on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

## ORCHARD GROVE HEREFORDS

Young bulls and one- and two-year-old heifers, of show-ring quality and most fashionable breeding; thick-fleshed, smooth and even.

L. O. CLIFFORD, Oshawa, Ont.

### GOSSIP.

Attention is directed to the new advertisement of John F. Richardson, Milton, Ont., in which is offered for sale twenty-five Scotch Shorthorn cattle, of rich breeding, which will be sold at moderate prices, singly, or as a lot.

"My dear," said the young husband, as he took the bottle of milk from the dumb-waiter and held it up to the light, "have you noticed that there's never any cream on this milk?"

"I spoke to the milkman about it," she replied, "and he explained that the company always fills its bottles so full that there's no room for cream on top."

### IMPORTANT AUTUMN ROADWORK.

"There are still some people who have the idea there is no use doing any roadwork in the fall, that the roads then should be left to take care of themselves. I admit it is not the proper time to do grading," writes W. B. Rittenhouse, good-roads apostle of Lincoln County, in the Beamsville Express, "but there is other work that should receive attention before the winter sets in."

"The ditches should be cleaned of grass and weeds. The bridges, culverts, and sluices should all be carefully examined to see that there are no obstructions to the water having a free inlet and outlet. Obstructions in ditches frequently causes them to fill up by holding the wash carried down. They play havoc at bridges and culverts, as well as causing wash-outs in the road, which could often be avoided by a little timely attention and a saving effected."

"All the roads, too, that have been graded this season, if they have not been properly cared for, I mean by that, if they have not been kept clean of grass and weeds between the ditches, as well as in ideal condition as to the surface of the crown, should receive this fall a dressing or cleaning up so that they go into winter quarters in respectable condition. Then they are ready in the spring for the drag to begin its mission of making and maintaining an earth road in ideal condition throughout the season."

"In order to keep a road in condition, especially a clay road, the work, as I have repeatedly advocated, should begin quite early in the season; much can be done before the busy work on the farm begins. By doing the work then, when the road is soft, and continuing operations as it dries, a hard, good roadbed is the result, that tells all season—one that requires little attention, and almost free of dust, one that is a source of pleasure to drive on."

"Splendid work, too, can often be done in the fall when the roads are soft, and even slushy, in shaping them, palling down the elevations and filling up the depressions, by running the drag backwards, especially where a three-blade drag is used. A drag should be used on a road at this season whenever it gets rutted, as it improves the road by maintaining its conformation."

"By attending to this matter at the freezing-up time, or after a thaw, and just before a freeze-up, a road can sometimes be put in prime condition for wheeling or sleighing for months. I say, do not neglect the roads at this or any other season of the year. We spend a great deal of time for business as well as pleasure on the roads; let us make this time as profitable and pleasant as possible by having good roads."

"Just think of the pleasure it affords you in driving over these good roads, add to that the satisfaction it gives or should give you, that others, too, are deriving pleasure thereby, and you must come to the conclusion that he who is engaged in such a pleasure-making occupation, is certainly a fortunate man. Would that many would just try a dose or two and note the effect it has on them."

"I don't know what to make of my nephew George," remarked the elderly professor. "He has such queer, contradictory tastes in music."

"Yes?"

"Yes, I came upon him a little while ago and he was whistling in a dreamy, rapt sort of way, the wedding march from 'Lohengrin.' As soon as he saw me he looked confused, and changed it at once to 'Has Anybody Here Seen Kelly?'"

## Suffered For Years From Pain In The Back and Headache.

Pain in the back is one of the first signs showing that the kidneys are not in the condition they should be, and it should be attended to immediately for, if neglected, serious kidney troubles are likely to follow. There is no way of getting rid of the backache except through the kidneys, and no medicine so effective for this purpose as Doan's Kidney Pills.

Miss Ida J. Dorian, 28 Spring St., Charlottetown, P.E.I., writes:—"I have received most wonderful benefit from taking Doan's Kidney Pills."

"I suffered for years from headaches and pain in the back, and I consulted doctors and took every remedy obtainable but without any relief until I began taking Doan's Kidney Pills. This was the only medicine that ever did me any real good, as after using several boxes I am now entirely free from all my dreadful headaches and backaches."

"I will always recommend your medicine to any of my friends who are troubled as I was."

### NO NEED OF WORRY.

Aunt Elsie had promised Eleanor, who was just five, something nice if she would meet her at the store at a certain hour.

"Well, auntie, if I'm not there you'll know where I am," said little Eleanor.

"Why, where will you be, dear?"

"Oh, I'll be coming," replied Elsie, sweetly.

## WHOLE COUNTY IS RINGING WITH IT

**Wonderful Cure of Rheumatism By Dodd's Kidney Pills.**

**Mrs. Hutchins, of Dunham, Quebec, could not walk across the room—Story of her speedy and complete cure.**

Dunham, Que., October 31.—(Special.)—Missisquoi county is ringing with the story of Mrs. G. M. Hutchins, who, after suffering from Rheumatism, Lumbago and Neuralgia, is again a strong, hearty woman. In an interview, Mrs. Hutchins says:

"I was affected with Rheumatism, Neuralgia and Lumbago. My limbs would swell, my muscles would cramp; I was nervous, and had a heavy, dragging sensation across the loins."

"I could not even walk across the room. Then I started to take Dodd's Kidney Pills, and after taking six boxes, found myself in the best of health—as well as ever I was in my life."

"Mrs. Hutchins' troubles were all caused by Kidney Disease. That's why Dodd's Kidney Pills cured them so completely and quickly. Dodd's Kidney Pills cure only Kidney Disease, but they are a sure cure for any form of it, from Backache to Bright's Disease."
