A Record Breaking Crowd Last Night-Dr. Thornton's Speech.

Something About the Exhibits-The Fair a Big Success-Memorable and Delightful Occasion.

The Big Central School Fair has and the walls of the big school have re-echoed for two days now the praise and wonder of the many who have visited the school. The judging was all completed yesterday and the happy winners are enjoying the fruits of their toil and their ability. The Central School Fair is simply splendid and from the curio exhibit on the upper floor down to the Italian cafe in the kindergarten room there is nothing that wouldn't be a credit to a collegiate. Yesterday the judges were busy completing their work and during the day music and other entertainment was provided for the patrons of the Fair. Thursday night it was thought that there was a large crowd, but the attendance last night was a record maker.

The feature was the boys' graduateclipsed anything given in Chatham

Dr. A. W. Thornton presented the Dr. Cornell medal to Russell Steen for obtaining the highest marks in grade seven. Dr. A. W. Thornton in his remarks extolled the work accomplished by the school. He said that he had heard something o fthe School Fair in his own home and on the streets, but after having seen it with his own eyes he could truthfully say that the half had not been told, and congratulated the teachers on the enterprise which they had shown in presenting to the people of this city an entertainment altogether unique. Dr. Thornton then referred to the change that had taken place in the minds of thoughtful persons in regard to what true education meant and congratulated the rising generation on the fact that education to day was not a mere building in of isolated and often unrelated facts, but rather a drawing out of the mind and leading children to think for themselves. He also referred to the many things of which the Maple City might justly be proud, chiefest among which was her educational institutions. Jasper Wilson, who has a remarkably sweet and pure tenor voice, sang a solo that was splendidly received. It is always a pleasure to hear Mr. Wilson sing. Ald. A. B. A pretty story of English society lift that abounds in witty dialogue and throbs with live and interesting situations is 'The Mummy and the Humming Bird,' which comes to this city at an early date, and which will be presented by one of the best allround companies that Manager Jules Murry has ever gotten together.

Miss Marie Wainwright's production of "Twelfth Night" has been a brilliant success from the artistic and financial standpoints in all the cities in which she, has appeared under the direction of Mr. Jules Murry. The announcement that she is to present it here in a short time is the promise of a rare treat for the pleasure-loving public. loving public.

"Way Down East" with its real people, its real story, and its almost real snow storm, is the announcement of the Grand Opera House, on Monday, Nov. 7th, The play has been seen in this city several times before, but it is an excellent repeater, as evidenced by its frequent return engagements in New York and Chicago. Many persons will undoubtedly prefer seeing an old favorite than venture on a performance of which they know nothing beyond the fact that its press agent is hard working. Then, too perhaps, the familiar characters and incident of the play may prompt as may be produced by hearing a well-remembered melody. "Way Down East" with its rea

Among the very few high class attractions playing the larger onenight stands this season, is one that

of which has never been seen, for instance, in the four great comedians that head this company there is not the slightest similarity in the work of these artists. Cal Wagner is the leading exponent of the old time southern plantation darkey; Frank Cushman is noted for the excellence of his portrayal of the modern upto-date "town darkey"; Keller Mack depicts still another type, while Emile Subers is just "nigger," and together, this quartette of burnt cork fun makers form a combination that will more than please you.

Congratulates Canadians

Ottawa, Oct. 21.—The Canadian exhibits at St. Louis have been thoroughly appreciated by the people of the United States. The latest evidence of this comes from Philadelphia. The mayor of that city has written to the Department of the In-terior, congratulating Canada upon the exhibits of natural and indus-trial products. He states that a pernanent industrial museum has been established on a large scale in Phila-delphia, and asks that the Cana-dian exhibit in St. Louis shall be sent to Philadelphia. He is willing to accept it whole or in part. The application has not been acted upon.

Canadian Decoration of Nelson's Ment ment Sent From British Colum

London, Oct. 21.-Lord Stanley, London, Oct. 21.—Lord Stanley, M.P., speaking at Bolton, said there was the utmost divergence of opinion regarding the colonial preference, which was understood by some as entailing a tax on food. He was unwilling to commit himself to such a course until he knew exactly what were the benefits which would accrue to this country in return. If our colonies inclined to favor us by some pereference, it would be foolish in the extreme if we said absolutely and de-

extreme if we said absolutely and definitely "no" to any proposals they might make, simply because they were supposed to be contrary to doctrines put forward 50 years ago, when present circumstances of trade could not be foreseen.

The general purposes committee of the Birmingham Chamber of Commerce Wednesday endorsed the Liverpool Chamber's condemnation of the new customs laws and regulations of Canada re certificates of origin and Canada re certificates of origin and value, and declared itself prepared to co-operate in any action which might be deemed advisable to take for the

interests ol British shippers. Earl Grey, opening the Presbyterian Church bazaar at Alnwick, said he as a member of the Church of England looked upon the various Protestant churches in this country not as rivals but as comrades, who ought to be upheld as far as pos-sible. They were all regiments of one army and engaged in fighting the same enemy.

Among the decorations on the Nel-

son monument was an autumn-tinted maple leaf bearing an anchor of lichen, and as emblems the rose, shamrock and thistle from the Esquimalt branch of the Navy League.
