BIG LOSS BY FIRE.

In The Dominion Colliery Near Glace Bay.

The Part of the Pit Where The Fire Broke Out Was Not in Use-Sensational Reports Contradicted.

SYDNEY, C. D., March 19-At an Bay, and there were grave dangers of of Glace Bay, Sydney and the Steel Co. were rushed to the burning colliery. Owing to the town having no immediate water service, some little time was lost in getting water on the fire. Huge volumes of smoke issuing from the burning section also inter-fered with the work of the firemen. This evening the fans have been shifted and currents in the pit thus But towards noon such effective work had been done as warranted the rehad been done as warranted the report that the fire was being gct under control, The fire was discovered in No. 3 level on the north deep, above eight hundred feet from the main shaft. It is impossible to tell how much area is burning. All that can be told is its exact location, which is as stated above. The immense clouds of smoke arising throughout the different shafts would indicate that considerable area is burning, though considerable area is burning, though space. It is being held remarkably well in eheck. Thousands of people it may possibly be more smoke than are present tonight at the scene of the fire.

spreading, and he anticipates the sub- are attended with much success.

early hour this morning word reached There are now over two hundred fire the general offices of the Dominion Coal Company that a fire had started in Dominion No. 1 colliery, near Glace in great dangers of Bay, and there were grave dangers of its spreading beyond control. The alarm was given about 4 o clock, and hundreds of men immediately rushed to the score. The fire departments to the scene. The fire departments thought, fell on some combustible material, and fanned by the strong current of air soon gave rise to a rag-

DALHOUSIE, March 18—The following is a copy of the written confession of ex-Postmaster Johnon, made to Detective Chamber-

Dalhousie, N. B., March 7, 1903 collect it. I hereby make the following statement with my own free will and without any threat or promise of any kind being held out to me. For some time previous to the robbeay I was in financial difficulties. Two weeks before the roobery I met this Chiverton and in a joking

way he said to me:-"What do you say if we make a

"At the time I had no notion of doing anything dishonest. Several times after this the subject was spoken of and grew on my mind until we decided to do the work.

"On the 30th of July we decided to carry out the work. I left everything ready for Chiverton, and that night he came to the office and entered by the back window, it being left open for him, He took the cash and gave me \$214 of it. He gave me this a couple of days later. I kept the cash for a few days, intending to use it, but

Our officials should understand

The Cause of Woman's Ills

In almost every case where woman suffers from ills peculiarly feminine the cause is to be found in a weakened and exhausted condition of the system. The nerves are depleted and the blood thin and watery. If medicines have failed to cure, it is because the wrong treatment has been used.

Ye:

cure, it is because the wrong treatment has been used.

Mrs. Henry Clark, Port Hope, Ont., states:—"I have used seven boxes of Dr. Chase's Nerve Food for nervousness and a completely run down system; and can heartily recommend it as a wonderfully effective treatment. Before using this remedy I had been in very poor health for some months. I seemed to have no energy or ambition, felt tired and listless most of the time, and could scarcely drag myself about the house. I was weak, irritable and nervous, could not sleep well, and felt discouraged about my health. Dr. Chase's Nerve Food has taken away these symptoms and given back my usual health and vigor, consequently I endorse it fully."

MADAME GAUTHIER.

The following are brief extracts JOHN M. SMITH.

225 Wellington street, London, says:
"I suffered from chronic bronchitis
from childhood. I tried every remedy
I could hear of, but got no relief until I got Ozone. I consider it a great boon

Many drug preparations used to alleviate the symptoms in pulmonary and bronchial affections give a certain amount of temporary relief, but at the same time prove injurious to different organs of the body. This is especially true in the case of persons with week stomachs. Powley's Liquified Ozone contains no drugs and inson, made to Detective Chamberlain. The confession was written
by Johnson himself, and was placed
in evidence at his prelimenary examination yesterday:—

Our officials should understand
that Uncle Sam expects every man
of them to do his duty.

All except the customs officials,

BOOMING NEW BRUNSWICK.

Word has been received from Rev. A. T. Kempron giving dates for three more ectures on New Brunswick to be given this month, one in Ruggles street Baptist church, Boston, March 26; another in Athol Unitarian church, March 27, and the third in Y. M. C. A. Hall, Fitchburg, March 31. Mr. Rose is also hard at work for the Tour' Association, and Mr. W. S. Fisher had the pleasure of hearing this gentleman in Newark, N. J., on March 10. Mr. Fisher's report of the lecture is most encouraging and he says the colored slide which Mr. Rose used were splendid. His descriptitive matter was clear and intelligent. The audience was highly entertained.

Patron-Give me sound hog. Waiter-What d'yer mean? Patron-Sausage.

FEAR OF THE FUTURE

Most people who dread the future are victims of some terrible disease. Mrs W. Francis, 204 Calborne St., Kingston, was in a bad state with kidney disease. She had severe pains in back and legs, was gradually losing flesh and felt a dread of the future. A friend recommended Dr. Chase's Kidney-Liver Pills and the result was a complete cure. There is no medicine more reliable, none produce a thorough cure. One pill a dose, 25 cents a box.

Aunt Serena-I don't understand it, but one can't pick up a paper nowadays without reading about some governor or general or statesman gettin' cured of some horrible disease with some great medicine.

Uncle Silas-I don't understan l it nuther. But I should judge that bein' a big gun must be fearfully unhealthy.

Minard's Limment Cures Dandruff.

I see by the paper that Jones, who died yesterday, left two sons and three daughters.

Well, you didn't expect him to take the whole family with him, did you?
