WOMAN'S WORK

OFTEN LEADS TO A BREAK-DOWN IN HEALTH.

Dizziness, Palpitation of the Heart and Other Distressing Symptoms Follow.

Woman's cares about the household are many and often worrying, and it is no wonder that the health of so many give way under the strain. To weak, tired-out, depressed women everywhere, the story of Mrs. Geo. L. Horton, the wife of a well known farmer living near Fenwick, Ont., will come as a message of hope. To a reporter who interviewed her on the subject, Mrs. Fenwick, said:—"Yes, I am quite willing to give my testimony to the great good Dr. Williams' Pink Pills have done me, as my experience may help some other sufferer. A couple of years ago my health began to give way, and I suffered from anaemia, with most of the depressing symptoms of that trouble. I became much emaciated, had distressing headaches, and a very poor appetite. At first I thought the trouble would pass away, but in this I was mistaken, as I continued to grow weaker. My heart began to palpitate violently at the least exertion; my rest at night was broken, and finally I had enough set in, and I was scarcely able to do a bit of work about the house. An aunt in England who had been ill had written me that Dr. Williams' Pink Pills had restored her to health, and I determined to give the pills a trial. After the use of a few boxes I noticed a distinct improvement in my condition, and after using the pills for a few weeks more the trouble had completely left me. I could sleep well at night, the cough left me; the headaches that had made me so miserable vanished, my appetite returned, and I could again perform my household work with ease. I shall always feel grateful for what Dr. Williams' Pink Pills have done for me, and strongly recommend them to other ailing women."

Dr. Williams' Pink Pills have accomplished just such good results in thousands of other cases among ailing men and women, and sufferers from any of the numerous ailments resulting from poor, watery blood who will give these pills a fair trial will soon be on the high road to health and strength. Imitations are sometimes offered by unscrupulous dealers, who care more for their own profit than for their customers' health. Be sure that the full name, "Dr. Williams' Pink Pills for Pale People," is found on the wrapper around every box you buy. If your dealer does not keep these pills send to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed post paid at 50c. per box or six boxes for \$2.50.

It is by presence of mind in untold emergencies that the native metal of man is tested.

Why Catarrh is Fatal
Because it pours a flood of poisons into the circulation that saps strength and digestion so materially as to render the body incapable of resisting disease, and consumption is the result. Catarrh is quickly cured by Catarrhine, a fragrant germ destroyer, which vaporizes and goes to the source of the respiratory organs as Catarrhine. Large outfit \$1. Small size 25c. THE NEW MATERIALS.

Flowered Silks For Evening Wear. Fashionable Rough Goods.

Pompadour and flowered silks of all kinds are very much the fashion. These beautiful silks and broadens are made up into evening gowns and cut very simply. They are often finished around the neck with a bertha of rare lace which almost hides the small sleeve puff.

The flowered broadens are also handsome for lining evening wraps, the lining nowadays being more than two-thirds of the garment.

Three-quarter raincoats made of diagonal are very smart for rainy day and cool weather wear. They are

made with half fitted backs or else with the fullness belted in with a short apron.

The new tailor makes are very fancy in the way of tucks and strappings. Many of the skirts are made half back and finished simply with three long strappings or one long and two short. The long skirts have fairly long trains, and the sides and front are very long.

Rough goods, zibelines and camel's hairs are worn on even dressy occasions when a tailor made is required.

The girl's tailor made illustrated is of dark blue cloth. The blouse jacket is laid in perpendicular folds stitched flat, the wide reversers are of embroidery and the little vest is of the same. The skirt has a plain front breadth, and the sides and back have three gored flounces.

TAILOR MADE SUITS.

Russian Blouse Suits Are No Longer Plain.

Fashionable modesties are using a great deal of ecru and string colored lace on gowns for the autumn season, and if of the heavy guipure type this is most effective on brown, tan and the deeper blue tints of soft woolen material. The Russian blouse or coat is no longer of the plain belted order, but is varied in many ways.

Many of these blouses do not meet in front, but fasten over a plastron of cloth more or less decorated or embroidered, or there is a plain plastron of the material over which is arranged

a full cascade of lace or chiffon or a puffed front of silk or velvet. These plastrons are usually removable and thus admit of variation.

A blouse coat of the deepest green emerald velvet made in this manner was trimmed with jet and had a tucked plastron of tuckered pea de sole increased with motifs of string colored lace. These motifs were so outlined with jet that the light color was almost hidden.

The plain street dress in the picture is of rough gray cloth trimmed with strappings of gray satin. The chemise is of white taffeta and yellow lace.

Pin Your Faith to a SOUVENIR

Not a stove maker in Canada to-day openly disputes the superiority of the "Sovvenir" Range. If that's the fact, you as a prospective stove purchaser need no stronger argument for "pinning your faith" to a "Sovvenir." We claim it to be, without question, the most practical and best constructed Range on the market—view it and test it from what point you may—compare it with the best you know—criticize it as you will—ask any expert stove man to help you pick a fault—you will find there's no point of economy, durability, feature—no odors—and an absolute even, all-round heat. There's a lot of good practical testimony in a "Sovvenir" booklet you can have for the asking—drop a card or see a dealer.
