## FINE TIME Is Spent by the Royal Templars on a Visit to Hamilton.

The Brantford Royal Templars had a fine time on Monday evening, the occasion being a fraternal visit to the Crown Council of Hamilton. A special car had been chartered and nearly one hundred people made the journey to the "City of the Future." On arrival at Hamilton the Brantfordites were cordially welcomed by the Hamilton brethren, and after much handshaking and hearty greetings, the party adjourned to the Royal Temple Hall, where after the visitors had been welcomed, a splendid programme of music was put on by the Brantford Council. Everyone present was delighted with the various turns and all the artists were loudly applauded and encores demanded. Bro. E. Sherry presided and on the platform were some of Hamilton's best citizens. Amongst the Brantford "heads" on the platform, one noticed Bro. J. W. Shepperson, Bro. W. Carling, etc. The Select Councilors exchanged greetings and the musical part had been gone through. Bro. Shepperson gave an eloquent speech which delighted the large audience. Brantford Council are proud of Bro. Shepperson. Refreshments were then served, and after the "inner man" had received his fill, to say nothing of the "ice-cream" the party broke up and the return journey was made to Brantford, arriving shortly before 1 o'clock. All enjoyed themselves thoroughly, even the conductor of the train, who is a proud member of the Royal Templars.

The following programme was gone through: Chairman's address, Bro. E. Sherry; piano duett, Misses Hazelton and Miles; solo, P. Unsworth, cornet solo, A. Williams; duett, Misses Miles and McGregoir; instrumental, Miss Norris; solo Miss Waldron; recitation, Mr. Joe Jenkins; piano solo, Miss McIsaac; solo, Miss Hazelton; story, Bro. Brown; recitation, Miss E. Glass; solo, Mr. A. Ferrell; solo Miss Miles; speech, Bro. J. W. Shepperson; piano solo, Mr. Dumfries; instrumental, Miss Fuller; solo, Miss Waldron; instrumental, Miss Hazelton; recitation, Miss E. Glass; solo, Mr. Harry Jenkins.

## The Twinges of Lumbago

There is nothing like Dr. Chase's Kidney-Liver Pills to rid the urine acid from the blood and so remove the cause of lumbago and rheumatism.

Mr. John N. Frank, former, Mink Lake, Alta., writes: "For two years I suffered from lumbago. Sharp pains would dart through the back and sides or come on suddenly when bending or twisting of the body. I could not do any work for months of each year, was often confined to the bed, unable to sit or stand. "Since using Dr. Chase's Kidney-Liver Pills I have not lost any time, and have been very greatly benefited. Though I still have slight attacks, this treatment seems to be driving the disease out of the system. "I have been entirely cured of annoying, itching piles of three years' standing by the use of Dr. Chase's Ointment."

## A DEBATE Takes Place Between Orators of Zion Church and Farringdon Society.

On Monday evening the meeting of the Young People's Guild of Zion Church, took the form of a debate with the Farringdon Debating Society, the subject being "Resolved that trusts and combines are not in the best interests of Canada." The affirmative was taken by Zion Guild and the negative by Farringdon Society. Messrs. Pelking and Phillips did the honors for Farringdon, while Mr. W. Clark, and in the absence of the other debater, Rev. G. A. Woodside, for Zion. The debate showed good delivery on the part of the speakers, and the speeches were to the point, the audience manifesting much interest as the debate progressed. The judges, Messrs. McPherson, Kew and T. L. Wood, were absent some time but at last declared the negative the winners by a small margin. During the evening Miss J. A. H. King, a charming solo and Miss Jessie Mitchell contributed a recitation. Dainty refreshments were served, and after speeches from the leader of the affirmative, Mr. W. Clark, and Mr. Noble, President of the Farringdon Society, a social hour was spent in meeting closing with the National Anthem. The attendance was large, and every one was well pleased with the whole evening's programme.

## LAST CALL

## There's 10% Dividends in Corrugated Paper

I have been asked to offer to investors for immediate subscription at par \$20,000.00 worth of the Capital Stock of the **CORRUGATED PAPER COMPANY, Limited**. The offering is a particularly attractive one, and I may say that I have never had the privilege of securing for my clients and friends an investment carrying the apparent market opportunities of this nature. The growth of the business during its brief career has been most and most satisfactory in character, so much so that although the company's plant is taxed to its utmost capacity, the trade continues to call for more and more Corrugated Paper Boxes. The shares are being marketed at \$100.00 par, payable \$50.00 share with order, and balance within 90 days. Applications to have shares reserved may be made by letter of interest, subject to the prospectus, a copy of which will be mailed to interested. Subscription books will remain open for three days, and shares will be allotted in the same order as the applications are received, until the entire offering is marketed. WRITE OR TELEGRAPH TO **Athol George Robertson** Commercial or Financial Agent 58 Colborne Street, Toronto, Ontario Telephone Main 487

## LAST CALL

Jogg's Asthma Remedy is a wonderful curative agent. It immediately relieves the restricted air passages as thousands can testify. It is sold by dealers everywhere.

