Christmas Parcels

The Christmas rush is great in normal times. With millions of men under arms it is a tremendous strain on all Postal Staffs, and delays are unavoidable.

In the Old Country 75 per cent. of trained Postal Officials are with the Army, and their work is being done by untrained men and women.

For the Home parcels to reach England before Christmas, the sooner they are posted the surer will their timely delivery be.

Please pack securely. Do not use sharp edged boxes. Square boxes should always have their edges padded.

Postmaster-General.

Greater EARNING Power

The present High Prices won't decline very much. Materials of all kinds—with one exception—are higher all the way from 10 per cent. to 1,000 per cent. The one exception is MONEY.

To-day you can't buy as much with a five-dollar bill as you could three years ago. Five dollars three years ago would buy a pair of shoes, a new hat, a barrel of flour, or a sack of sugar. To-day all these things cost ten dollars, and your five dollar bill is really worth \$2.50.

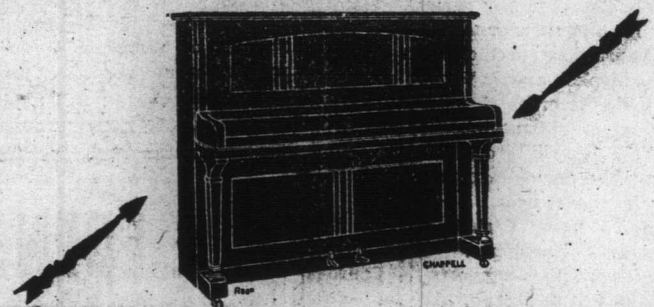

List EVERYTHING you use and you'll find you are paying double, on an average. Everything has been advanced. Does your bank pay YOU doubled interest? Is that mortgage netting you 12 per cent. instead of 6 per cent.? Are the Bonds you hold returning 10 per cent. instead of 4 per cent. of three years ago? If your money can only buy HALF its value of three years ago, then it should earn TWICE what it earned then.

You MUST be interested whether you wish to be or not. We can offer you 12 per cent. per year, with Guaranteed Safety.
