## ITALY JOINS ALLIES

### Protesting Turk Demands

Angora Government Silent.—Explosion in Tar Plant at Sydney.—U. S. House of Representatives Approve Debt Agreement.—Ten Deaths in Toronto from Carbon Monoxide Gas.

#### ITALY WITH ALLIES.

LONDON, Feb. 9. In a dispatch to the Times from Rome Premier Mussolini, on receipt of the ultimatum regarding war against Smyrna, instructed the Italian representative at Constantinople to associate himself with the Allied representatives in informing Turkey that her demand was incompatible with the terms of the Armistice. It was represented at Smyrna, by the cruiser Venezia.

#### NO REPLY YET.

CONSTANTINOPLE, Feb. 9. As is known here the Angora Government has not replied to the protest concerning the Turkish ships for the departure of Allied warships from Smyrna Harbor. The news at Smyrna has not changed. Allied foreign warships remain in harbor, while a few British vessels are outside. There has been no report of the sinking of one or more merchantmen by mines but the news without commission, although the Foreign Commission are constant wireless touch with Smyrna.

#### SMYRNA AND ISMID.

LONDON, Feb. 9. The report that the Turks now demand the withdrawal of Allied warships from Ismid was received to-day at Constantinople. The entrances into and Smyrna harbors are said to be mined. British and French warships, now in Smyrna, have been ordered to remain there and Allied warships have demanded that Angora Government countermand the order for the departure of the ships.

#### THE EXPLOSION AT SYDNEY.

SYDNEY, Feb. 9. Richard Powell, 65, was severely

burned and may die as the result of an explosion of a big tar still which wrecked part of the plant of the Dominion Tar and Chemical Company here this evening. The property damage is estimated at ten thousand dollars. The explosion shook the houses within a radius of several hundred yards and the shock was distinctly felt throughout the city. The roof was blown off the building in which the stills are located. The ruins took fire and gave the firemen a fight of over two hours. The damage was confined to one small section of the plant and will not materially affect the general operations.

HOUSE PASSES DEBT SETTLEMENT AGREEMENT.  
WASHINGTON, Feb. 9. The British debt settlement agreement was formally approved to-day by the House by a large majority. It now goes to the Senate.

#### THE TOLL.

CUMBERLAND, B.C., Feb. 9. The dead in the mine explosion here is placed tonight at thirty-three. The bodies of fourteen white men and seventeen Chinese had been recovered and rescuers expressed the belief that only two Chinese remain in the tunnel.

#### IN THE RUHR.

DUSSELDORF, Feb. 9. The French occupational authorities are devoting much of their time and energy to efforts to organize shipments of coal by rail and river from the Ruhr area to France. They are making slow progress in their shipments, averaging under five thousand tons of coal and coke daily. The food situation is growing worse. Rockinghausen, where the French on Thursday put down a demonstration of protest against the deportation of the

chief of police, continued to-day to be the centre of agitation. The Committee of Defence in the Ruhr is distributing funds to idle workers; the money being subscribed in various parts of Germany or advanced by the German government.

#### STEAMER IN DISTRESS.

BOSTON, Feb. 9. Distress signals, calling for immediate assistance, were received late tonight from the British S.S. City of Canton which sailed from here this morning for New York.

#### NO EIGHT-HOUR DAY FOR STEEL WORKERS.

SYDNEY, Feb. 9. Until all steel makers of America adopt the system it will be impossible for the British Empire Steel Corporation to grant an eight hour day to employees in the Sydney Steel Mills, was the statement of Gen. Supt. W. H. Bischoff to a delegation of local clergy.

#### CANADA-SOUTH AFRICA TRADE.

MONTREAL, Feb. 9. Twenty-three thousand bags of flour the biggest shipment to South Africa since the war, will be carried on the Elder Dempster liner, New Mexico, sailing from St. John the last of this month for Cape Town.

#### DEADLY GAS.

TORONTO, Feb. 9. Ten men are dead, six in a hospital, and a dozen ill at home, the result of having been overcome by Carbon monoxide gas at the Consumers' Gas Company yesterday afternoon. Fifteen men descended into a gas chamber and were met by a rush of gas from an eighteen inch main as soon as a cut was made, the flow not having been cut off. They were immediately overcome and five others, who went to the rescue met a similar fate. Gas mask squads brought them up and seven others were taken from the chamber dead.

#### U. S. TRANQUILITY.

WASHINGTON, Feb. 9. Official advices yesterday show that Turkish officials at Smyrna did not include the United States destroyer Edsall, among the foreign craft ordered from the port, thus the action of the Turkish authorities does not become a question for the United States government to act upon.

### Entire Body Covered.

DOCTORS SAID IT WAS SCROFULA. Would my few lines help some sufferer from skin disease? A year ago I was a fright, you could not put a pin on my whole body. I was tormented beyond words. I could not sleep. I tried several doctors. They said it was scrofula. Then Mrs. Ryder of Brookvale said, "Try D.D.D." It helped me and I think it will help you.

