

Help! Help! I'm Falling

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! This was because Ayer's Hair Vigor is a regular hair medicine. Falling hair is caused by a germ, and this medicine completely destroys these germs. Then the healthy scalp gives rich, healthy hair.

Forty years ago she was united in marriage with Mr. Samuel Dickson, postmaster of Seaford. FOR GOOD ROADS

While Leeds and Grenville has been rather slow in qualifying for any financial assistance from the government towards a general improvement of our roads, other counties are taking full advantage of the government's generosity.
Speaking before a public gathering a few days ago, Prof. Campbell, Ontario's Highway Commissioner, said that under the statute labor system value is not obtained for the time which is supposed to be spent. Some men will work faithfully under that system, and their labor will be worth \$1.50 per day; some will not put on over 75 cents worth of labor; some will not work at all; and in some cases actual damage is done to the roadway by the labor that is put on. The result is that on the average statute labor as now applied is not worth over 25 cents a day.
"I am prepared," said Mr. Campbell, "to sign a contract at any time where gravel can be conveniently obtained, to macadamise in an ideal way every rod of road on which this expenditure has been made for a sum equal to that already spent, and the result of which spending has been so unsatisfactory."
Dealing with the preliminaries necessary to secure good roads, Mr. Campbell said:
"The first thing to do is to pass a by-law fixing the width of highways within municipal jurisdiction.
"The next is to provide for the abolition of the statute labor, and the raising of the money necessary for the roads in the form of cash.
"The third is to provide for the appointment of a skilled officer, who will have the supervision of all road building within the municipal limits."

ELBE S. S. SOCIAL

Last Wednesday evening a most successful Union Sunday school social was held at Elbe which was attended by a large number of highly delighted friends of the Sunday school. The committee under whose management the entertainment was undertaken was composed of G. F. Osborne, Walter Taber and Munsell Brown and these gentlemen having first of all enlisted the aid of the ladies had an assured success. The chairman Rev. S. J. Hughes of Athens, found prepared for his direction an admirable programme of musical entertainment in addition to the usual features of such socials. Pleasing and educative addresses were given by the chairman and Rev. R. B. Patterson of Athens, Miss Gertrude Forth, of Forthton, whose reputation as a talented entertainer is well established, kindly contributed as did the Misses Gainford, of Athens, whose cornet solos never fail to meet with well deserved applause. Mr. Percival, of Athens, also added greatly to the pleasure of the evening with his instrumental musical selections. Other esteemed contributors to the evening's entertainment were Miss Taplin of Athens at the organ and Miss Culbert, Miss Wiltse and Miss Hughes, all of Athens, whose several vocal solos were received with delighted approval by the large audience present.
As a result of this most enjoyable function the Union Sunday school treasury was enriched by the neat little sum of \$50.—Ex.

A Sustaining Diet

These are the enervating days, when, as somebody has said, men drop by the wayside as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

GETTING WEARY

O I'm tired of the city and the ruthless war of gain,
And I wish that I was back in old Ontario again,
To that little rural village 'mong the ancient Charleston hills—
Seems to me up there's a cordial for a toil worn mortal's ills
I don't want their worldly frillings, nor their polish nor their gloss,
I don't want to be chief factor, I don't want to be the boss;
I've no use for social leaders, for the most are but a bluff,
And I've reasons to be thankful that that I'm not that kind of stuff.
I don't want their civic pickings, and this I will say to you,
I do not try nor I don't want to learn to parley you;
Good old common Anglo Saxon, it is good enough for us,
For I'm just a common mortal and could never classic be.
Furthermore, I'm awful weary of the miserable show
That those college classic fellers make where e'er they chance to go.
They have everything and money tortured with the greatest pains,
But I sigh for schools and teachers that they cannot furnish brains.
I am tired of paint and polish, tired of brag and boast and such,
Tired of worshipping presumptives,
-chaps that don't amount to much,
Back I want to go to Nature, once again to touch her lyre,
Just to be her child and student is the height of my desire;
I am longing for that freedom which the simplest men enjoy,
Far from where the phone and ticker mock the hope which they destroy,
Far away from knowing rabble, far from whistles, bells and gongs,
Where no mad inciters bellow over worldly rights and wrongs.

Dear Sir,—Being laid up with lame back, I thought I would drop you a line to tell you that your St. Regis Lumbago cure will do all you claim for it, as I have only used part of the bottle and I feel no returning symptoms of the disease.
I may say I have been troubled with lame back for the last ten years, and tried several other patent medicines but without results. I can heartily recommend it to any troubled with lame back, and I feel safe in saying that it's the cheapest medicine on the market.

REMARKABLE INVENTION FOR THE CULTURE OF HAIR

THE EVANS VACUUM CAP is a practical invention constructed on scientific and hygienic principles by the simple means of which a free and normal circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the Cap three or four minutes daily.

60 DAYS' FREE TRIAL!
The Company's Guarantee

An EVANS VACUUM CAP will be sent you for sixty days' free trial. If you do not see a gradual development of a new growth of hair, and are not convinced that the Cap will completely restore your hair, you are at liberty to return the Cap with no expense whatever to yourself. It is requested, as an evidence of good faith, that the price of the Cap be deposited with the Chancery Lane Safe Deposit Company of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand without questions or comment, at any time during the trial period.

The eminent Dr. I. N. LOVE, in his address to the Medical Board on the subject of Alopecia (loss of hair) stated that if a means could be devised to bring nutrition to the hair follicles (hair roots), without resorting to any irritating process, the problem of hair growth would be solved. Later on when the EVANS VACUUM CAP was submitted to him for inspection, he remarked that the Cap would fulfil and confirm in practice the observations he had previously made before the Medical Board.
Dr. W. MOORE, referring to the invention says that the principle upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable.
An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free, on application.

FRIENDSHIP
WHAT DOES IT COST YOU

A few days ago two farmers off the B. & W. were seen comparing each others suits.—The taller man said, "You were beat out of \$3.00. Why don't you try Semi-Ready?" The other replied that he was a personal friend of this other merchant and did not like to go past him.

His friendship cost him \$3.00.—You say he was an easy mark, and so he was and yet the bush is full of such people.

Reader, if you buy your clothes at any old price because of friendship, you pay too much—the price is too high for what you get.

Price and Quality are Our Best Salesmen

Style and fit we throw in gratis.
Sir, will you hold on to your friendship, but purchase your next suit from the man that offers you the best for your money? Will you? Will you make up your mind right now so that when you purchase again you will give your money where it belongs, not to the man that can smile the broadest (friendship), but to the man that puts up the best bid for your custom. Do it now.—If not, why not?
