Is the current trend in Canada bothering you?

When you read the news last week did you feel a sudden surge of confidence in your government? Did the Trudeau press conference on Sunday really make you feel that the whole incident was under control? Did the knowledge that over three hundred of those nasty F10 submarines had been arrested in your home get you excited? Were you happy in the safety of your own home knowing your children were safe from nuclear bombings and nuclear? You were weren't you? You weren't dropped out of your home and blown up just with the force of the charge and instead were a phone call away from your own children who were safe in a state of apprehensive excitement? Don't you feel that we're looking after you and your loved ones.

You're in good hands with

**POLICE STATE**

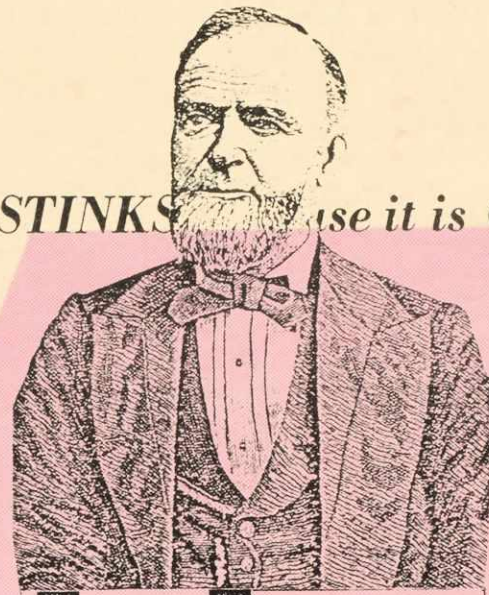

Police State is a wholly owned subsidiary of the American English (Canada) Ltd. with branch offices the world over to serve you best.

Remember the war measures act?

Security measures flight  
Degree sign of friendship — Tito

Security measures flight  
The security measures taken by the government of Canada in the wake of the assassination of Dr. Martin Luther King are a cause for concern. The government has taken a number of steps to ensure the safety of its citizens, including the implementation of a curfew and the deployment of additional police forces. These measures are necessary to maintain order and prevent further acts of violence. The government is committed to the safety and well-being of its citizens and will continue to take all necessary steps to ensure a secure and stable environment.

Tito got a degree — so can you!
