as Germany could never place her the face of an cremy country,

"We misconstrue reality, if we imagine that it is possible to rid the drawal of the Cerman armies after the dazzling successes which had world of war by means of mutual heen achieved at the beginning agreements. Such agreements will, agreements. Such agreements will in the future as in the past, be con cluded from time to time between States. The further development o and the elimination of many cause of dispute by their agency, lies with-in the realm of possibility, but any such agreements will after all only be treaties which will not on every occasion be capable of holding in "Therefor the idea of a universa

"Therefor the idea of a universal league for the preservation of peace remains a Utopia, and would be felt as an intolerable tutelage by any great and proud-spirited nation. Here, too, let us heed Treitschke's warning when he says: "The idea of one universal empire is odious. The idea of a State coextensive with humanity is no idea at all. In a single State the whole range of culture could never be fully-spanned. The fact that it was precisely the President of the United States of North America who advocated such a brotherhood of nations must in any

pacifism, and so at the bottom noth-ing else than crass materialism. This should eat something which doesn't truth is not altered by the fact that agree with them; if what they eat truth is not altered by the fact that it is wrapt in a hazy garment of idealism, and so seems to hide its real significance from unsuspecting minds. Nor is the truth altered by the appeal to democratic tendencies, for precisely this war is showing that those who at present hold powers in the great, democracles have risked in irresponsible fashion the future of the peoples entrusted to that their guidance.

manity has suffered no spiritu
