THE NEW YORK TRIBUNE FOR 18

THE LARGEST CIRCULATION AMONG THE BEST PEOPLE.

During the past year The New York Tribung reached the largest circulation it ever attained, with the single exception of a short period in the first Lincoln eampaign. It is a larger circulation, and more widely distributed over the whole country that any ever enjoyed by any other newspaper in the United States. This fact may be taken as the verdict of the American People on The Tribung's political force, its fidelity to sound principles, and its merits as a newspaper. For 1881, The Tribung will try to deserve equally well of the public. It will labor for, and it confidently expects the incoming Administration to promote, a free and fair soffiage, South and North, sound money, protection te Home It dustry, judicious liberality in Internal Improvements, and a Civit Service conducted on business principles, on the theory of elevating, not of ignoring or degrating politics.

grading politics.

The well-known special features of THE TRIBUNE will be sectolously maintained. Its Agricultural Department will remain the fullest and best. The Household Department and the Young Fock 'Depariments, the iterary, scientiff and religious leatures, the standard market reports, will all be kept up, and, as opportunity offers, extended.
