

DRADER'S - PATENT - SPADE - HARROW!

THE MOST WONDERFUL MACHINE EVER MADE

For making seed bed on fall ploughing; for pulverizing clay lumps; for cutting up and pulverizing sod, for making seed bed on corn and pea ground, and for light ploughing on stubble, or working summerfallow. It is composed of 52 steel spades, with 156 sharp ground edges. It will work in any kind of land, and in mucky, clammy soil, where disc harrows and spring-tooth cultivators clog and become useless, this machine will do first-class work. It cuts the ground every two inches and distributes it evenly, leaving no ridges or furrows, and positively no cultivator or harrow ever made can compare with it. Reliable Agents wanted everywhere in the Dominion. For Circulars, Prices, etc., for Manitoba and the Northwest, write Wm. Johnston, Brandon, Man.; for Quebec, write H. J. Latimer, Montreal, Que., and for any other part of the Dominion address the manufacturers, the Wortman & Ward Mfg Co., London, Ont. We also want Agents for Drader's Patent Solid Disc Harrow, Peck's Patent I X L Wind-mill, Hay Forks and Unloaders, Grain Slings, the "Daisy" Barrel Churn, and Pumps of all descriptions.
