

If Gas Cost As Much As Butter

Forecasts—Light winds, mostly fair. Friday a few scattered showers.

If natural gas were proportionately as expensive as butter you would be sparing in your use of it.

But it is more valuable to you than butter, because there is no adequate substitute for it.

Be as sparing with natural gas then, as you are with butter. Be more careful; because butter doesn't "run out" and natural gas will.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

Farms Wanted for Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to The Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested, except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

DEATH OF MR. J. ELLIOTT. An accident which proved fatal occurred to Mr. Job Elliott, of 23 McGhie street, this city, on Tuesday night. Mr. McGhie was employed with the Hydro Electric Company at Niagara Falls, Ontario, and while attending to his duties on the new canal, which is under construction, he was struck by the excavating train which was moving at rather a rapid pace. He was at once conveyed to the hospital and the best of medical aid summoned, but he expired later on after every kindness had been shown. Grobb Bros went to Niagara Falls and brought the remains to St. Catharines, where the funeral will take place on Friday afternoon. The late Mr. Elliott had lived in this city about a year, during which time he made many warm friends. He was also highly esteemed by his fellow employees, who have heard of his passing away with deepest regret. Besides his sorrowing widow, he is survived by three sons, Edward and Herbert, of St. Catharines; Cecil, of London, England, and two daughters, Mrs. J. T. Wickert and Mrs. Thomas McLaughlin, both of this city, who are receiving heartfelt sympathy in their hour of trouble.

DEATH OF MR. J. ELLIOTT.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can tell when you darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.
