THE BERLINER GRAMOPHONE.

The Gramophone is really the great wonder of the age. It reproduces to you, in your own
home any time you want it, the great selections of music of the best composers, singing and
bands, etc., of the world. It educates as well as amuses. It sings and plays everything. The
best interpretations of every style of music. The best comic songs, the best speakers are faith-
fully reproduced just when you want them. Even long after the speakers or singers are dead,
you can recall their speeches and songs in the same living tone in the Berliner Gramophone.

It is Splendid for Home Entertainments, Parties, and Dancing Parties.

We are General Agents for Manitoba, Saskatchewan and Alberta. Every record
is listed here at Winnipeg, the same as at Montreal, and by buying from us at Winnipeg you save
a great difference in express charges, besides valuable time.

Berliner Records are now made from the celebrated Victor Mottices. These have long
been considered by the best experts in the world to be the acme of perfection. The Berliner
Company have purchased the right to use these Victor Mottices in Canada at a big cost but the
great results obtained has justified the expenditure. The Berliner Gramophone is the best
machine to have, but no matter what machine you possess, to obtain genuine true sound you
must have Berliner Records made under the new process. They fit every disc machine made.

Type "E."
Complete with 16-inch
black and brass horn.
