SOMETHING WORTH KNOWING

Every little while, says a correspondent, we read in the papers of some one who has stuck a nail in his foot, or hand, or some other portion of his person, and that lock jaw has resulted therefrom, of which the patient died. If every person in the world was a vare of a perfect remedy for all such wounds, and apply it, then all such reports must cease. But although we can give the remedy we cannot enforce the application. Some will not employ it, because they think it too simple; others have no faith in it when they read; while others often think such a wound of small account and not worth fussing over, until it is too late to do any good. Yet, all such wounds can be healed without such fatal consequences as follow them. The remedy is simple, almost always on hand and can be applied by any one, and what is better, it is infallible. It is simply to smoke such wound, or any wound or bruise that is inflamed, with burning wool or woolen cloth. Twenty minutes in the smoke of wool will take the pain out of the worst wound, and repeated once or twice, it will allay the worst case of inflammation arising from a wound we ever saw. People may sneer at the old woman's remedy as much as they please, but when they are afflicted just let them try it. It has saved many lives and much pain, and is worthy of being printed in letters of gold and put in every home.

WHEN TO WATER HORSES .- Those who have the care of horses should let them have what water they want to drink before feeding them oats or corn, and if half an hour or an hour before, so much the better. If the latter are fed to them first, and they are allowed to drink a good deal of water soon after, much of the oats or corn consumed will be washed or carried through the stomach, into the intestines, without being digested, when instead of benefitting the horse, they de him a positive injury, frequently causing colic inflammation of the bowels, etc. A small quantity of water after a feed would be attended with no such results, but the stomach of the horse is small and cannot hold much feed and water at the same

RAISED BROWN BREAD Get Graham flour fresh from the mill in small quanti-ties, as it soon moulds. Make your sponge the night before, the same as for white bread, using white flour; in the morning divide it, using for the brown one tea-spoonful of satt and a scant cupful of spoonful of sait and a scant cupful of sugar; use just enough graham flour to get it together nicely, and he more; when light make into small loaves; have piepans well buttered; grease the top of the bread by putting on the pan first, then turn; turn the sides under good and keep in a warm (not hot) place; when light, bake. I bake twice a week, white and brown at the same time, both from the same aronge, and make it a point always. same sponge, and make it a point always to have good bread.

One whom we know to be an excellent housekeeper sends to the American Agriculturist the following, which she writes were new to her, and may be to some others at least:—Spots on varnished fur-niture are readily removed by rubbing them with essence of peppermint, and afterwards with "furnituse polish," or oil. Spirits of canphor answers similarly to the essence of peppermint.

BENEFIT OF LAUGHTER.-Probably there is not the remotest corner or little inlet of the minute blood vessels (life ressels) of the body that does not feel some wavelet from the great convulsion (hearty laughter) shaking the central man. The blood moves more lively—probably its chemical, electric, or vital condition is distinctly modified; it conveys a different impression to all the organs of the body as it visits them on that particular journey when the man is laughing, from what it does at other times. And so we doubt not, a good laugh may lengthen a man's life, conveying a distinct stimulus to the vital forces. And the times may come when physicans attending more closely than at present, unfortunately, they are apt to do, to the innumerable subtle influences which the soul exerts upon its tenement of clay shall prescribe to a torpid patient "so many peals of laughter, to be undergone at such and such a time," just as they now do that for an objectionable prescription, a pill, or an electric or galvanic shock; and shall study the best and most effective method of producing the required effect in each patient.

THE ARMY-WORM .- The army-worm which has been devastating parts of Long Island and New Jersey, is so called because it appears in such large numbers, and because, like others of its species, it moves in columns and follows a leader. It is a caterpillar, the larva of a moth, and is noted for its corscity, as it well may be, since it can eat, it is said, more than double its own weight in twenty-four hours. Although less gluttonous, as a rule, it is more destructive than the locust, from its greater fecundity, and wider distribution over the vegetable world. It feeds on leaves, flowers, roots. buds, seeds, even the wood of plants; in-deed, it is nearly omnivorous. The worm is asserted to march in regular and exact order; it lives in society, and moves in procession either in single file, or two, three, and four abreast, the line being so perfect in the columns that the head of one is never beyond the head of another in in the row. It follows the leader, stopping when the leader stops, making journeys from plant to plant or from tree to tree in quest of food, and returning to its nest in the same order. The worms form ranks, march and halt with the precision of soldiers. When several nests are in the same neighborhood, the going forth and coming back of the creeping battalions at the same hour, commonly called nightfall,

is very curious and interesting.

WHY experiment with unknown mixtures without character or reputation, when this world-reself, your family, and your friends a world of suffering nowned PAIN-KILLER which has stood the test of over 40 years, can be had for the same price at any Drug

READ THE FOLLOWING.

OTTAWA, ONT., March 2, 1880, The writer has been selling Perry Davis' Pain-Killer now for the last 27 years, and can confidently recommend it to the public as a sure remedy for Cholera, Diarrhoza, Sore Throat, Chronic Coughs, Bronchitis, Burns, Scalds, &c. Have known it to cure a case of Syphilitis Sore Throat of two years' standing, when all the shaul remedies failed. The patient took half a teaspoonful in water three times a day and gargled the throat three times a day so follows: one teaspoonful in a wine glass of water, and used as a gargle. Yours, H. F. MACCARTHY.