I used two sample bottles and three dollar bottles. I have seen no sores or pimples for five months, thanks to your wonderful D.D.D.

JOHN M. CLARK, Brookvale, N.B. Canada. Remarkable results have been accomplished by D.D.D. in healing all forms of skin troubles from simple eczema and blackheads to severe cases of eczema. It should reach your case, too. Ask your druggist about it. Your money back unless the first bottle relieves.

**D.D.D.**  
The Lotion for Skin Disease

AT THE BALSAM.—The following are guests at Balsam Place:—Mrs. (Dr.) Chisholm, Miss Margaret Chisholm, Master Wm. Chisholm, Manuels; Mrs. O. Flynn, Grand Falls.

### Chief Justice Horwood.

PAYS TRIBUTE TO MEMORY OF THE LATE J. A. CLIFT, E.C.

At yesterday morning's session of the Supreme Court, Chief Justice Horwood took occasion to express for the Bench, its condolences and sympathy with the Bar in the loss sustained by the death of Mr. CLIFT, who as President of the Law Society filled the highest office in the gift of his professional brethren. As an Executive Councilor, Minister of the Crown and member of the Legislature, Mr. Clift was prominent in public life and by his faithful discharge of duty held, throughout many years and in a degree quite exceptional, the respect of political opponents and the affectionate regard of those who elected him as their representative. As a citizen his services were ungrudgingly given to every worthy cause. In the several public movements and social organizations with which he was connected it was not unusual for him to be called to a position of leadership. This was the tribute paid to his ability and sterling worth by associates who recognized in him one who was just and true in all his dealings, and it is not an exaggeration to say of him that in every relation of life "he bore without abuse the grand old name of gentleman." His patriotic work during the years just passed stands out conspicuously and heavy was the toll which the war exacted from him. In his passing he leaves to the profession and to the country a record of duty well performed and an example of high character and honour alike in public, professional and private life.

The Vital Points are the bearings of the Typewriter Type Bars. These are so constructed and hung that they give the longest service, keep the type alignment better and run smoothest and speediest on the Remington. A Milne Fraser, W. J. Edgar, Agent, Royal Bank Chambers. feb9.10

### Rosalind Arrives.

SHIP PASSED LARGE BODY OF ICE.

S.S. Rosalind, Capt. James, 55 hours from Halifax, arrived in port at 10.30 last night. The ship reports that shortly after leaving Halifax she encountered heavy aloft ice, which made it necessary to keep well to the southward of Sable I. Heavy field ice was there met and the ship had to proceed at reduced speed. The ice extended to St. Pierre Banks, and Captain James states there is a great body of it, and it is closed packed. Up to 60 miles west of Cape Race aloft ice continued, but from that on the ship had open water. The following passengers were brought:—Mrs. J. S. Benedict, Joseph Courtney, Captain Robert Bartlett, Rev. Dr. Brown, W. H. Taylor, William Pierce, Miss Nancy Bailey, Harris Goldstone G. Elster, Miss M. Gear, Thomas Major, William Greene, H. Gillis, S. Fitzgerald, C.A.C. Bruce, H. Dwyer, and 10 second class. The Rosalind had 41 bags of mail matter and a large freight which included a part cargo which was to have been forwarded by S.S. Canadian Sapper.

### Acknowledgment.

The Child Welfare Association acknowledges with thanks, the sum of six hundred dollars received from Mr. George Hawes.

MARGARET PARKER, Hon. Treasurer, C.W.A.

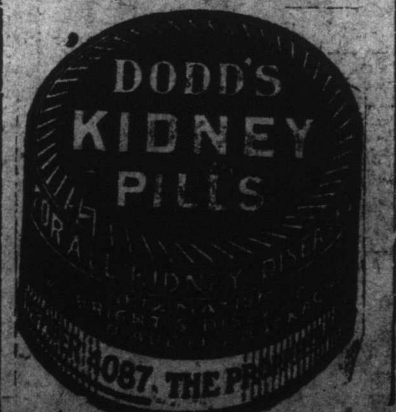

### Personal.

Mrs. J. S. Benedict, who has been on an extended visit to the United States, during which she attended the International Convention of the W.C.T.U., returned by the Rosalind. Captain Bob Bartlett was a passenger from New York by S.S. Rosalind, and is the guest of Mr. F. Angel, while in town.

Rev. Dr. Brown, arrived by the Rosalind last night on a visit, after several years' absence. His many friends will be glad to learn that Mr. Harvey Thomas of the Telegram news staff, who has been seriously ill is now on the mending hand, and will be about in a short while.

We regret to learn that Mrs. Burnham, wife of the late F. Burnham, is dangerously ill.

A good dinner deserves a good cigarette, a bad dinner needs one. Let your choice be CUB.
