**The Magic**  
**OF**  
**Zam-Buk**

Zam-Buk is the last  
word in healing. Its  
rare medicinal power is  
derived from certain valu-  
able herbs utilized by  
science for the healing of  
wounds, not sores, and  
other skin affections.

In addition to its great  
soothing and healing  
power Zam-Buk kills  
germs as well as excludes  
them from the broken skin.

Zam-Buk's wide range  
of usefulness, its unique  
medicinal properties, and  
its handiness and economy  
make this rare herbal  
healer a necessity in every  
household.

**"It Grows**  
**New Skin"**

If you suffer with eczema, ulcers, piles,  
poison, wounds or other skin diseases  
or merely get a box of Zam-Buk from  
your chemist today. Save doctors' bills.

**STOMACH IN ORDER!**  
NO INDIGESTION,  
GAS, SOURNESS

"Pape's Diapensin" has proven itself  
the surest relief for Indigestion, Gas,  
Flatulence, Heartburn, Sourness, Fer-  
mentation or Stomach Distress caused  
by acidity. A few tablets give almost  
immediate stomach relief and shortly  
the stomach is corrected so you can eat  
favorite foods without fear. Large case  
costs only few cents at drug store.  
Millions helped annually.

O. Gaius Steeves  
Sent Up For Trial

Magistrate John Gaskin, in the Un-  
ion Hall, Coverdale, Tuesday morn-  
ing committed Oliver Gaius Steeves  
to stand trial for the murder of his  
wife, Lucy Steeves. The trial will  
take place the fourth Wednesday in  
April at Hopewell Cape.

Steeves, it will be remembered was  
arrested on February 17th, after his  
wife and five children had perished  
in the fire which consumed their  
home on the Niagara Road, Albert  
Co., in the early morning of Tues-  
day, February 15th last.

The accused, when asked if he had  
anything to say, replied that he was  
innocent and would reserve his de-  
fence. Magistrate Gaskin, in com-  
mitting the accused, said: "I have  
listened to the evidence presented, and  
I think there is enough evidence to  
place him on his trial. I think it is  
a case that should be investigated by  
a Grand Jury. If this is an accident,  
it certainly is a tragedy; and if the  
poor families in our country are be-  
ing put in places to sleep that are  
fire traps, it should be investigated,  
and if it is a crime it is much worse."

Following the proceedings the  
prisoner was escorted to Hopewell  
Cape where he will be confined in the  
county jail awaiting his trial.

The preliminary investigation fol-  
lowed the arrest of Steeves on Feb.  
17th, on a warrant issued by Magis-  
trate Gaskin, of Albert County, after  
information had been laid by the ac-  
cused's father-in-law, Joseph Steeves  
of Moncton, and after a coroner's  
jury had recommended further in-  
vestigation into the tragedy.

The hearing took place in the Un-  
ion Hall, Coverdale, and occupied the  
major portion of two weeks, during  
which the Crown produced no less  
than twenty-six witnesses.

Twice As Many  
Births As Deaths

Statistics have been received from  
the New Brunswick department of  
health giving the births, deaths and  
marriages during the year, 1920.  
These statistics show that the num-  
ber of births during that year was  
nearly double the number of deaths,  
being 10,494, as compared with 5,545  
deaths. There were 3,718 marriages  
during the year. The months of  
March and October appear to have  
been the most popular with the new  
arrivals for 1920, the largest number  
of any month in the year, made  
their advent into the world in March,  
while 1,024 were born in October.  
To Westmorland county goes the  
honor of the highest number of  
births—1,550, with St. John city and  
county a close second—1,535, al-  
though St. John had a great many  
more deaths during the same period,  
the comparison being 1,159 to 752.  
These figures are not necessarily  
final as they will probably be increas-  
ed slightly by subsequent returns,  
especially for the months of Novem-  
ber and December.

The total number of births for the  
province by months is as follows: For  
January, 693; February, 817; March,  
1,062; April, 979; May, 953; June,  
1,017; July, 899; August, 962; Sep-  
tember, 849; October, 1,024; Novem-  
ber, 799; December, 733.