MAITLAND, ONT., February 26, 1880. MAITLAND, OHT., February 86, 1880.

I have much pleasure in adding to the number of the numerous testimonials you have already received, as to the value of your responsed Pain-Killer. I have sold it and used it in my family for twenty years or more, and have no hosisation in saying that it it is the bras patent madicine I have ever used for the purposes for which it is recommended; and, moreover, every purson to whom I have ever sold it, has been perfectly satisfied with it, and I know many persons who will not go to bed at night unless they are there there is a bottle of "Perry Davis" in the house. All who have used it once, will use it again; it makes friends and retains them. Yours truly, JOHN DUMBRILLE, Druggist.

SPENCERVILLE, ONT., February 26, 1880. We have much pleasure in certifying that we have kept Perry Davis' Pain-Killer constantly in stock for upwards of twenty years, during which time it has taken the lead in sales over all other patent preparations, and has become an old, reliable family medicine. No effort is required now on our part to sell it, at it is as staple an article as fleur in our trade.

W. P. IMRIE & CO.

MADOC, ONT., February 16, 1880. It gives me much pleasure to state that during a drug career of more than a quarter convery; I can testly thit year justly celebrated Pain-Killer has not only held its own as a family medicine, but still occupies the front rank wherever duty calls it. By customers speak very highly of it, and I could send no end of testimonials showing up its merits shall intrinsic worth, were it necessary, which it is not, "If "should, however, be called "Excelsion Than Killer." I pride myself in never heing out of it.

Yours very respectfully, JOHN G. DEANS.

We have great pleasure to state that the Pain-Killer holds its position in this place as the old, reliable fainly needing. Although that we a great many other remedies in the market wome bearing nearly the same man and such like names, we find the people know the difference, and are sure to ask for Perry Davis Pain-Killer. We have been selling Pain-Killer for the last fourteen years.

When you ask for a boltle of Paint-Eillen and the gon-tismanky items kingin, spillering scarcely looking, samingly, the "are said only hat have another "article as good on bolte, which calls for the company hat in Easy, the spillery between the time and some free the top or three only and along for the profit which he gift thin he does for your health or happiness. PORTLAND, ONTHE March 9,11880. Thave been using the Paint Killer for many search with results that you'll seathles me to recommend it. As a family medicine, we consider it almost indispensable: being good not only as a basis tiller; but for colds and fore throat, and miny other allmosts to which it appears specially adapted. I have tised it myself, chiefly as a imment, and filld it valuable for rheumation and pains and stillness belonging to old age. If prenounce the Pain-Killer is good abd cheap medicine, and worthy of all acceptation, and bend you this certificate that you may assure the public that it is no humber.

Yours truly. THOS, GRAHAM,

Yours truly, THOS. GRAHAM.

Escort, Our, March 4, 2880.

We hereby certify that we have used Perry Davis Pain-Killer in our families for several years. We consider it a very useful and accordancy article to be kept in all households as a resort in case of accidents and exposure to attacks occasioned by pold. JEREMIAH CURTIN. I. I. DOWSLEY

JOSEPH P. REDMOND ARCH. GREER. MAITLAND, ONT., February 25, 1880.

I have used your ain-Killer for the last twenty years, I carried it with me all through the American War. I believe I would have been dead long ago, if it had not been for your Pain-Killer. I think it is the best remedy in the world for which it is recommended. Yours very truly, N. W. LAFONTAINE.

PORTLAND, ONT., February 26, 1880. I have sold the Perry Davis Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

PRESCOTT, ONT., February 27, 1880. I have sold your Pain-Killer for the last nineteen years in this place, and field safe in recommending it to the public for the diseases given in your circular. I can assure you my customers speak well of it as a general family medicine. It takes the lead of all other similar preparations. Yours, &c.

If you cannot obtain the genuine PAIN - KILLER in your locally, to fact not stery likely to the post of the post o COBOURG, ONT., March 1, 1880. Yours, &c., J. E. KENNEDY.

MADOC, ONT., February 16, 1880. Your Pain-Killer as a family cure all has been in constant use a my household for a long term of years, and I would never de-ire a better on-. It never fails me. I call it the "Old Reliable." Yours very truly, HORACE SEYMOUR.

TAMWORTH, ONT., March 4, 1880. For twenty-three years last past I have sold Perry Davis' Pain-Killer, and have always found it to give good antistaction. I have frequently used it in my family, and received grait benefit from the use of it in that way. Although many imitations of it have been put on the market, and are peaked family wit this old, reliable Perry Davis' Pain-Killer holds its own, and it is a vory popular domestic medicine.

## The PAIN-KILLER

1s recommended by Physicians, Ministers, Missionaries, Managers of Factories, Work-shops, Plantations, Nurses in Hospitals, in short, everybody everywhere who has ever given it a trial-

TAKEN INTERNALLY, it cures Dysentery, Cholers, Diarrhoza, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Liver Complaint, Dyspepsia or Indigestion, Sudden Colds, Sore Throat, Coughs, &c. USED EXTERNALLY, it cares Boile, F lons, Cuts, Bruises, Burns, Scalds,
