary Herald.

"It is part of our policy to support the work in which you are engaged. We strongly approve of it and regard it as a work very valuable to Canada. We frequently quote from the Forestry Magazine in the Herald and find it particularly useful during such campaigns as we are now having in Calgary to arouse interest in tree planting week."

From the Annual Report, G. H. Prince, Esq., Chief Forester of New Brunswick.

"The Canadian Forestry Association made a tour of the Province during January and February lecturing and showing moving pictures. The Forest Exhibits Car made a trip through the Province in October giving lectures illustrated with pictures. In this way a large part of the population was reached with fire protection propaganda and it is felt that this means of educating the people is producing excellent results. The work of the Canadian Forestry Association is showing results in New Brunswick."

Bureau of Canadian Information

THE CANADIAN PACIFIC RAILWAY, through its Bureau of Canadian Information will furnish you with the latest reliable information on every phase of industrial and agricultural development in Canada. In the Reference Libraries maintained at Chicago, New York, and Montreal are complete data on natural resources, climate, labor, transportation, business openings, etc., in Canada. Additional data is constantly being added.

No charge or obligation attaches to this Service. Business organizations are invited to make use of it.
