From "Ours."

The English mail just to hand interesting letters have been from "Ours" both in France and various parts of the United Kingdom. Under date of Dec. 22nd, Jack Moakler, of St. John's, who was wounded in October in the head and hand, said he was convalescent and expected to go back to rejoin his unit and give the Boches another dose of it. He wishes to be re-joined to his friends here and would like very much to be paid a "dying visit" home. A member of the First Newfoundland Battalion, is a Gallipoli and veteran and was four times wounded, though he has never yet wanted a furlough.

Hockey Notes.

Meeting of friends and support of the Old Fellid Club was held at the Old Fellid College last night and the discussion of hockey matters generally elected officers for the year. Mr. J. R. Bennett, Delegate, was elected President. The line up will be: Wilson, goal; White, centre; Bugden, right; left. Conditions hold favourable for the commencement Monday night.

Fell Over Stairs.

Ambulance was called to Casey's last evening and conveyed to General Hospital a woman named Power who somehow fell the stairs. She had her child in arms and in trying to protect the child who escaped unhurt, badly lacerated her own leg which caused extreme pain. A doctor who was called, ordered her to hospital.

M. C. L. I.

Subject for debate at the M.C.L.I. last night was: Resolved, "That interdenominational No. 1 is a better training for Teachers in a practical necessity and is feasible." Leaders for the affirmative were Rev. Dr. Curtis and Messrs. W. H. Clarke and White; for the negative Messrs. S. P. Whiteway, R. H. B. Edgecombe. The affirmative contended it was a regrettable affair that we lacked the advantages of such an institution as an interdenominational Normal School. The teaching profession needed specialization, the same as the professions of lawyers, doctors, engineers. The negative side contended that such an institution was necessary to raise the standard of the teaching profession. Littledale Academy, Bishop Spencer, Bishop Field, Methodist and St. Bon's Colleges all proved splendid institutions turning out qualified teachers. There was a natural art and science department that might do more harm than good.

Military Brushes in Cases to be had at BOWRING BROS., 24, Hardware Department.

DON'T RUN AWAY ANY MORE. One year old boy who strayed from his home on Monroe St. last night with the supposed intention of taking his life, was quickly rounded up by the police officers and given a lecture. It is not likely that he will try any such tricks again.

Good News.

Editor Evening Telegram, City.
Sir,—On Dec. 1st, a Casualty List was received in which Pte. 2603 Richard Powers, of Brigus, was reported as "Killed in Action Nov. 20th." Since then the mother of this soldier received two letters from him, written from France, and dated Dec. 13th and 17th respectively.

On being notified of this fact I immediately communicated with the War and Record Office, London, Jan. 14th, and to-day I am in receipt of the following reply:

"With reference to your telegram of January 15th, the following message has been received from the Officer Commanding 1st Battalion: '2603 Powers is still here.'"

Evidently a mistake was made in reporting this soldier as killed and I will be thankful if you will publish this welcome news as to his safety. I have the honour to be, sir, your obedient servant,

J. R. BENNETT,
Acting Minister of Militia.
