

MADE IN CANADA

MODERN MODEL FARM EQUIPMENT

Looked at from any view point—that of safety, efficiency, durability or sanitation—sheet metal products for the farmers' house, barn, silo and all outbuildings are best by every test. And

PEDLAR'S PERFECT PRODUCTS

have for 53 years been recognized by the farmers of Canada as standards in each of many lines. They cost no more than other makes, and give better service and satisfaction. For illustrations of the following features, see numbered chart below :

1. Pedlar's Big "George" Shingle (24" x 24") for barns, stables and large buildings. Wind, rain, fire and lightning proof. (Get our free booklet.)
2. Pedlar's "Oshawa" Shingle (16" x 20") for dwellings and smaller buildings. Same quality as the "George" and having all its features, only smaller.
3. Pedlar's "Perfect" Corrugated Siding (painted or galvanized) for barns outbuildings.
4. Pedlar's "Perfect" Silo covers in various sizes and styles.
5. Pedlar's "Perfect" Metal Garages and Portable Metal Buildings.
6. Pedlar's Finials and Ornaments.
7. Pedlar's "Superior" Barn Ventilators.
8. Pedlar's "Rock-faced Stone" Siding.
9. Pedlar's "Perfect" Culverts—Riveted and Nestable.
10. Pedlar's Eaves trough and Conductor Pipe.

Made in endless variety. Large stocks always carried at all branches. Let us figure on your requirements. Send for catalogue of any of the above lines in which you are interested.