The total births for the various  
counties during the year are as fol-  
lows: Albert, 219; Cape Breton, 488;  
Charlotte, 597; Fredericton, 219;  
Gloucester, 1,359; Kings, 408; Mad-  
awaska, 911; Northumberland, 1,021;  
Queens, 278; Restigouche, 802; St.  
John City and county, 1,535; Sun-  
bury, 152; Victoria, 401; Westmor-  
land, 1,550; York, 661.

The largest number of deaths for  
any month occurred in August when  
567 took place with March a close  
second, having 553. The largest num-  
ber of marriages, took place in the  
city and county of St. John and Oc-  
tober heads the list with 462 weddings  
while November is second with 455.  
The supposedly favorite month of  
June only ranks third place with 414.

Not A Cure For  
Tuberculosis Yet

Paris, Mar. 8.—Inquiry in French  
scientific circles clearly establishes  
that none of the several processes  
recently reported in the Paris press  
as "cures" for the tuberculosis may  
be regarded scientifically as a sure  
remedy for that dread disease.

At the Pasteur Institute Dr. A.  
Calmette, acting director of that  
famous centre of laboratorial  
research, said that as yet medical  
science wholly lacked a definite so-  
lution of the problem of successfully  
slaying the bacillus of the "white  
plague."

A Gentle Laxative  
For The Children

Mothers—the surest way of keeping  
your little ones well and happy; whe-  
ther it is the new-born babe or the  
growing child is to keep their bowels  
regular and their stomach sweet. Nine  
tenths of all childhood ailments are  
the result of clogged bowels and sour  
stomach. The most necessary and the  
best medicine for little ones is a gen-  
tle laxative—something that will re-  
lieve constipation; sweeten the stom-  
ach and promote rest and natural  
sleep. Such a medicine is Baby's  
Own Tablets. They are a gentle but  
efficient laxative; are absolutely guar-  
anteed free from opiates or other in-  
jurious drugs and may be given to the  
youngest infant with perfect safe-  
ty. They banish constipation and indig-  
estion; break up colds and simple  
fevers and give the baby that health  
and happiness which all children  
should have. They are sold by medi-  
cine dealers or by mail  
at 25 cents a box from Th.  
Dr. Williams Medicine Co., Brock-  
ville, Ont.

Lima Bane thinks the fellow who  
promulgated the idea that clothes do  
not make the man was in need of a  
new suit.

Ontario Plans  
To Take Vote On  
Prohibition

Toronto, March 2.—Campaign plans  
in connection with the referendum to  
be taken on April 18, have been de-  
cided upon by the recently elected  
managing committee of the Ontario  
branch of the Dominion Alliance ac-  
cording to an official statement given  
out here tonight. It has been decid-  
ed to issue a series of colored pos-  
ters, a series of leaflets, bearing di-  
rectly upon the coming fight between  
the temperance party of the provin-  
ce of Ontario with the injunction "vot-  
yes."

Public meetings will be held throu-  
ghout the province and a series of  
mass meetings will be held in Mas-  
sey Hall here on Sunday afternoon  
when international prohibition lead-  
ers will give addresses. A bureau  
will be instituted for the purpose of  
supplying campaign speakers to local  
committees throughout Ontario.

Why Canadians Have  
Had Mild Winter

Toronto, Feb. 28.—Canada's com-  
paratively mild climate this winter  
has been due to the Kuroshio or  
Japanese current, which effects the  
climate of the Dominion, Sir Freder-  
ick Stupart, director of the meteoro-  
logical office and observatory, Tor-  
onto, told an audience at Trinity Col-  
lege here, Saturday afternoon, in an  
address on "Weather and Weather  
Changes."

Sir Frederick said that when the  
current in question was warmer than  
usual it set up disturbances of the  
atmosphere in the north which chang-  
ed the course of the winds.

Sir Frederick said rain could not  
be produced by artificial means. The  
idea that the moon influenced the  
weather was a fallacy, he said, also  
the idea that birds or beasts could  
tell by instinct the kind of weather  
that was coming.

Sir Frederick said he had little  
confidence in the Indians' forecast  
of the weather.
