His Grace, the Archbishop, left for England, to attend the Pan-Anglican Congress and the Lambeth Conference on May 14th. He was accompanied by Mrs. Sweatman and Miss Gladys Sweatman. Previous to his departure the Cathedral Chapter presented him with the following expression of regard:

Toronto, May 1st, 1908.

The Most Reverend the Lord Archbishop of Toronto and Primate of all Canada:

Your Grace,—At the meeting of the Great Chapter of the Cathedral of St. Alban the Martyr, Toronto, we, the members present, are reminded that your Grace is passing another anniversary of your consecration to the Episcopate.

Twenty-nine years ago, on this Festival of S. S. Philip and James, you came amongst us to be our Father in God, and as we review all the way the Divine Head of the Church has led you through these years up to the present high and exalted position of Primate of all Canada, we are constrained to thank Him, to congratulate you, and to express the hope that He may spare you in this office to serve Him yet through coming years.

The Chapter takes the opportunity of your approaching visit to England to attend, as Archbishop of Toronto and Primate of all Canada, the Great Pan-Anglican Congress in June and the Lambeth Conference in July, to wish you a safe and pleasant journey, a happy and satisfactory visit in the Old Land and a healthful return amongst us.

With the assurance of our prayers and best wishes,

We are, on behalf of the Chapter,

Your Faithful and Dutiful Servants,  
J. FIELDING SWEENEY, GEORGE WARREN,  
Archdeacon. Archdeacon.

On the evening before he left, the Sidesmen of the Cathedral assembled in the Library, and presented His Grace with an umbrella suitable to the dignity of the Primate of Canada and appropriately inscribed, Mr. Hall being the spokesman, while Mr. Chadwick, on behalf of members of the congregation, presented Mrs. Sweatman with a large spray of roses to take with her on her journey. The boys of the school, of their own motion, presented His Grace with a handsome cane, a gift which he evidently appreciated highly.

## ST. ALBAN'S CATHEDRAL BRANCH OF THE JUNIOR GIRLS' AUXILIARY.

We have had 29 meetings of the branch in the past year, with an average attendance of 20 members.

There are six new members this year, which makes our total membership amount to 43.

We sent a box of Christmas gifts to the Rev. Mr. Archbold, Minden, on December 13, 1907.

We are now sewing quilts for the Shingwauk Home.  
DAISY RANDALL, Secretary.

Their Excellencies, the Earl and Countess Grey, accompanied by Lady Sibill Grey, and an Aide de Camp, attended the morning service at the Cathedral on Sunday, 24th May, Victoria Day.

The Rev. A. U. DePencier, formerly Priest-Vicar of St. Alban's, and late Rector of St. Matthew's, Brandon, Manitoba, has been appointed Rector of St. Paul's, Vancouver, where he is to take charge on 1st August next.

## HUMBERCOURT.

There has been so much said, both in the public press and otherwise, about the moving of the Cathedral school to Weston, that the readers of the Monthly Notes will no doubt be in expectation of some announcement on the subject. Nothing, however, has as yet been decided, but it is probable that the change will be made sooner or later. In the meantime, however, in anticipation of a move becoming necessary, the choice site of Humbercourt has been secured, consisting of a plot of twenty acres or more, lying between the Weston Road and the Humber River, and bounded on the south by the north limit of the village of Weston, which runs at a short distance north of the Grand Trunk Railway. The southerly part of the plot, some six acres in extent, is high land, suitable for cultivation, sloping to a slight depression through which a small rivulet has cut its way by a ravine down to the river. North of the ravine is about six acres of high wooded land, and here is the site selected for the school building, if the change is made. West of the high grounds and at a much lower level, is a river flat of about eight acres—an ideal athletic field. The selected school site looks over the river flat and to the wooded banks beyond, and down the river through the Grand Trunk Railway bridge, almost to Wadsworth's dam. The river as it flows past the flat, is about from two to four feet in depth, with, it is said, very little variation at any time of the year; and we are informed that there is a reach for boating of some four miles. The trolley line runs to the middle of the village of Weston, from which point there is a concrete walk to the village limit, at the southeast corner of Humbercourt. It is expected that the trolley line will be extended farther through the village.

Those who furnish matter or information for the Monthly Notes would greatly oblige by doing so in good time. Nearly every month it happens that belated matter causes great inconvenience and sometimes extra expense. The last number (May) was beset with difficulties of this sort, resulting in several annoying typographical errors which have no doubt been observed by readers, and to which no particular reference is now called for, except perhaps to say that it was the printer who expressed a hope that there would be a large increase in the membership, etc., of the League among the Churchwardens of the Diocese, whereas the contributor of the article intended to refer to a much more important and influential class (if our friends the churchwardens will allow us to say so), namely the Church women of the Diocese.
