The ancient priest, says the New York Independent, contented himself with blessing the warrior's weapons; this modern clergyman manufactures them.

In every city, town, and village of the United Kingdom, meetings will be held on Wednesday, August 4, the anniversary of the declaration of war, to reaffirm Britain's determination to fulfil her vows of victory. All the leaders of the nation are to meet in St. Paul's Cathedral on that day to in-

That would, by preventing cotton exports to the Tenton League, be a body blow to American cotton planters and it is feared it would be followed by the United States Government prohibiting the sale of American munitions to the allies.

piece of mosquito netting over the screen, tying a washer at each corner to hold it down against any breezes.

When the fruit is perfectly dry make it up into packages of about seven (7) pounds weight in good stout paper or cotton, and send it to the Red Cross section in your city. They will undertake to forward it to the boys in the trenches.

Canned fruits are equally acceptable for the hospitals. Take it to the Red Cross headquarters in your town, they will do the rest.

Any club, society or organization which desires further information regarding this movement should drop a line to the Canadian Club, Hamil-ton, Ont., who have things well under