Remittance box from you must not be sent to the advertiser.

## TOWNSHIP COUNCIL

### And Many County Residents Discuss the Matter of the Lake Erie and Northern Route---A Resolution is Passed.

A meeting of the ratepayers of Brantford Township was held in the Township Clerk's office yesterday afternoon. All the members of the Council were present besides a number of farmers and some from the city. The meeting was called to consider the plans of the proposed Lake Erie and Northern Railway. Reeve Kendrick officiated as chairman and at the outset Mr. A. E. Watts, as solicitor for the Township read the following petition:  
To the Reeve and Councilors of the Township of Brantford:  
Gentlemen,—The undersigned ratepayers of the Township of Brantford, after carefully examining the proposed route of the Lake Erie and Northern Railway along the North River Road of the said Township, humbly beg of your honorable body to do all in your power to prevent any change being made by the said railway to alter the said road from its present, straight course:  
Signed—J. Dutton, R. Sanderson, A. Crawford, F. Crawford, R. Greenwood, F. Luck, F. Stuart, L. T. Sanderson, J. Barron, W. Brittain.  
Mr. W. P. Kellett was present, representing the company. He produced a map of the proposed route which was carefully examined.  
The two principal objections to the route were the several diversions of the highway and the running of the tracks along the river front.  
Mr. Kellett explained that on account of the heavy grades it was necessary to divert the highway. To this the council took exception claiming that the route could be built without any change in the highway. This point was argued on at some length. Mr. Kellett stated that the company intended to erect one overhead bridge and two subways within a very short distance—something no other road had ever done—also against the diversion of the road. Outside of this question most of the men from the county were quite satisfied with the route. After the meeting some of the Council told a Courier representative that they thought the route was all right except the diversion of the highway. As regards the road running along the river front it did not make any

## OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a few Doses are Taken.  
Sleep disturbing, bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life. The new discovery, Croxone, cures all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism and makes the kidneys filter and sift from the blood and drive it out of the system.  
It matters not how old you are or how long you have suffered. Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.  
It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.  
You can obtain an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if Croxone should

difference to them. Others took an opposite view.

Mr. A. E. Watts went carefully over the plans of the proposed route and he too protested strongly against the diversion of the highways.  
Mr. John T. Hewitt on behalf of the residents just outside the city limits protested against the road running along the river front claiming that it would depreciate the value of property and stated that "the alternate route on the other side of the river was a better plan."  
Messrs. M. F. Muir, Jos. Stratford, Thos. Woodyatt and Mr. Van Westrum were present and they too protested against the road running through their properties and along the river front.

Mr. Kellett stated that the road would be an asset to the properties and would not depreciate the values, especially if they ever intended to convert same into city lots.  
Mr. Hewitt claimed as did others that the section of the county proposed to be affected was the most valuable piece of land in the Township, especially for residential purposes.  
An alternate route on the west side of the river was spoken of, but Mr. Scace and Mr. Watts took the stand that it was only a waste of time talking about an alternate route as there was only one route open for discussion and that the meeting was called for that purpose. They were there to consider what steps they should take in the matter of the route, and if it was objectionable then they would have to lay their objections before the Dominion Railway commission.  
After a lot of discussion the following resolution was passed:  
Moved by Mr. Jennings, seconded by Mr. McCann: That this Council objects to the proposed route plan of the Lake Erie and Northern Railway on the following grounds: Subway on the Governor's Road is too small.  
Curtis Avenue is unsafe for public traffic.  
The diversions of the highway at Stations Nos. 204 and 174.  
The unnecessary number of times the railway crosses the highways of the Township and that the Township Solicitor be instructed to file the objections in proper manner before the Board of Railway Commissioners and that the Reeve and Mr. Scace be a committee to present the case for the Township before the commission, carried.

## A Ready Weapon Against Pain!

There is nothing equal to Dr. Thomas' Electric Oil when well rubbed-in. It penetrates the tissues and pain disappears before it. There is no known preparation that will reach the spot quicker than this magic Oil. In consequence it ranks first among liniments now offered to the public and is accorded first place
