

LIKE APPLES IN OCTOBER.

Glorious Gravensteins—how crisp, how refreshingly delicious they are fresh from the trees, eaten in their season.

So with tea. Last year tea is like last year apples.

The new crop of tea has just been gathered in the gardens of India and Ceylon—and its the most delicious in decades.

Blue Bird is the first to offer you this new tea, because it was first to dispose of the old. Every package of Blue Bird you buy is thus carrying the cream of the new crop—tender young tips and baby blossoms. Want a fragrant cup from the new crop? Ask for

CAUTION!

The Heart is the seat of life. It has more responsible work to do than any other organ in the body of human life.

Why do you neglect it? Don't you read in the papers of the many deaths that are caused by the failure of the heart? Keep it in good order. Help it to be strong and prolong life. Dr. F. G. Kinsman's Heart Tablets has been tested and recommended by thousands of people to be the only remedy that could keep your heart in good order. These Tablets are in town and are sold by every Drug Store at \$1.00 per box. Buy a box and you will be convinced of their good.

MARGIN \$100.

The general market seems very attractive right now, especially at all recessions, which only offer new opportunities for wide-awake buyers to get good issues at low prices.

We have several good suggestions for a \$100 margin investment, and we believe a purchase of either one of the following will pay back handsome profits inside three months.

25 Shares Mother Lode (Copper).
10 Shares Cosden Co. (Oil).
20 Shares General Motors (Industrial).
100 Shares Lake Shore (Gold).
50 Shares Nipissing (Silver).

These are five leaders in their respective classes, and should shortly record new high prices.
