

2. The obligatory subjects, and the minimum total number of units for each, would be:

Mother tongue	16 Units.
Second language	11 —
Latin	13 —
History and Geography	8 —
Mathematics	11 —
	<hr/>
Total	59 —

3. The optional subjects would be:

- Greek,
- Science,
- Drawing,
- Foreign Languages.

4. Any candidate, having studied in any institution of which the five years as above do not come up to the requirements as defined, may make up his total to the required minimum by spending an additional year in study.

d) During the five years above mentioned, the candidate must have passed all required examinations in each year, and must produce certificates to this effect, with mention of the marks obtained, such certificates to be signed by the Principal in the case of the High School and by the Registrar of the University in the case of the 1st year University Arts Course.

e) Any candidate failing to comply with the above requirements must pass an examination, the programme of which would be set by the professional Bodies. No candidate could present himself for such examination before the age of 20 years.

f) The present regulation would be provisional. At such time as the Bodies may decide, the minimum number of years of study may be increased until the full High School and Arts Course is required.

g) The application of these regulations might be entrusted to a Committee of experts appointed by the Boards of the professions who would report on their activities to the Boards.
